LETTER OF INTENT
FOR
CSHB 73 (FINANCE)

It is the intent of the House Finance Committee that in addition to the \$17,640,700 appropriated in CSHB 73 (Finance) in general funds for payments to school districts under the public school foundation program (AS 14.17), that \$7,901,600 be allocated from the Federal Budget Impact Fund established in Chapter 127, SLA 1982, to cover the cost of transfer of Alaskan B.I.A. day schools from the federal government to the state government. Both amounts shall be for payments to school districts under the public school foundation program (AS 14.17).

Respectfully submitted,

Albert P. Adams, Chairman
House Finance Committee

SCHOOL FOUNDATION FORMULA

The foundation formula is based upon the number of children in average daily attendance at a given school or in a specific program (i.e. special, vocational or bilingual education). This count is called the ADM (average daily membership).

The statutes contain tables which, using the ADM, tell how many instructional units (IU) are generated. The value of an instructional unit is also set by statute. For FY 83 and FY 84 the value of an instructional unit equals \$42,450.

The formula takes:

number of IU x \$42,450 x area differential (based upon statute) = \$ entitlement

The base of the entitlement is contained in the component labeled student ADM support. Added to that base is additional funds, generated with essentially the same approach as student ADM support, for bilingual, special and vocational, enrollments. Those children enrolled in one of these types of programs are counted once under student ADM support and again for the added program. This is designed to generate additional funds to the districts to cover the added costs associated with the more expensive programs. It is in addition to the base component which is designed to cover all the general maintenance and operations of the school facilities.

Districts also have the option of running local correspondence courses, or children may enroll in the State-run correspondence program. Both generate funds through a formula like student ADM support.

In addition to the formula generated funds districts receive supplemental equalization aid which attempts to equalize among districts local tax contributions. The statewide average for local support is determined and each district receives the difference between the statewide average and their local contribution per ADM. For the REAA's with no tax base the state pays the statewide average x the ADM x any area differential. The districts all have a floor established for local contributions based upon what they were contributing when the legislation became effective.

LOCAL IMPACT OF REVENUE SHORTFALL (1982-1983)

School District	FINANCIAL		IMPACT OF SHORTFALL			
	Total Budget	Total Shortfall	Number of staff that were not hired or cutback during the school year.		Comments	How many students in your district would be affected by the reduction or delay of these programs?
			Staff Certif.	Classif.		No.
Adak	\$5,591,923	\$323,147	0	0	If supplemental fails: cut 2 certif. cut 3 classif., cut spec.ed. & voc.ed. and capital outlay, travel and student activity program.	150 Offset 150 spec.ed., voc.ed. and enrichment.
Anchorage	\$166,389,832	\$11,200,000	28.5	22.5	The staff reduction has adversely affected the instructional program offerings and class sizes. It has also reduced the custodial and maintenance programs in the school buildings. Included in the more than 100 reductions were the ff: the elem. general music program was eliminated; school activities were significantly reduced; needed replacement equipment was not purchased; and 23 sched. major maintenance projects were eliminated.	39,325 Reductions were necessary on a districtwide basis and therefore included a broad spectrum of programs and services directly related to the instruction of every student in the District.
Annette Island (Metlakatla)	\$2,546,542	\$194,786	2	1	\$113,610 of budget for FY83 put on hold. Teaching supplies equipment, travel, support services, and activity funds have either been cut or put on hold. Remainder of shortfall would have to be taken from FY82 carryover which in FY84 would seriously cut programs.	338 Considering current budgeting our FY84 programs are in serious jeopardy. We will have less than 2% carryover if the shortfall is not corrected.
Chatham	\$2,113,998	\$81,504	0	0	We have continued as is - largely based on the fact that we anticipate additional funding and we have had a fund balance to bail us out.	0
Copper River REAA #17	\$4,763,539	\$603,063	1	2	The lack of a viable working capital reserve will also seriously impact interest income that is counted as local revenue.	569 The "real" impact will be in FY84 since we had a much needed area differential increase last year that we accrued and are spending this year to minimize the negative impacts of these shortfalls.
Delta/Greely	\$6,100,057	\$319,142	2	1	One reading teacher and one elem. teacher were not hired as planned in the preliminary budget.	411 Our first cutback would be in the area of custodial service and then in clerical service. Lunch programs might go also.
Dillingham	\$3,900,000	\$275,000	0	0	None.	0 None.
Fairbanks	\$55,434,070	\$2,934,167	8	13	On June 22, the Fairbanks North Star Borough S.D. cut 1.5 million from its approved operating budget. Cuts included: reduction of secretarial help at Central Office, (2) elimination of 2 admin. positions (director of program, planning & evaluation and internal auditor), reduction of temporary salaries, secondary gifted/ talented program reduction (2), reduction in boiler operators, elimination of a bus-side program (10), and the elimination of various reserve accounts. In addition to those cuts all necessary personnel have not been hired as a result of increased enrollment and consequently classrooms are more crowded than usual (5). These steps were taken in order to absorb the impact of the initial 4% reduction in foundation funding and to control ongoing costs in view of further potential reductions.	Impact of the shortfall is not readily definable. 12,000 district students are going to be affected to some degree or other. To address the problem, a freeze has been placed on the purchase of new equipment and the implementation of budgeted maintenance projects which do not affect health and life-safety of district students and personnel. Contingency plans are being developed and the Board of Education will meet in a work session on Tuesday, Jan. 25, to consider specific plans to cover the approximately \$1.7-M problem which exists as a result of the foundation reduction.

Galena	\$1,675,177	\$152,513	0	0	0	There were no programs reduced because of the shortfall either before the start of school nor during school. However, if there is not a supplemental bill passed for the 33.7-M, we will have to reduce current year spending. The deadline for this decision will be January 28, 1983. No programs delayed until 1983-84 school year. We will have to cut back both certif. and classif. for 1983-84. Since we will have to use other district funds for the remainder of the current year, if supplemental funding is not forthcoming.	57	Since we have a 3-yr teacher agreement and there are 2 yrs to go if the shortfall and forward funding are not handled all 140 of our students will be affected by the Board's inability to provide a quality education opportunity to its students.

Little or less than anticipated improvement in programs or curric. areas we consider to be below standard for a district such as this one, including devel. of school libraries, improv. of our voc. ed. and computer educ. programs, & ability to provide necessary inservice programs to our teachers. In Maintenance/Operations we have been forced to postpone some basic improvements to our bldgs. and shelve plans to replace some teacher housing badly in need of same. If the shortfall is much greater than the 4%, we would not only lose our ability to provide and maintain teacher housing in logging communities as well as to prevent high teacher turnover), but would also lose our ability to move state-owned sch bldgs when a logging camp moves (as we do once or twice per year at great cost). The above represent some examples, as there would be prog/staff cuts in other areas in the event of a 5-10% shortfall.		All students in the district would be affected by further cuts.
Southwest Region					On the short-term basis, the Southwest Region School Board has approved postponement of physical plant improvement projects, curtailed preventative maintenance, and eliminated scheduled improvement in teacher housing.

ASD MEMORANDUM #236 (82-83) REVISED

December 20, 1982

TO: SCHOOL BOARD
FROM: OFFICE OF THE SUPERINTENDENT
SUBJECT: PLANNED COST REDUCTIONS TO OFFSET STATE REVENUE REDUCTIONS

E. E. (Gore) Davis
SR.

PERTINENT FACTS:

There is a revenue shortfall in the State Public School Foundation Program. Based upon the District's full entitlement for the projected 1982-83 enrollment the full shortfall was first estimated to be up to \$13,000,000 but now appears to be approximately \$11,700,000.

At the time the budget was developed the shortfall was thought to be about \$5,225,000. At that time it was considered appropriate to provide the expected level of services without seriously impacting local taxes by using almost all of the fund balance, and eliminating most of the reserve incorporated into the original state and other revenue projections. The first revenue reduction of \$5,225,000 was therefore provided for in the Adopted Version of the 1982-83 budget.

Because of a student enrollment in excess of that originally planned, the School Board on September 20, 1982 approved a reallocation of up to \$1,782,000 from several accounts, including the general music program, to provide for the necessary teachers.

On November 22, 1982, the Board received for discussion purposes further reductions which at that time totaled \$4,379,879 to cover an anticipated shortfall from State revenues. The Board also requested an additional million dollars be located to ensure an appropriate fund balance.

Based on current revenue information available from the State and using actual enrollment from the first quarter Foundation Program report, the shortfall from full entitlement is estimated to be approximately \$11,700,000. Since there still remains a significant degree of uncertainty, there has been an effort at every level of the District to identify potential cost reductions which could be implemented. Each division has had cost reduction meetings and a total of \$7,013,079 of cost reductions have now been identified. The following schedule summarizes these cost reductions.

<u>Division/Units</u>	<u>General Fund Total Budget</u>	<u>Identified Reductions</u>	<u>% Reduction</u>	<u>Number of Positions</u>

Total Reductions		<u>\$ 7,013,079</u>	<u>4.21%</u>	<u>65.0</u>

The effect of these reductions is to cover the revenue shortfall and to leave additional funds of approximately \$921,000 available to provide for any further financial contingency. The following schedule summarizes this.

Additional funds projected to be available			<u>\$ 921,335</u>

The attached schedules describe in further detail the cost reductions identified, as well as the anticipated impact of the significant cost reductions of \$2,000 or more. These cost reductions have been prioritized in five categories A, B, C, D, and E. Category A items are those which would be reinstated first should funds become available. Category B and C items are of intermediate reinstatement priority and category D items would be reinstated last. Category E items would not be reinstated.

RECOMMENDATION:

It is recommended that the School Board authorize the Administration to take the necessary operational steps to effect immediately the cost reductions totaling \$7,013,079 which are described in further detail in the attachment to this memorandum.

Other Information

There are currently 18 Municipality of Anchorage Community Schools, each with a coordinator and assistant coordinator, using District facilities. These changes would represent a significant cutback in Community Education programs.

All 61 gymnasiums are in use through 10:00 or 11:00 p.m., full time, Monday through Saturday. An early building closure would significantly reduce available gym time for public use.

Dear Representative Adams:

Enclosed are the documents you requested concerning the FY'83 supplemental request for the Alaska School Activities Association and the FY'84 request submitted to the Department of Education.

Due to the fact that most of our clinics are held in the early part of the school year, we have decided to request only \$300,000 for FY'83 for the transportation funds only. We would not be able to properly spend clinic funds if they were granted. I understand there is currently \$45,000 for transportation in our budget, but there is some question as to how it is to be spent. This would give us a total of \$345,000 to aid schools with transportation costs to state level tournaments. The State Board of Education approved the \$300,000 request with a unanimous vote at its November 1982 meeting in Anchorage.

The FY'84 budget was also approved by the State Board of Education at the November 1982 meeting. As you can note in the documentation enclosed, we have had problems in getting this information to the proper places. It always seems to be passed once we get the materials to the proper places.

Thank you for looking into the situation. If I can clarify this for you, or if I can be of any help, please let me know. I will be waiting to hear from you.

Sincerely,

A handwritten signature in black ink, appearing to be "Ed Nash".

REC'D 1/14/83

M E M O R A N D U M

TO: The Honorable Terry Martin
Alaska State Representative

FROM: Kerry Romesburg, Executive Director
Alaska Commission on Postsecondary Education

DATE: January 14, 1983

As per your request, I have listed the costs associated with placing computer terminals on the Anchorage and Fairbanks campuses of the University of Alaska. I am assuming you would be considering three terminals, one at UAF, one at UAA, and one at ACC. The costs, as you can see, will be quite minimal, since this does not include any personnel. I am assuming the terminals will be openly accessible and will not require any on-site people.

100	Personal Services	-0-
200	Travel	-0-
300	Contractual	18,300
400	Commodities	-0-
500	Equipment	9,000
	TOTAL	<u>\$27,300</u>

Terminals cost approximately \$5,050 each, installation (depending upon wiring at site) will be a one-time charge of up to \$1,800, maintenance contract runs approximately \$55 per month per terminal (listed here for 4.5 months), data processing "hook-up" charge is \$2,000 per year per terminal (this money is inter-agency transfer from us to data processing division).

The advantages of having these terminals on campus are many. There is the immediate advantage of student access to the status of the loan. Now, communications is our major problem. Students simply can not get through, via phone, to inquire about their loans. This is by far our most frequently heard complaint.

Fiscally, we would have a second advantage. After the initial start-up costs, the terminals only cost \$3,000 to \$4,000 per year to maintain and operate. Our phone bills are currently running as much as \$10,000 per month for long distance calls alone (in fact, some months are considerably higher). Since we do accept collect calls, and since the majority of these are from Anchorage and Fairbanks, we believe terminals on location may save us as much as \$40,000 - \$50,000 per year in phone bills. If indeed the phone traffic is reduced as much as we anticipate, we would not need to request additional staff for our loan awards communication division. We are expecting the need for more staff by FY85. This would save a considerable amount, since a position (including salary, equipment, etc.) costs about \$55,000.

The Honorable Terry Martin
January 14, 1983

Disadvantages could be invasion of privacy, damage to equipment, and misinterpretation of data. We think we have solved the privacy issue by password security. The other two problems are beyond our control.

In summary, the advantages seem many, and the disadvantages insignificant. I believe your idea has a great deal of merit.

MEMORANDUM

TO: All House Finance Committee Members

FROM: Al Adams, Chair *APA*
House Finance Committee

SUBJ: CS HB 73 (HESS)

CS HB 73 (HESS) appropriates an additional \$22,380,600 for funding of the foundation formula in FY 83. The following estimates were used by House HESS to determine the amount of the supplemental appropriation:

Increase in enrollment	\$ 6,407,700
BIA school transfers	7,901,600
Tanana City School District ¹	855,400
50% of "shortfall"- reduction in fy '83 budget	7,215,900
<hr/>	
TOTAL	\$ 22,380,600

CS HB 73 (HESS) does not include the following amounts that were requested by DOE to be included in the supplemental:

"New secondary programs" ²	\$ 1,808,364
Special education increases ³	2,558,500
50% of "shortfall" - reduction in fy '83 budget	7,215,900

¹ Tanana City achieved school district status last year and is no longer part of an REAA. It is entitled to this increase because of its new status.

² The foundation statutes allow school districts to count junior high school students separately in order to generate more instructional units regardless of whether the children are really housed in a separate facility. This increases their total allotment under the formula. Thus, "new

secondary programs" does not mean new courses.

- 3 According to the figures provided to House HESS by DOE, special education children in the BIA schools are counted twice; once under BIA transfers and once under special education increases. Thus, the committee decided to back this amount out of the special ed. number. Please note that this number is slightly off due to the use of the wrong base number when making the calculation.

SUBJECT: FY 83 Foundation Support

D. J. [unclear]

ABSTRACT

Funds appropriated by the last legislature are insufficient to cover all school district foundation entitlements.

ISSUE

The legislature appropriated \$391,753.3 for FY 83 foundation support; recent final review of district entitlements indicate the total amount needed to fully fund the foundation program will be approximately \$425,500.0, leaving a projected shortfall of \$33,746.7. Much of the shortfall is a result of the legislature's decision to make the rescission through the budget process rather than through substantive legislation reducing the instructional unit value. In other words, if the legislature had reduced the Instructional Unit value by 3.6%, then the entitlements would be lower. As it is, however, the entitlements are in excess of the money appropriated to pay them.

BACKGROUND AND/OR PERTINENT INFORMATION

The last legislature appropriated funds for foundation support in an amount less than our request. The intent behind the reduction was 1) to appropriate less than the law required, and 2) for the department to request a supplemental appropriation to cover the BIA school transfer impact and new program and new school costs, so that districts would not be required to absorb those demands as well. When the 33 million dollar difference between the appropriation and entitlements is analyzed, it can be explained as follows:

1. Deliberate underappropriation: Our request minus appropriation	=	14,431.8
2. BIA Transfer Schools (estimated)	=	7,300.0
3. Enrollment Increases (estimated)	=	6,700.0
4. New programs, organizational changes, corrections to the initial report upon which our FY 83 request was based.	=	5,314.9
TOTAL	=	33,746.7

We have notified the Governor's office of the scope of the shortfall, and requested him to introduce a supplemental appropriation for \$19,314.9, and further, to consider a supplemental appropriation for the \$14,431.8 the legislature chose not to appropriate.

MEMORANDUM NUMBER 82-37

TO: All Local School Boards & School Dist. Superintendents

FROM: Marshall L. Lind, Commissioner

SUBJECT: FY 83 Public School Foundation Program Appropriations

The Public School Foundation Program appropriation for the 1982-83 school year is well below the estimated level of district entitlements. It is the purpose of this memorandum to explain how the Department plans to implement the pro rata distribution of State aid as required by AS 14.17.225(b).

The appropriation for FY 83 is \$389,668,600. Current school district estimates of entitlements, less BIA school transfers, total \$418,509,500. The estimated State aid required for BIA schools is \$7,297,700. The shortfall in appropriation, not including BIA schools, is \$28,870,900. The shortfall, BIA schools included, is \$36,168,600.

Due to the size of the shortfall, we will pro rate entitlements beginning July 1, 1982 by reducing monthly payments for the first 7 months of FY 83 by 4%. Based on the revised foundations reports due at the end of the first nine weeks of school (AS 14.17.170), we will recompute entitlements, and the amount of pro rata reduction required for payments from February 1 through June 30, 1983.

We believe this plan best meets the following conditions affecting school districts:

- 1) Eliminates the extreme impacts of a total pro rata reduction during the last five months of the fiscal year.
- 2) Reduces the adverse impacts on cash flow to districts by limiting the percentage of initial reductions.
- 3) Permits districts time to make operating budget decisions which accommodate a lower amount of revenues, including the 55% requirement.

- 4) Provides for a more accurate determination of the shortfall and pro rata amount when actual ADM and instructional unit counts become available in November.

Senate Bill 649, which proposed to change the system of State aid to an amount per pupil base, did not pass. Title 14, Chapter 17 of the statute continues in effect as now written; changes in instructional units, and supplemental equalization aid will occur when your revised foundation reports are received in November. As required by AS 14.17.170, the Governor will be advised of the additional appropriation necessary to fully fund the foundation program in FY 1983. Monthly payments will be adjusted as of February 1, 1983, to reflect the revised reports and recomputation of the percent of shortfall in appropriation which must be pro rated.

BIA schools will be included in payments made to the school districts affected. The legislative appropriation requires this by intent language, and stipulates that this amount be submitted for supplemental appropriation.

It is important districts recognize that this plan for pro rata reduction of State aid in FY 1983 can still result in a percentage reduction in the last five months of the year even more severe than the four percent initially applied. It is critical that early budget adjustments be made by districts to control expenditures from the start of the year. You should consider that the decrease in State aid revenues could be at least 8.5% over the full year, if a supplemental is not forthcoming.

SUBJECT: FY 83 Education Budget

As the Legislature continues to work on an FY 83 operating budget, the projection for the state's revenues continues to fall. As a result, close scrutiny is required on all appropriations -- including education.

As we're sure all of you recall, SB 199 authorized an increase in the base instructional unit from \$38,590 in FY 82 to \$42,450 in FY 83. Any increase, of course, is contingent upon approval of sufficient funding which in turn, is dependent upon available revenues.

The Legislature is faced with difficult decisions and we wanted to take this opportunity to share our dilemma with you. The "fiscal fact of life" is that we are looking at over 50% less in revenues for next year than what we have for this current fiscal year. Because of this bleak picture, it is possible that funding for instructional units may be at a lower level than that authorized in SB 199. Every attempt is being made to preclude this action. However, we felt it important that you be advised of this possibility at the earliest possible date.

No decisions have yet been reached. It's tough being the ones who have to tighten the belt a few more notches but the state's financial picture dictates such. We would welcome each of your comments and suggestions on how we might accomplish this task.

NOTES TO DECISIONS

Legislative decides what types of education are to be publicly supported. — In Alaska the power of deciding what types of education are to be publicly supported, either under the School

Foundation Act or by tax exemption, is vested with the legislature. *McKee v. Evans*, Sup. Ct. Op. No. 740 (File No. 1382), 490 P.2d 1226 (1971).

Sec. 14.17.020. State aid.

Repealed by § 1 ch 238 SLA 1970.

Editor's notes. — The repealed section derived from § 1.03, ch. 164, SLA 1962.

Sec. 14.17.021. Basic state aid. (a) The amount of basic state aid for which each district is eligible is calculated by multiplying the instructional unit allotment of the district as established under AS 14.17.051 by the number of allowable instructional units in the district as established under AS 14.17.041.

(b) If permitted under § 5(d)(2) of P.L. 81-874, as amended, (20 U.S.C. 240(d)) and the regulations adopted under it (45 C.F.R. 115.60 — 115.66), the amount of basic state aid to a district may be reduced by up to 80 percent of the entitlement of the district to federal financial assistance under P.L. 81-874, as amended, (20 U.S.C. 236 — 244), for the prior fiscal year. (§ 4 ch 238 SLA 1970; am §§ 1, 2 ch 81 SLA 1975; am §§ 1, 2 ch 173 SLA 1976; am §§ 2, 3 ch 90 SLA 1977; am §§ 3, 4 ch 26 SLA 1980)

Effect of amendments. — The 1980 amendment rewrote the section.

NOTES TO DECISIONS

That the legislature has seen fit to defegate certain educational functions to local boards in order that Alaska schools might be adapted to meet the varying conditions of different localities

does not diminish constitutionally mandated state control over education under Alaska Const., art. VII, § 1. *Macaulay v. Hildebrand*, Sup. Ct. Op. No. 741 (File No. 1550), 491 P.2d 120 (1971).

Sec. 14.17.022. Funds for centralized correspondence study. Funds for providing centralized correspondence study programs for students not enrolled in an approved school district correspondence study program shall include an appropriation from the public school foundation account in an amount calculated by multiplying the base instructional unit by the total number of instructional units as determined by applying the number of correspondence students to AS 14.17.041(a). (§ 3 ch 190 SLA 1975)

Legislative history reports. — For report on ch. 190, SLA 1975 (HCS CSSB 367), see 1975 House Journal, p. 1277.

Sec. 14.17.023. Supplemental equalization aid. (a) In addition to basic state aid under AS 14.17.021, each district is entitled to supplemental equalization aid, as determined in (b), (c) and (d) of this section.

(b) The amount of supplemental equalization aid for a district is calculated by multiplying the ADM of the district as reported for the prior fiscal year under AS 14.17.180 by the amount per ADM calculated in (c) of this section. This amount shall be reduced by the amount of the average local tax contributions per pupil in average daily membership for school operating costs in that district in the prior fiscal year or in the fiscal year ending June 30, 1979, whichever is higher.

(c) The amount per ADM of supplemental equalization aid is calculated as the amount equal to the average local tax contributions per pupil in average daily membership for school operating costs in the city and borough school districts in the prior fiscal year.

(d) The amount of supplemental equalization aid for each district determined in (b) of this section shall be adjusted by the district's instructional unit allotment established in AS 14.17.051. (§ 5 ch 26 SLA 1980)

Sec. 14.17.030. Required local effort.

Repealed by § 11 ch 95 SLA 1969.

Editor's notes. — The repealed section derived from § 1.07, ch. 164, SLA 1962, as amended by § 1, ch. 70, SLA 1963.

Sec. 14.17.031. Instructional units. (a) The total number of instructional units within each school district is the sum of

(1) the number of units for elementary schools and the number of units for secondary schools as determined from AS 14.17.041(a), (b), (c), or (d);

(2) the number of units for vocational education determined from AS 14.17.041(e) as approved by the department;

(3) the number of units from special education determined from AS 14.17.041(f) as approved by the department;

(4) if the district has five or more correspondence pupils enrolled in an approved district correspondence study program, the number of units for correspondence pupils determined by applying the number of correspondence pupils to AS 14.17.041(a); and

(5) the number of units for bilingual education determined from AS 14.17.041(g) as approved by the department.

(b) A school district shall compute separately the number of allowable instructional units for each of its elementary and secondary schools except as provided in (c) of this section.

(c) The commissioner shall authorize any school in a remote location to establish an associated secondary school when the sum of the average daily membership in grades five through eight is greater than 20. Notwithstanding AS 14.17.041, any school or school district operating a remote elementary school with 20 or fewer total average daily membership in grades five through eight may conduct a secondary program subject to approval of the commissioner and use the following table to calculate the number of allowable instructional units for the combined elementary and secondary program of the remote school:

ADM	No. Instructional Units
under 12	3
12—20	4
21—32	5

(d) If the instructional units which a school district is entitled to under (a) of this section decrease by 10 percent or more from one year to the next, the school district may use the last year before the reduction as a base year and offset its reduction according to the following schedule: (1) For the first year after the base year, the school district is entitled to the instructional units determined under (a)(1) of this section plus 75 percent of the difference in instructional units between the base year and the first year; (2) for the second year after the base year, the school district is entitled to the instructional units determined under (a)(1) of this section plus 50 percent of the difference in instructional units between the base year and the second year; (3) for the third year after the base year, the school district is entitled to the instructional units determined under (a)(1) of this section plus 25 percent of the difference in instructional units between the base year and the third year. The schedule established in this subsection is available to a school district for the three years following the base year only so long as the entitlement to instructional units under (a)(1) of this section for each year is less than the entitlement in the base year. This subsection does not apply to a decrease in instructional units resulting from a loss of enrollment which occurs as a result of a boundary change under AS 29.

(e) The commissioner may authorize a school district operating a school in a remote area to calculate the number of instructional units to which the remote school would be entitled if that school were a separate school district and to include that number of instructional units in the total number of instructional units for the district. (§ 4 ch 238 SLA 1970; am § 3 ch 81 SLA 1975; am § 4 ch 190 SLA 1975; am §§ 4 — 6 ch 90 SLA 1977; am § 1 ch 115 SLA 1978; am §§ 6 — 8 ch 26 SLA 1980)

Effect of amendments. — The 1978 amendment, added paragraph (5) of subsection (a).

The 1980 amendment inserted "elementary and" preceding "secondary schools" in subsection (b), substituted "(a)

(1) of this section" for "(a) of this section" wherever it appears in subsection (d), substituted "third year" for "second year" at the end of the first sentence in subsection (d), added the present last sentence in subsection (d) and added subsection (e). The addition of subsection (e) is retroactive to July 1, 1978.

Editor's notes. — Section 22, ch. 26, SLA 1980 provides: "The amendments

made to AS 14.17.031(d) by § 7 of this Act, substituting references to AS 14.17.031(a)(1) for references to AS 14.17.031(a), do not apply to a school district using a base year ending on or before June 30, 1980, for instructional unit computation under the schedule of instructional unit reductions set out in AS 14.17.031(d) for a period of three years following the base year."

Sec. 14.17.040. Basic need.

Repealed by § 1 ch 238 1970.

Editor's notes. — The repealed section derived from § 1.02, ch. 164, SLA 1962.

Sec. 14.17.041. Table of allowable instructional units.

Effect of amendments. — The 1978 amendment added subsection (g).

The 1980 amendment rewrote subsection (a) and subsection (c) repealed subsections (b) and (d).

The 1981 amendment rewrote subsection (f).

The 1982 amendment, retroactive to July 1, 1981, substituted "11 pupils" for

"14 pupils" in subsection (f)(2).

Editor's notes. — Section 3, ch. 119, SLA 1981, provides: "The amendment to AS 14.17.041 (f) made by this Act may not be applied to reduce the number of allowable instructional units for special education below the number of units allowed during the school term ending in 1981."

Sec. 14.17.050. Teachers' salary allotment.

Repealed by § 1 ch 238 1970. 1970.

Editor's notes. — The repealed section derived from § 1.04, ch. 164, SLA 1962; §§ 2, 3, ch. 70, SLA 1963; § 1, ch. 78, SLA 1964; §§ 2, 3, ch. 98, SLA 1966; and § 1, ch. 153, SLA 1966.

Sec. 14.17.051. Instructional unit allotment. The instructional unit allotment for each school district or regional educational attendance area is as follows:

(1) for Gateway Borough School District, City and Borough of Juneau School District, and Anchorage School District, the district is entitled to receive the base instructional unit allotment;

(2) for Annette Island School District, Petersburg City School District, Wrangell City School District, Sitka Borough School District, and Matanuska-Susitna Borough School District, the district or area is entitled to receive 104 percent of the base instructional unit allotment;

(3) for Craig City School District, Hydaburg City School District, Klawock City School District, Kake City School District, Chatham

School District, Skagway City School District, Southeast Island School District, and Kenai Peninsula Borough School District, the district or area is entitled to receive 108 percent of the base instructional unit allotment;

(4) for Pelican City School District, Hoonah City School District, and North Star Borough School District, the district or area is entitled to receive 112 percent of the base instructional unit allotment;

(5) for Cordova City School District, Valdez City School District, and Haines Borough School District, the district or area is entitled to receive 115 percent of the base instructional unit allotment;

(6) for Nenana City School District, Delta School District, Alaska Gateway School District, Upper Railbelt Regional School District, Yakutat City School District, Chugach School District, and Copper River School District, the district or area is entitled to receive 120 percent of the base instructional unit allotment;

(7) for Adak Regional School District the area is entitled to receive 140 percent of the base instructional unit allotment;

(8) for Pribilof Islands School District, Aleutian Chain School District, King Cove City School District, Sand Point City School District, and Unalaska City School District, the district or area is entitled to receive 150 percent of the base instructional unit allotment;

(9) for Yukon Flats School District, Dillingham City School District, Bristol Bay Borough School District, Southwest Regional School District, Lake Peninsula School District, Lower Kuskokwim School District, Galena City School District, Kuspuk School District, Yukon-Koyukuk School District, Northwest Arctic School District, Selawik City School District, Nome City School District, Bering Straits School District, Iditarod Area School District, North Slope Borough School District, Lower Yukon School District, and St. Mary's City School District, the district or area is entitled to receive 155 percent of the base instructional unit allotment;

(10) for Kodiak Island School District, the district is entitled to receive 116 percent of the base instructional unit allotment. (§ 4 ch 238 SLA 1970; am § 1 ch 40 SLA 1971; am § 5 ch 81 SLA 1975; am § 12 ch 124 SLA 1975; am § 8 ch 90 SLA 1977; am §§ 3 — 6 ch 115 SLA 1978; am § 12 ch 26 SLA 1980; am § 6 ch 119 SLA 1981)

Effect of amendments. — The 1978 amendment deleted "Southeast School District" following "Annette Island School District" in paragraph (2), inserted "Southeast Island School District" in paragraph (3), deleted "Kodiak Island Borough School District" following "Pelican City School District" in paragraph (4), and added paragraph (10).

The 1980 amendment inserted "Sand Point City School District" following

"King Cove City School District" in paragraph (8).

The 1981 amendment deleted "and" preceding "Chugach School District" and added "and Copper River School District" preceding "the district or area is entitled," in paragraph (6).

The 1982 amendment, retroactive to July 1, 1981, deleted "Copper River School District" preceding "Cordova City School District" in paragraph (5).

Sec. 14.17.056. Base instructional unit value. The base instructional unit value for fiscal years beginning on or after July 1, 1982, is \$42,450. The base instruction unit value for the fiscal year beginning July 1, 1981, is \$38,590. (§ 4 ch 238 SLA 1970; am § 1 ch 88 SLA 1973; am § 1 ch 140 SLA 1974; am § 6 ch 81 SLA 1975; am § 3 ch 173 SLA 1976; am § 10 ch 90 SLA 1977; am § 7 ch 115 SLA 1978; am §§ 13, 14 ch 26 SLA 1980; am § 5 ch 119 SLA 1981; am § 28 ch 59 SLA 1982)

Effect of amendments. — The 1978 amendment, in this section as it existed prior to the 1980 amendment, substituted "July 1, 1976 and ending June 30, 1979 is \$29,000" for "July 1, 1977 and ending June 30, 1978 is \$27,500" at the end of subsection (a) and "July 1, 1979 is \$31,900" for "July 1, 1978 is \$29,000" at the end of subsection (b).

Section 13, ch. 26, SLA 1980 rewrote the

section. Section 14, ch. 26, SLA 1980 substituted "after July 1, 1981, is \$38,590" for "after July 1, 1980, is \$34,935" at the end of the section.

The 1981 amendment substituted "July 1, 1982" for "July 1, 1981" and substituted "\$42,450" for "\$38,590."

The 1982 amendment, retroactive to July 1, 1981, added the second sentence.

Sec. 14.17.060. Average daily membership allotment.

Repealed by § 1 ch 238 SLA 1970.

Editor's notes. — The repealed section and § 2, ch. 153, SLA 1966; § 17, ch. 69, derived from § 1.05, ch. 164, SLA 1962, SLA 1970.

Sec. 14.17.061. Supplemental programs. (a) In addition to the amounts authorized to be paid to school districts under this chapter, funding of supplemental programs, on the same basis as determined in the computation of state aid for the applicable district, may be recommended by the commissioner.

(b) Applications for supplemental programs funds shall be submitted by each school district to the commissioner by September 30 of the pre-fiscal year in the form prescribed by the commissioner.

(c) Federal funds available for aid to local school districts will be included with the state's share in applying the matching ratio. (§ 4 ch 238 SLA 1970)

Sec. 14.17.070. Attendance center allotment.

Repealed by § 1 ch 238 SLA 1970.

Editor's notes. — The repealed section ch. 70, SLA 1963; and § 4, ch. 98, SLA derived from § 1.06, ch. 164, SLA 1962; § 4, 1966.

Sec. 14.17.071. Required local effort.

Repealed by § 21 ch 26 SLA 1980.

Editor's notes. — The repealed section derived from § 4, ch. 238, SLA 1970.

Sec. 14.17.075. Supplemental allocation.

Repealed by § 1 ch 238 SLA 1970.

Editor's notes. — The repealed section derived from § 2, ch. 125, SLA 1968, and § 11, ch. 95, SLA 1969.

Sec. 14.17.080. Computation by district. By October 30 of the pre-fiscal year each district shall submit to the commissioner a preliminary report of computations for the following fiscal year of the district's basic need as defined in AS 14.17.021; the amount which it expects to match under the provisions of AS 14.17.071; and the amount for supplemental programs which has been approved for funding consideration by the commissioner. Each district shall make the computations in the manner prescribed by AS 14.17.080 — 14.17.150. The computations are the basis for requesting legislative appropriations and for making preliminary payments under the public school foundation program. (§ 2.01 ch 164 SLA 1962; am § 5 ch 238 SLA 1970)

Revisor's notes. — As a result of the amendments in Chapter 26, SLA 1980, "basic need" is no longer defined in AS 14.17.021. Rather, that section defines "basic state aid." AS 14.17.071 mentioned in this section was repealed by SLA 1980, ch. 26, § 21.

Sec. 14.17.081. Minimum expenditure for instruction. (a) Each district shall budget for and spend a minimum of 55 percent of its school operating expenditures in each fiscal year on the instructional component of the district budget.

(b) The commissioner shall reject a district budget which does not comply with (a) of this section and, unless a waiver has been granted by the board under (d) of this section, shall withhold payments of state aid from that district, beginning with the payment for the second full

month after rejection and continuing until the school board of the district revises the district budget to comply with (a) of this section.

(c) The commissioner shall review the annual audit of each district for compliance with the expenditure requirements of (a) of this section. If the commissioner determines that a district does not meet those requirements, the commissioner shall advise the district of the determination and calculate the percentage of deficiency in required expenditure and deduct that percentage from state aid paid to the district for the current fiscal year, beginning with the payment for the second full month after the determination, unless a waiver has been granted by the board under (d) of this section.

(d) A district which has been determined by the commissioner to be out of compliance with the requirements of this section may, within 20 days of the commissioner's determination, request a waiver by the board of the imposition by the commissioner of any reduction in state aid payments under (b) or (c) of this section. The request must be submitted to the Legislative Budget and Audit Committee and must be in writing and include an analysis of the reasons and causes for the district's inability to comply with the requirements of this section. The Legislative Budget and Audit Committee shall review the district's request and forward it, along with the committee's recommendations on it, to the board which shall either grant or deny the waiver.

(e) The commissioner shall submit an annual report on actions taken by the commissioner or the board under this section to the Legislative Budget and Audit Committee by April 15 of each year. (§ 15 ch 26 SLA 1980)

Revisor's notes. — Throughout the section, the word, "board" was substituted for "state board of education" by the revisor of statutes under the authority of AS 01.05.031 and to conform to AS 14.60.010.

Editor's notes. — This section was redrafted by the revisor of statutes to remove personal pronouns in conformity with AS 01.05.031(c) and § 4, ch. 58, SLA 1982.

Sec. 14.17.082. Fund balance changes in school operating fund. (a) Each district having at least 400 instructional units under AS 14.17.031(a) may accumulate a fund balance in the school operating fund of seven percent of its expenditures. Each district having less than 400 instructional units may accumulate a fund balance of 10 percent of its expenditures.

(b) The commissioner shall review the annual audit of each district to ascertain changes in the year-end operating fund balance of the districts, and notify districts and the board, through a written report, of any fund balance accumulation greater than that permitted under (a) of this section.

(c) The board shall review the reports submitted to it under (b) of this section and submit a report making recommendations with respect to the legislative treatment of the fund balances of those districts to the

Legislative Budget and Audit Committee by April 15 of each year.
(§ 15 ch 26 SLA 1980)

Revisor's notes. — The word "board" revisor of statutes under AS 01.05.031 and was substituted for "state board of AS 14.60.010. education" in subsections (b) and (c) by the

Sec. 14.17.090. Estimated average daily membership. Each district shall prepare an estimate of its average daily membership for the fiscal year. In making this estimate, the district shall consider its average daily membership in preceding years, the pattern of growth or decline in preceding years, and other pertinent information available to the district. The result of this estimate is the estimated average daily membership. (§ 2.02 ch 164 SLA 1962)

Secs. 14.17.100 — 14.17.120. Computation of teachers' salary allotment, average daily membership allotment, and attendance center allotment.

Repealed by § 2 ch 238 SLA 1970.

Editor's notes. — The repealed sections derived from §§ 2.03 — 2.05, ch. 164, SLA 1962.

Sec. 14.17.130. Computation of required local effort.

Repealed by § 11 ch 95 SLA 1969.

Editor's notes. — The repealed section derived from § 2.06, ch. 164, SLA 1962.

Sec. 14.17.140. Determination of full and true value by Department of Community and Regional Affairs. (a) To determine the equalized percentage to be applied to basic need under AS 14.17.021, and the matching ratio for required local effort under AS 14.17.071, the Department of Community and Regional Affairs, in consultation with the assessor for each district, shall determine the full value of the taxable real and personal property in each district. Exemptions granted under ch. 129, SLA 1957, known as the Alaska Industrial Incentive Act (AS 43.25.010 — 43.25.170), shall be honored. If there is no local assessor or current local assessment for a district, then the Department of Community and Regional Affairs shall make the determination of full value from information available. In making the determination, the Department of Community and Regional Affairs shall be guided by AS 29.53.060. The determination of full value shall be made before October 1 and sent by certified mail, return receipt requested, before that date to the president of the school board in each district. Duplicate copies shall be sent to the commissioner. The governing body

of the borough or city which is the district may obtain judicial review of the determination by filing a motion in the superior court of the judicial district in which the district is located within 30 days after receipt of the determination. The superior court may modify the determination of the Department of Community and Regional Affairs only upon a finding of abuse of discretion or upon a finding that there is no substantial evidence to support the determination.

(b) Motor vehicles subject to the motor vehicle registration tax under AS 28.10.431 shall be treated as taxable property for purposes of (a) of this section.

(c) To determine the debt-to-valuation ratio to be applied to the determination of state aid for school construction under AS 43.18.105 — 43.18.135, the Department of Community and Regional Affairs, in consultation with the responsible financial officer of each municipality which is a school district, shall annually determine the debt of the municipality and report the determination to the mayor of the municipality and the commissioner of the Department of Education. The determination shall be made by October 1 of each year and shall report the outstanding debt as of July 1 each year. (§ 2.07 ch 164 SLA 1962; am § 2 ch 95 SLA 1969; am § 6 ch 238 SLA 1970; am § 9 ch 200 SLA 1972; am § 1 ch 218 SLA 1976; am § 2 ch 256 SLA 1976; am § 14 ch 147 SLA 1978; am § 12 ch 94 SLA 1980)

Revisor's notes. — As a result of the amendments in Chapter 26, SLA 1980, "basic need" is no longer defined in AS 14.17.021. Rather, that section defines "basic state aid."

Effect of amendments. — The 1978 amendment added subsection (c).

The 1980 amendment substituted "AS 28.10.431" for "28.10.255" near the middle of subsection (b).

Editor's notes. — AS 14.17.071, referred to in the first sentence of subsection (a), was repealed by § 21, ch. 26, SLA 1980.

Sec. 14.17.150. Duty of commissioner to examine and tabulate computations. (a) The commissioner shall examine the preliminary reports submitted by each district to determine that they are correctly computed. If the allotments are incorrectly computed, the commissioner shall either (1) obtain a correct computation from the district, or (2) make a correct computation based on information available, and give notice of the corrected computation to the district. The commissioner shall review supplemental program applications and notify the district whether its supplemental program is approved for inclusion in its foundation program computations.

(b) The commissioner shall reduce these computations to a report in tabular form or another form helpful in examining the computations of the districts and shall transmit the report to the governor. The commissioner shall maintain additional copies of this report in the commissioner's office as a matter of public record. This report shall be entitled "Public School Foundation Program Computations." (§ 2.08 ch 164 SLA 1962; am § 7 ch 238 SLA 1970)

Editor's notes. — This section was redrafted by the revisor of statutes to remove personal pronouns in conformity with AS 01.05.031(c) and § 4, ch. 58, SLA 1982.

Article 3. Procedure for Payment of Public School Foundation Funds to Districts.

<p>Section 160. Allocation of funds on preliminary computations 170. Payment under adjusted computations</p>	<p>Section 180. Payment under final computation 190. Restrictions governing receipt and expenditure of money from public school foundation account</p>

Sec. 14.17.160. Allocation of funds on preliminary computations. The commissioner shall determine the state aid for each school district on the basis of the pre-fiscal year computations. Beginning July 15 of the fiscal year and on the 15th day of each month, for seven successive months, one-twelfth of each district's state aid shall be distributed. (§ 3.01 ch 164 SLA 1962; am § 3 ch 95 SLA 1969; am § 8 ch 238 SLA 1970)

Sec. 14.17.170. Payment under adjusted computations. Each district shall make a report at the end of the first nine weeks of school, which contains a new estimate of its average daily membership for the fiscal year and other information which will aid the commissioner in making a more accurate determination of each district's state aid. This new estimate and information of average daily membership shall be the basis for the computation and distribution of each district's state aid for the balance of the fiscal year. The commissioner shall, on the basis of this new estimate and information, make a recomputation of each district's state aid. Before December 2, the commissioner shall notify each district of changes made in its state aid. The commissioner shall also determine whether the money in the public school foundation account is sufficient to meet each district's state aid for the fiscal year, and, if the money is not sufficient, the commissioner shall immediately inform the governor of the amount of additional appropriation the commissioner estimates will be necessary to carry out the public school foundation program for the rest of the fiscal year. Beginning February 15 and on the 15th of each subsequent month, one-fifth of the

recomputed balance of each district's state aid shall be distributed. However, one-half of the June payment shall be withheld pending a final determination of the district's state aid. (§ 3.02 ch 164 SLA 1962; am § 1 ch 169 SLA 1968; am § 4 ch 95 SLA 1969; am § 9 ch 238 SLA 1970; am § 1 ch 135 SLA 1975)

Editor's notes. — In the fifth sentence, the words "the commissioner" were substituted for "he" by the revisor of statutes pursuant to AS 01.05.031 and § 4, ch. 58, SLA 1982.

Sec. 14.17.180. Payment under final computation. Before June 16 each district shall transmit to the commissioner a final computation of the district's state aid. The commissioner shall process each district's computation in the manner provided by AS 14.17.150(a). However, in no event may the entitlement of a school district to state aid under AS 14.17.021 be less than that computed under this section for the preceding year, except as otherwise provided in AS 14.17.031, or under AS 14.17.170, whichever is greater. Additional state aid shall be obligated by the commissioner before June 30. If the district received more state aid money than it was entitled to under this chapter, it shall immediately, after notice from the commissioner of the overpayment, remit the amount of overpayment to the commissioner to be returned to the public school foundation account. (§ 3.03 ch 164 SLA 1962; am § 5 ch 95 SLA 1969; am § 10 ch 238 SLA 1970; am § 2 ch 135 SLA 1975; am § 16 ch 26 SLA 1980)

Effect of amendments. — The 1980 amendment rewrote the third sentence.

Sec. 14.17.190. Restrictions governing receipt and expenditure of money from public school foundation account. (a) The public school foundation money distributed to a district during a year shall be received, held, and expended by the district subject to the provisions of law and regulations promulgated by the department.

(b) Each district shall maintain financial records of the receipt and disbursement of public school foundation money and money acquired from local effort. The records must be in the form required by the commissioner and are subject to audit by the commissioner or the board at any time. (§ 3.04 ch 164 SLA 1962; am § 5 ch 98 SLA 1966; am § 6 ch 95 SLA 1969)

Revisor's notes. — The reference in subsection (b) to "local effort" is apparently obsolete in light of the repeal of AS 14.17.030 and AS 14.17.071.

Sec. 14.17.205. State aid to districts operating approved school food service programs. A school district that qualifies for and provides free and reduced-price lunches to students who qualify under the Federal Nutrition Act shall receive state aid in an amount for each free or reduced-price meal equal to the federal allowances multiplied by the school district's area differential in AS 14.17.051. (§ 11 ch 90 SLA 1977)

Sec. 14.17.210. State aid to newly established district schools. (a) A regional educational attendance area school which becomes a city or borough district school is considered a regional educational attendance area school for purposes of financial support until the expiration of a complete fiscal year after the date on which the school becomes a city or borough district school. This subsection does not prevent a local government from spending money to contribute to the financial sup-

port of a regional educational attendance area school which becomes a city or borough district school.

(b) For each subsequent fiscal year, the state shall disburse to the city or borough school district only the money to which the district is entitled under the public school foundation program.

Sec. 14.17.220. Purpose. It is the intention of the legislature, in enacting this public school foundation program, to assure an adequate level of educational opportunities for those in attendance in the public schools of the state. This chapter shall not be interpreted as preventing a public school district from providing educational services and facilities beyond those assured by the foundation program. (§ 1.01 ch 164 SLA 1962)

Sec. 14.17.225. Construction and implementation of chapter.

(a) This chapter may not be construed so as to create a debt of the state.

(b) Funds to carry out the provisions of AS 14.17.010 — 14.17.190 may be appropriated annually by the legislature into the public school foundation account. If amounts in the account are insufficient to meet the allocations authorized under AS 14.17.010 — 14.17.190, such funds as are available shall be distributed pro rata among each district based upon the district's basic need.

(c) Repealed by § 1 ch 79 SLA 1971.

(d) The average daily membership allotment supplemental account is established. Funds to carry out the provisions of AS 14.17.215 may be appropriated annually by the legislature to the account. If amounts in the account are insufficient to meet the allocations authorized under AS 14.17.215, such funds as are available shall be distributed pro rata among eligible districts based upon AS 14.17.215.

(e) Repealed by § 1 ch 79 SLA 1971.

(f) Funds necessary to carry out the provisions of AS 14.17.205 may be appropriated annually to the Department of Education. If amounts appropriated are insufficient to meet the allocations authorized under AS 14.17.205, such funds as are available shall be distributed pro rata among eligible districts. LOCAL IMPACT OF REVENUE SHORTFALL (1982-1983)

School District	FINANCIAL		IMPACT OF SHORTFALL

Anchorage	\$166,389,832	\$11,200,000	28.5	22.5	The staff reduction has adversely affected the instructional program offerings and class sizes. It has also reduced the custodial and maintenance programs in the school buildings. Included in the more than 100 reductions were the ff: the elem. general music program was eliminated; school activities were significantly reduced; needed replacement equipment was not purchased; and 23 sched. major maintenance projects were eliminated.	39,325 Reductions were necessary on a districtwide basis and therefore included a broad spectrum of programs and services directly related to the instruction of every student in the District.
Annette Island (Metlakatla)	\$2,546,542	\$194,786	2	1	\$113,610 of budget for FY83 put on hold. Teaching supplies equipment, travel, support services, and activity funds have either been cut or put on hold. Remainder of shortfall would have to be taken from FY82 carryover which in FY84 would seriously cut programs.	338 Considering current budgeting our FY84 programs are in serious jeopardy. We will have less than 2% carryover if the shortfall is not corrected.
Chatham	\$2,113,998	\$81,504	0	0	We have continued as is - largely based on the fact that we anticipate additional funding and we have had a fund balance to bail us out.	0
Copper River REAA #17	\$4,763,539	\$603,063	1	2	The lack of a viable working capital reserve will also seriously impact interest income that is counted as local revenue.	569 The "real" impact will be in FY84 since we had a much needed area differential increase last year that we accrued and are spending this year to minimize the negative impacts of these shortfalls.
Delta/Greely	\$6,100,057	\$319,142	2	1	One reading teacher and one elem. teacher were not hired as planned in the preliminary budget.	411 Our first cutback would be in the area of custodial service and then in clerical service. Lunch programs might go also!
Dillingham	\$3,900,000	\$275,000	0	0	None.	0 None.
Fairbanks	\$55,434,070	\$2,934,167	8	13	On June 22, the Fairbanks North Star Borough S.D. cut 1.5 million from its approved operating budget. Cuts included: reduction of secretarial help at Central Office, 2) elimination of 2 admin. positions (director of program, planning & evaluation and internal auditor), reduction of temporary salaries, secondary gifted/talented program reduction (2), reduction in boiler operators, elimination of a bus-aide program (10), and the elimination of various reserve accounts. In addition to those cuts all necessary personnel have not been hired as a result of increased enrollment and consequently classrooms are more crowded than usual (5). These steps were taken in order to absorb the impact of the initial 4% reduction in foundation funding and to control ongoing costs in view of further potential reductions.	Impact of the shortfall is not readily definable. 12,000 district students are going to be affected to some degree or other. To address the problem, a freeze has been placed on the purchase of new equipment and the implementation of budgeted maintenance projects which do not affect health and life-safety of district students and personnel. Contingency plans are being developed and the Board of Education will meet in a work session on Tuesday, Jan. 25, to consider specific plans to cover the approximately \$1.7-M problem which exists as a result of the foundation reduction.

Railbelt	\$3,786,770	\$257,897	0	0	No program reduced prior to start of this year, nor during year. No program delayed. Basically we will be able to use all of our carryover monies to do so.	None this year, however, all will be affected.
Southeast Isl.	\$4,623,020	\$154,225	2	4.5(FTE)	The negative effects of the shortfall (actual & potential) have included the ff: 1. Little or less than anticipated improvement in programs or curric. areas we consider to be below standard for a district such as this one, including devel. of school libraries, improv. of our voc. ed. and computer educ. programs, & ability to provide necessary inservice programs to our teachers. In Maintenance/Operations we have been forced to postpone some basic improvements to our bldgs. and shelve plans to replace some teacher housing badly in need of same. If the shortfall is much greater than the 4%, we would not only lose our ability to provide and maintain teacher housing in logging communities as well as to prevent high teacher turnover, but would also lose our ability to move state-owned sch bldgs when a logging camp moves (as we do once or twice per year at great cost). The above represent some examples, as there would be prog/staff cuts in other areas in the event of a 5-10% shortfall.	All students in the district would be affected by further cuts.
Southwest Region					On the short-term basis, the Southwest Region School Board has approved postponement of physical plant improvement projects, curtailed preventative maintenance, and eliminated scheduled improvement in teacher housing.	
Valdez	\$8,100,000	\$361,002			Reprioritizing of programs. If a supplemental appropriation is not forthcoming in FY 83 our effective schooling program will be delayed for 2 years.	None
Wrangell	\$2,637,777	\$85,000			At this time no programs or staff have been reduced. However, if supplemental is not available then programs such as activities, classroom aides, art etc. will be reduced or deleted.	350 approx. No comment.

Yukon Koyukuk	\$8,576,637	\$834,745	5*	4.5 FTE	Anticipating a 4% reduction, the above positions were cut prior to the start of school. If reduction is 11%, additional positions or hours will have to be cut.	556 11% of the total district budget has been placed on hold as of this point. This essentially placed a stop to the following areas: 1. supplies, 2. equipment, 3. textbooks, 4. student activities, 5. student travel, 6. staff inservice, 7. staff travel. Basically we are heating heating and meeting emergency repairs, teaching classes and paying employees.

ASD MEMORANDUM #236 (82-83) REVISED

December 20, 1982

TO: SCHOOL BOARD

FROM: OFFICE OF THE SUPERINTENDENT

SUBJECT: PLANNED COST REDUCTIONS TO OFFSET STATE REVENUE REDUCTIONS

*E. E. (Gene) Davis
S.S.*

PERTINENT FACTS:

There is a revenue shortfall in the State Public School Foundation Program. Based upon the District's full entitlement for the projected 1982-83 enrollment the full shortfall was first estimated to be up to \$13,000,000 but now appears to be approximately \$11,700,000.

At the time the budget was developed the shortfall was thought to be about \$5,225,000. At that time it was considered appropriate to provide the expected level of services without seriously impacting local taxes by using almost all of the fund balance, and eliminating most of the reserve incorporated into the original state and other revenue projections. The first revenue reduction of \$5,225,000 was therefore provided for in the Adopted Version of the 1982-83 budget.

Because of a student enrollment in excess of that originally planned, the School Board on September 20, 1982 approved a reallocation of up to \$1,782,000 from several accounts, including the general music program, to provide for the necessary teachers.

On November 22, 1982, the Board received for discussion purposes further reductions which at that time totaled \$4,379,879 to cover an anticipated shortfall from State revenues. The Board also requested an additional million dollars be located to ensure an appropriate fund balance.

Based on current revenue information available from the State and using actual enrollment from the first quarter Foundation Program report, the shortfall from full entitlement is estimated to be approximately \$11,700,000. Since there still remains a significant degree of uncertainty, there has been an effort at every level of the District to identify potential cost reductions which could be implemented. Each division has had cost reduction meetings and a total of \$7,013,079 of cost reductions have now been identified. The following schedule summarizes these cost reductions.

<u>Division/Units</u>	<u>General Fund Total Budget</u>	<u>Identified Reductions</u>	<u>% Reduction</u>	<u>Number of Positions</u>

			538,079
Fund Balance - Beginning of year			<u>383,256</u>
Additional funds projected to be available			<u>\$ 921,335</u>

The attached schedules describe in further detail the cost reductions identified, as well as the anticipated impact of the significant cost reductions of \$2,000 or more. These cost reductions have been prioritized in five categories A, B, C, D, and E. Category A items are those which would be reinstated first should funds become available. Category B and C items are of intermediate reinstatement priority and category D items would be reinstated last. Category E items would not be reinstated.

RECOMMENDATION:

It is recommended that the School Board authorize the Administration to take the necessary operational steps to effect immediately the cost reductions totaling \$7,013,079 which are described in further detail in the attachment to this memorandum.

Community Council meetings	Resolution Center, Anchorage Hockey Association, Campfire, etc.

District Programs Affected

Dances and social functions	Staff Development
P.T.A. meetings	Evening High School
Music Department programs	Athletic competition

Other Information

There are currently 18 Municipality of Anchorage Community Schools, each with a coordinator and assistant coordinator, using District facilities. These changes would represent a significant cutback in Community Education programs.

All 61 gymnasiums are in use through 10:00 or 11:00 p.m., full time, Monday through Saturday. An early building closure would significantly reduce available gym time for public use.

REDUCTIONS AFFECT ALL 7,000 OF OUR STUDENTS AS WELL AS THE COMMUNITIES AS
A WHOLE. WE HAVE ATTEMPTED TO MAKE OUR REDUCTIONS IN AREAS THAT WOULD
LEAST AFFECT THE BASIC EDUCATION OF THE STUDENT. HOWEVER, THE MAGNITUDE
OF THE REDUCTION HAS FORCED US TO MAKE SOME REDUCTIONS AFFECTING THE
BASICS.
