VOCATIONAL STUDENT LEADERSHIP ORGANIZATIONS

WHEREAS, The Vocational Student Leadership Organizations (VSLOs) such as, DECA, FFA, FHA/HERO, OEA, and VICA are an integral and essential part of the vocational education program; and

WHEREAS, The expansion and strengthening of vocational education in Alaska is dependent, in part, upon the expansion and strengthening of VSLOs at both the secondary and post secondary levels; and

WHEREAS, The FY 81-82 Governor's Budget does not provide funds to support VSLO activities and development next school year; and

WHEREAS, A number of people interested in and supportive of student leadership development have set forth a concept paper proposing a Student Leadership Development Center which would provide funding for promotion and further development of VSLOs and provide funds to pay for VSLO state advisors' services;

THEREFORE BE IT RESOLVED That the Alaska State Vocational Association

Mr. Bill Schrier, State Advisor to DECA

Mr. Eric Henderson, State Advisor to FFA

Ms. Marge Schmiede, State Advisor to FHA/HERO

FUTURE HOMEMAKERS OF AMERICA

March 26, 1981

Dear Senator Stimson, Senator Paur, and
members of the Health, Education and Social
Services Committee,

The students and officers as well as advisers
of the Alaska Future Homemakers of America solicit
your consideration in the passage of Senate Bill 242
and 243 for student leadership. We need this
assistance to continue the program of work we
wrote this year. We are meeting this week in
Anchorage for our eighteenth annual conference.
FHA has survived a period of difficulty for
the past few years with very little financial
support. We hope our organization can reach
a larger circle of Alaskan youth because we
feel we have a lot to offer.

This year we have been able to train
many more officers in leadership skills at
six Area Leadership Workshops. Our officers
received supplies, communication tools,
educational materials, travel to state and

FUTURE HOMEMAKERS OF AMERICA

National FHA Leadership training, and personal contact with students in new areas and schools. We contracted speakers and teachers in home economics related skills for our conference. The help has been tremendous to those dedicated to developing our future leaders.

Continue your efforts. We are very grateful,

Phil Jurgens President Sitka

Joni Bishop Secretary-Treasurer Glennallen

Cindy Mattison Parliamentarian Delta Jct.

RE: SB 242 "An Act establishing the Alaska Student
Leadership development fund; and pro-
viding for an effective date."

MEMORANDUM OF SUPPORT

NEA-Alaska strongly supports SB 242 and urges favorable consideration.

This kind of program has significant merit in that it provides leadership incentives beyond the traditional student government activities. It clearly broadens the base of potential involvement and reaches the level of students who may not normally avail themselves through the regular student government processes.

With other kinds of student programs already funded and in place through Close-Up and the Alaska School Activities Association, a leadership development fund seems to be a natural supplement.

Hopefully, such a program, through incentive grants, could provide students with the opportunity for leadership training programs, methods of involvement, and issue forums.

Dear Senator Parr:

As Alaska State Officers of the Office Education Association, OEA, a vocational student leadership organization, we would like to urge your support of Senate Bill No. 243.

Senate Bill No. 243 relates to the Student Leadership Center. From our own past experience as student leaders, we feel that the Center concept is a good step forward for Alaska. Our experiences as State Officers this past year were most beneficial and rewarding because of the assistance we received from the legislature and Department of Education. We were able to build a plan of work that will no doubt assist future OEA members.

We feel that the future of OEA in Alaska depends largely upon action taken by our State Leaders in deciding to support a state-wide leadership center. This Center could provide a much needed continuity of program from year to year. It will also help to involve more and more young people within our State to develop their potential.

We thank you for your support of this Bill and would appreciate information on the results of the Public Hearing.
