THE PROPOSED

\$5.7 MILLION EXPANSION BOND ISSUE

FOR THE CENTRAL PENINSULA GENERAL HOSPITAL

CENTRAL PENINSULA
GENERAL HOSPITAL
PHASE 2

ELEVATIONS

ORIGINAL DOCUMENT SCALE 1/16" = 1'-0"

CIA ARCHITECTS ENGINEERS
JULY 2, 1981

INFORMATION ABOUT THE PROPOSED \$5.7 MILLION EXPANSION BOND ISSUE FOR THE CENTRAL PENINSULA GENERAL HOSPITAL

The Central Peninsula General Hospital proposes to remodel and expand its current surgical, obstetrical, and central sterile supply areas in accordance with the Long Range Hospital Plan.

Also, in accordance with the plan a ten-room patient ward and a two-room intensive care unit will be added in line with demand.

The remodeling, expansion and addition will accomplish the following:

The current surgical suite includes one operating room and small changing rooms for physicians and nurses. Surgical utilization has increased both on an inpatient and outpatient basis. As this trend continues it becomes extremely difficult to adequately schedule all cases. A new surgical suite containing two operating rooms will be added. Unlike the present operating room, the new rooms will properly handle orthopedic and other specialized surgery.

A new central sterile supply will be part of the new surgical addition. Much time and consideration has been given to determine the proper flow of supplies in and out of surgery.

The present surgery area will be changed by remodeling to an obstetrical area that will include birthing facilities and rooming in-rooms. The Central Peninsula General Hospital has not been able to offer these services due to limited and cramped facilities. The remodeling proposes a delivery room, a birthing room, a two-bed labor room, a one bed labor room, two obstetric bed rooms and two rooming in-rooms plus male and female changing rooms.

The addition of a ten room hospital is necessary to meet the present and projected use of the inpatient facility. Occupancy has been 60% or better for most of 1981. Occupancy will continue to rise with the arrival of an orthopedical surgeon, an internist, and other physicians.

Hospital use forecast for 1986 has occurred in late 1980 and 1981 making the expansion necessary now.

Passage of the bond proposal will make possible bidding in April of 1982 and building completion in October 1983.

The expansion will remove the need for transfers and transports to Anchorage except in unusual cases.

A bond proposal of 5.7 million at a municipal bond interest rate of 10.5% for 15 years on a Hospital Service Area tax base of \$1,934,136,000 would be .4 of a mill. This means \$20 on a \$50,000 piece of property or \$40 on a \$100,000 piece of property. *now .5 mill on existing bonds -*

The project is eligible for a sizable State grant that will allow the Hospital Board to retire the entire debt or substantially reduce the amount owed in a year's time.

Passage of the hospital expansion bond proposal will aid in meeting the medical and health needs of our community in a timely and orderly fashion.

Prepared and paid for by the committee for Hospital Expansion.

Jody Sutherland (for Mike Berine)

Mary Raymond - Kinlein - Homer - Detente
Detente - family atmosphere - people now ~~paying~~ paying -
State support for those unable to pay
Capacity now four - limited to 10 max. Wants 6 total.
Now \$300 - week - not sure how much of capacity
Kinlein - self-care

Karen Carpenter - since 1970 in Rk - nurse -
- wants support of decisions ^{left} to individuals
- finds it difficult to ~~get~~ have a say
- on HSA 1176-78 (Southcentral) -
- Kinlein new, indiv knows what best for him/her
- doctors lacking in ed as to letting patients decide
- need more emphasis on preventive health

Jolin -
James ~~Jolin~~ - Chairman, Central Peninsula Hosp Bd.
- long-range plan - was 30% occ, now 52%,
expect 67% finally
- \$5.7 million bonds - want 100% state grant
- 33 physicians on register
- May-Aug ca 59% - expects 50% winter

Bert Fossey - ~~an~~ an aesthetist -
- nurse practice act - deleted from nurse practitioner
act because didn't apply -
- Board of Nursing gave temp permit ->

Bert Fossey (cont) -

- nurse - anaesthetist - now allowed to practice w/o passing nat'l exams, but only in Ak.
- wants all allowed to practice or no one - until passed exam
- nat'l exams every 6 mos - 25% fail first exam, 3% fail 3rd. Cannot skip exam - must take ⁱⁿ succession

Debbie Rediski - Kenai Pen Mental Health Center

- 7 staff (4 prof (2 Ph psych, 2 MA level))
- 320-350 patients year
- Last yr \$1,000,000 from state, this yr \$200,000
- " " 38% budget-local

Justin Maile - Treas hospital board

- doesn't like SB 168 system

Hozea ~~_____~~ Bates - Homer -

- need expand hosp in Homer
- " detox center in Soldotna, Kenai or Homer
- HB 180 - abortion - bad bill
- consider mandatory 6-mos after 3 detox sessions

Michael Haring (sp) - Homer - admin hosp

- 17 beds (13 acute, 4 long-term) - 13 → 24, 4 → 15
 - \$7,100,000 cost of expansion (bond issue local 3,150,000)
 - doesn't want double-dip (25%)
 - av 12 patients day in 1980
- } all patients intermed.

Michael Haring (sp) (cont)

- 60-65% optimal occupancy -
- now in good financial shape
- doesn't plan any new services
- half of Jan couldn't get med-evac
(Collette - share services w/ Soldotna?) - reply:
probably incomplete range of services at other hosp
- most members Hosp Assn question need for 3 HSA's
- wasteful process CON - maybe OK for capital projects vs equipment (Hosp assn split) -

Vivianne Reaser (sp) - admin Central Pen. Hosp

- Elizabeth (Beth) Kashner - health provider, member ^{3 yrs} SC HSA
- HB 41 puts burden on & gives auth to Comm H&W
 - health planning needs to continue - but set apart from govt
 - HSA's have provided for input - raised consciousness
 - not sure as of today whether should be dif system
