S.B. #145 Bill Analysis

According to the U.S. Veterans Administration Regional Office for Alaska, located in Anchorage, there are currently 515 veterans in the state who have a service-connected disability that is rated at 50% or greater. The Veterans Administration estimated that this figure would increase at the rate of 10% each year. We are assuming that 50% of the eligible veterans will apply for this license.

We recommend that the effective date of this bill be January 1, 1982, because fishing and hunting licenses are sold on a calendar year not a fiscal year. Licenses and applications would also have to be designed, bid let out, and the licenses printed all on special order. It would also be extremely unfair to those veterans who had already purchased their licenses for 1981 for cash if some of the eligible group got their license for free. Also, there would be no loss of revenue or expense incurred in Fiscal Year 1981 if the effective date of the bill is January 1, 1982. The license could be purchased with the regular order of 1982 licenses and applications and instructions would be mailed out to the vendor at the normal shipout time.

III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III)

Based on data from the U.S. Government's Veterans Affairs Agency we assume there may be 525 individuals who might take advantage of this program. The revenue reduction is based on the current \$10 and \$15 fee for sport fishing and hunting licenses.

\$10 x 525 = \$5,250
 \$12 x 525 = 6,300
 TOTAL \$11,550
