# MEMORANDUM

# State of Alaska

TO: Bob Palmer, Coordinator  
Office of Special Projects

DATE: April 6, 1981

FILE NO: J-66-644-81

TELEPHONE NO: 465-3600

FROM: WILSON L. CONDON  
ATTORNEY GENERAL

SUBJECT: Authority of Agricultural Action Council to construct agricultural facilities

By:   
Rodger W. Pegues  
Assistant Attorney General

You have asked whether the Agricultural Action Council is authorized to construct agricultural facilities, and specifically, a grain elevator.

The council is expressly authorized to, among other things, "carry out experimental and pilot projects to develop markets for agricultural products produced in the state . . . ." AS 44.33.470(10). The words "experimental and pilot projects" are exceedingly broad in their reach. So long as an experimental or pilot project may reasonably be calculated to aid in developing markets for Alaskan agriculture produce, it will fall within the meaning of the term. A grain elevator and any other facilities usually required for marketing grain easily fall within the meaning of the term so long as they are new or innovative in nature.
