3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 TWELFTH LEGISLATURE - FIRST SESSION

5 A BILL

6 For an Act entitled: "An Act relating to state assistance for capital  
7 projects; and providing for an effective date."

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

9 \* Section 1. MUNICIPAL AID PROGRAM. (a) During the fiscal year ending  
10 June 30, 1982, the Department of Administration shall compute and pay an  
11 entitlement to each qualified municipality. The entitlement shall be used  
12 for capital projects at the discretion of the municipality. The entitlement  
13 shall be computed in accordance with (b) of this section, and is payable by  
14 the Department of Administration in accordance with AS 37.05.315.

15 (b) Within the limits of appropriations for the purpose, each munici-  
16 pality is entitled to receive \$1,000 per person residing within the bound-  
17 aries of the municipality.

18 (c) Money received as an entitlement by a municipality under this  
19 section may be used only for capital projects.

20 (d) A municipality may not receive money as an entitlement under this  
21 section until it provides to the Department of Administration a copy of the  
22 ordinance or resolution adopted by it which

23 (1) authorizes the municipality to receive and spend the money to  
24 be provided by the entitlement;

25 (2) identifies the capital projects for which the money will be  
26 spent; and

27 (3) indicates the total amount of money which the municipality  
may receive and the amount of money which will be used by the municipality  
for each capital project.

1 \* Sec. 2. AID TO UNINCORPORATED COMMUNITIES. (a) During the fiscal  
2 year ending June 30, 1982, the Department of Community and Regional Affairs  
3 shall compute and pay an entitlement to each unincorporated community in the  
4 unorganized borough. An entitlement payable under this section shall be  
5 computed in accordance with (b) of this section, and is payable by the  
6 Department of Community and Regional Affairs in accordance with (c) of this  
7 section.

8 (b) Within the limits of appropriations for the purpose, each unincor-  
9 porated community which qualifies under (a) of this section is entitled to  
10 receive \$1,000 per person residing within that unincorporated community.

11 (c) By August 15, 1981, the Department of Community and Regional  
12 Affairs shall notify each unincorporated community that an entitlement is  
13 available. The Department of Community and Regional Affairs shall determine  
14 whether there is, in the unincorporated community, an incorporated entity or  
15 a federally chartered entity which will agree to receive and spend the money  
16 under the entitlement. If there is, in the unincorporated community, more  
17 than one qualified incorporated or federally chartered entity, the Depart-  
18 ment of Community and Regional Affairs shall pay the money under the entitle-  
19 ment to the entity which the department finds most qualified to spend the  
20 money consistent with (d) and (e) of this section. The Department of Com-  
21 munity and Regional Affairs shall give preference to a nonprofit corporation  
22 organized by an unincorporated community for receipt of the entitlement.

23 (d) Money received as an entitlement under this section may be used  
24 only for capital projects in the unincorporated community.

25 (e) An unincorporated community may not receive money as an entitle-  
26 ment under this section until the recipient selected by the Department of  
27 Community and Regional Affairs under (c) of this section provides to the  
28 Department of Community and Regional Affairs a copy of a resolution adopted  
by it which

1 (1) authorizes the recipient to receive and spend the money  
2 provided by the entitlement;

3 (2) identifies the capital project for which the money will be  
4 spent;

5 (3) indicates the total amount of money which the recipient may  
6 receive and the amount of money which will be used for each capital project;  
7 and

8 (4) identifies the party

9 (A) that owns or will own a capital project for which money  
10 is spent under this section; or

11 (B) that will be responsible for the maintenance and opera-  
12 tion of a capital project for which money is spent under this section.

13 (f) If there is no incorporated entity or federally chartered entity  
14 willing to receive the money, the entitlement determined by the Department  
15 of Community and Regional Affairs for that unincorporated community may not  
16 be paid.

17 \* Sec. 3. DETERMINATION OF POPULATION. (a) For purposes of this Act,  
18 the population of a municipality and of an unincorporated community shall be  
19 determined from the latest figures of the United States Bureau of the Census.

20 (b) For purposes of determining the population of a home rule or  
21 general law borough, the population of each city located within the boundar-  
22 ies of the borough shall be subtracted from the population of the borough.

23 \* Sec. 4. MUNICIPAL AID ACCOUNT. The municipal aid account is estab-  
24 lished in the Department of Administration. Money to carry out the provi-  
25 sions of sec. 1 of this Act shall be appropriated to the account and dis-  
26 tributed by the Department of Administration as authorized in sec. 1 of this  
27 Act. If the amount appropriated to the account is not sufficient to finance  
28 all entitlements, the amount appropriated shall be distributed pro rata  
29 among eligible municipalities.

1 \* Sec. 5. UNINCORPORATED COMMUNITY AID ACCOUNT. The unincorporated  
2 community aid account is established in the Department of Community and  
3 Regional Affairs. Money to carry out the provisions of sec. 2 of this Act  
4 shall be appropriated to the account and distributed by the Department of  
5 Community and Regional Affairs as authorized in sec. 2 of this Act. If the  
6 amount appropriated to the account is not sufficient to finance all entitle-  
7 ments, the amount appropriated shall be distributed pro rata among eligible  
8 recipients.

9 \* Sec. 6. DEFINITION. In this Act,

10 (1) "capital project" means

11 (A) a public facility; or

12 (B) equipment which may be necessary to construct, operate  
13 or maintain a public facility or service;

This position is needed to provide typing services for Municipal Grants. A heavy typing workload is involved due to the amount of correspondence and record keeping required for these grants. The equipment available in the Word Processing Center has saved many hours of manual record keeping which would otherwise be necessary, but this does increase the work of the correspondence secretaries. The attached page is an example of the record keeping services provided for Municipal Grants by the Center.

**JUSTIFICATION:**

This position is needed to process grant agreements, correspond with municipalities regarding grants, process requests for payment, prepare vouchers, and maintain grant logs, files, etc. It has been found that a larger than expected amount of time is required with these grants in explaining the reporting and reimbursement procedures to the municipalities. This position would handle this workload for the grants established under CS SB 168.

re: SB 168 - Special Municipal Aid Program

*G.C.*

Alaska Municipal League urges your favorable consideration of SB 168. Local governments throughout the State believe that an infusion of capital money into the local market will help solve their two biggest problems: high unemployment and lack of economic development.

Municipalities have a good record of getting capital grant money "out on the street". Even though the 1980 construction season was half over before they received the HB 60 money, most of it has either been spent or is under contract for expenditure during this upcoming construction season.

The large amount of funding provided by SB 168 will continue the economic benefits started by the HB 60 grants. In addition, AML endorses the policy included in SB 168 of local project decisions being made at the local level.

**Sec. 37.05.315. State grants.** (a) When an appropriation is made as a grant to a municipality, the Department of Administration shall promptly notify the municipality of the availability of the grant. When the Department of Administration receives an agreement executed by the municipality which provides that the municipality (1) will spend the grant for the purposes specified in the appropriation; (2) will allow, on request, an audit by the state of the uses made of the grant; and (3) assures that, to the extent consistent with the purpose of the appropriation, the facilities and services provided with the grant will be available for the use of the general public, the Department of Administration shall pay the grant directly to the municipality. The agreement executed by a municipality under this section shall be on a form furnished by the Department of Administration.

Not less than 20 percent of the grant shall be paid to the municipality within 10 days of the effective date of the agreement. The remainder of the grant shall be paid either in monthly installments equal to the amount of grant money the municipality expended in the previous month or in a lump sum as determined by the Department of Administration.

(b) An appropriation for a grant to a municipality for construction of a public facility lapses if substantial, ongoing work on the project has not begun within five years after the effective date of the appropriation.

(c) In accepting a grant of money for construction of a public facility, each municipality covenants with the state that it will operate and maintain the facility for its practical life and that it will not look to the state to operate or maintain the facility or pay for its operation or maintenance.

(d) When an appropriation is made to a department as a grant for a named recipient which is not a municipality, the department to which the appropriation is made shall promptly notify the named recipient of the availability of the grant and request the named recipient to submit a proposal to provide the goods or services, or both, for which the appropriation is made. At the same time, the department shall issue a request for proposals from other qualified persons to provide the same goods or services, or both, in the same area. The department shall contract with the named recipient unless the Office of the Governor, with due regard for any local expertise or experience among those making proposals, determines that an award of the contract to a

different party would better serve the public interest. If the contract is awarded to another party than that named by the legislature, the basis of that action shall be stated in writing at the time the grant is issued. The purchase of the goods or services, or both, shall be in accordance with AS 37.05.230(1)(C).

(e) A grant to a municipality must be made within 60 days after the effective date of the appropriation. A contract under (d) of this section must be executed within 60 days after the effective date of the appropriation.

(f) A grant to an unincorporated community made under this section shall be disbursed as follows:

(1) Within 45 days after the effective date of the appropriation, the Department of Community and Regional Affairs shall notify the governing body of the unincorporated community, if any, that a grant is available.

(2) The Department of Community and Regional Affairs shall determine whether there is a qualified incorporated entity in the community area which will agree to receive the grant and administer it, subject to terms generally applicable to private grantees. If there is more than one such entity, the Department of Community and Regional Affairs shall select the most qualified and the grant shall be awarded to that incorporated entity for the purposes of the appropriation; however, the Department of Community and Regional Affairs shall give preference to a nonprofit corporation organized by a community for receipt of the grant.

(3) If there is no incorporated entity qualified to receive the grant, the Department of Community and Regional Affairs shall administer the program directly or through agents or contractors with whom it may contract in the community area.

(g) Notwithstanding the Administrative Procedure Act (AS 44.62), the Fiscal Procedures Act (AS 37.05), and the Executive Budget Act (AS 37.07), a department may not adopt regulations or impose additional requirements or procedures to implement, interpret, make specific or otherwise carry out the provisions of this section unless required by the federal government for participation in federal programs. (§ 1 ch 156 SLA 1980)

Effective date. — Section 2, ch. 156, July 2, 1980, in accordance with AS SLA 1980, makes this section effective 61.10.070(c).

Gentlemen:

The City Council of the City of Dillingham are very concerned over Senate Bill 168. Reasons are as follows:

Background. Dillingham is experiencing rapid growth requiring us to expand our services. The city property is over 80% tax exempt. Total taxes collected (Sales and Property) for 1980 were \$771,563. These are our basic Operating Budget Revenues. Without any capitol expenditures it costs the city \$1,030,341 to survive. These additional revenues come from State Shared Revenue, Raw Fish Tax, Fund Balance. We lowered our mill rate to 10 mills in July 1978, a drop of 7 mills. Over the past 10 years a total decrease of 12 mills. We currently have 13 permanent employees, have eliminated all CETA positions and provide more services than the city used to with 20. In other words, we have already, without state imposition reduced our local government and budget to bare bones.

## Effects Senate Bill 168

1. It combines Operating and Capitol Expenditures. These are 2 altogether separate items. Our capitol projects are all funded by grants. Our operating budget is necessary to survive.
2. The council feels Paragraph (c) of SB 168 should be deleted entirely.

This bill would mean:

Population 1580 - \$1,580,000

- a) Tax Relief: 20% of every \$1,000 = \$316,000 almost 1/2 of our total tax effort
- b) Or Tax Relief 20% of Property Taxes = \$76,978

One must also realize SB 125 which would give us \$322,893 also cites tax relief. Current funding in these categories are used in our operating budget. HB 103 repeals Raw Fish Tax, another operating revenue of \$100,000.

Alaska State Legislature  
February 20, 1981  
Page two

Please bear in mind some communities have tried to meet public demands for limited staffing and reduction of taxes. These bills penalize this effort.

What good are capitol projects without an operating budget. We share your concerns over tax relief, but bills are flying around which when reviewed altogether show frightening results.

Sincerely,

# CITY of WRANGELL, ALASKA

INCORPORATED JUNE 15, 1903

BOX 531, 99929 (907) 874-2381

February 18, 1981

Senator Don Bennett, Chairman  
Senate Finance Committee  
Alaska State Legislature  
Pouch V  
Juneau, AK 99811

RE: Senate Bill No. 168

Dear Sir:

The City of Wrangell supports the concept of Senate Bill No. 168, however, we feel some sections of the Bill will not be to the benefit of Wrangell. Following are our areas of concern:

1. To reduce sales tax or property tax would reduce our operating and maintenance budget by 20% for fiscal year 1982. Wrangell's budget has been, for many years, a maintenance budget in an effort to maintain a level of taxation within reason. It appears obvious that inflation will increase our operating and maintenance costs in 1982. If we are forced to reduce revenues, we will be required to reduce services and/or employees. Wrangell has not been budgeting large capital projects from general fund revenues so Senate Bill No. 168 would not tend to replace funds currently derived from the taxpayer.
2. As a majority of the municipalities in Alaska are disputing the 1980 census, it would be in our best interests to have the population established the same as used for the 1980-81 State shared revenue. The Department of Community and Regional Affairs has already determined those figures based on prior reliable data.

Senator Don Bennett  
February 18, 1981  
Page 2

3. There is a provision in the Bill for pro-rated payments if insufficient funds are appropriated. As evidenced by other municipal assistance acts, such as shared revenue, we could expect a reduction in entitlements. Full funding should be assured.

Although we support the concept of Senate Bill No. 168, we are concerned that it may seriously impact our operating budget. Your consideration of our concerns will be appreciated.

Very truly yours,
