Dear Commissioner Webber:

It appears that the legislative process moves closer to final action on HB 483 and SB 406. I have been deperately trying to keep up-to-date on the progress of these bills, but I find myself in a terrible disadvantage being in Los Angeles. I would very much like to make a trip to Juneau for direct communication with several members of the House and Senate, as well as with various State department staffs. Such a trip would enable a personal presentation of my credentials and ideas. Unfortunately, we are currently preparing for our annual audit and my position at FILMEX prevents any long absence during this process.

If you feel my presence and direct contact is essential, please give me a call. If necessary, I will arrange a brief emergency trip to Juneau. Just ask.

Again, I wish to express my interest in an Administrative position should positive results stem from HB 483 & SB 406. YES! It is my intention and goal to, at that point, return my residence to Alaska. Certainly my current contact here in Hollywood would be of great advantage to the State in future promotion to the Film Industry.

Be aware of my continued interest and please understand that I will be in Juneau at this critical juncture if I can arrange for it. I anticipate your office will keep me up-to-date on any developments in this area. Thank you for your support and understand that I pledge my support for a great future in film location production revenue for the State of Alaska.

Sincerely,

Kenneth J. Ott

Rep. Mike Miller  
Pouch V  
Juneau, Alaska

Dear Rep. Miller:

I have been following the progress of House Bill 483 with great interest. There is no question that this would be an excellent beginning for the State of Alaska to enter the film and TV location production market.

I continue to talk with many production reps in Hollywood about the potentials of Alaska projects. Please be aware that I would be most interested in any position that may develop from passage of House Bill 483 or any similar measure.

I sincerely feel that my current industry position, contacts and experience would be most valuable to Alaska. I stand ready to meet this challenge.

I want to express my interest and availability. Please continue to support passage of the Bill.

Sincerely,

KENNETH OTT  
General Manager  
Filmex

PLEASE PLACE MY NAME INTO CONSIDERATION FOR THE ADMINISTRATIVE POSITION THAT WOULD BE CREATED IN THE NEWLY FORMED FILM AND TV SECTION OF THE DEPARTMENT OF COMMERCE AND ECONOMIC DEVELOPMENT PENDING PASSAGE OF HOUSE BILL 483. I SUBMIT THIS REQUEST AND WOULD APPRECIATE YOUR PERSONAL CONSIDERATION FOR THE FOLLOWING REASONS:

#### COMPREHENSION OF OBJECTIVES

During my February visit to Juneau I presented members of the State Government with a copy of ; A PROPOSAL FOR CONSULTATION TO STUDY FEASIBILITY OF A STATE FILM COMMISSION. Portions of House Bill 483 were drafted directly from my proposal. In fact, the proposal's SCOPE OF WORK and PLAN OF ATTACK provide a much more detailed outline of the objectives.

#### CURRENT FILM AND TV INDUSTRY CONTACTS

During the past eight months I have been actively making contacts in Hollywood with major studio executives and production personnel. I have been providing them with information on Alaska and encouraging discussion of their questions, concerns and reaction to future potential production projects for Alaska locations. My current industry position as General Manager of the Los Angeles International Film Exposition has given me access to these industry leaders both in Hollywood and internationally. Many in the industry already associate my name with Alaska.

#### PUBLIC RELATIONS BACKGROUND

My professional background includes public relations and promotion credentials. I have press and media contacts on a national level and also have experience as editor and image builder. I was the recipient of the Golden Trumpet Award presented for outstanding image campaign by the Chicago Press Club in 1978. I've worked with some of the top entertainment industry promoters.

#### ALASKAN BACKGROUND

I have been an Alaska resident. I am by no means an expert, but having lived and traveled in the State I do have an awareness and knowledge of Alaska geography and resources.

#### CONFIDENCE IN MATCHING FUNDS

Matching funds for operating the Film and TV section can be located within the State. Although this certainly isn't the most ideal condition, I do believe that within 3-6 weeks of personal contact and presentation of the potentials of this new industry and it's economic impact matching funds can be secured from businesses directly associated with location production.

#### AVAILABILITY

I am available to accept contract employment as of July 1, 1981.

CONSIDER THE NAME:
