BILL SHEFFIELD  
GOVERNOR

STATE OF ALASKA  
OFFICE OF THE GOVERNOR  
JUNEAU

Rec 5:10 p.m.  
3/27/84 PAM

PARTIAL VETO  
(reduction)  
CHAP. 19

March 27, 1984

The Honorable Jalmar Kerttula  
Alaska State Senate  
Pouch V  
Juneau, AK 99811

Dear Senator Kerttula:

Subject: HCS CSSB 403 (Fin) -- Making Special Appropriations for Capital Projects - Educational Facilities, Chapter 19, SLA 1984

Under Article II, Section 15, of the Alaska Constitution, I have signed into law House Committee Substitute for Committee Substitute for Senate Bill No. 403 (Finance), making special appropriations for capital projects associated with education facilities, libraries, and museums.

I am generally pleased with the type of capital projects approved by the Legislature in this bill. It contains many projects necessary for the education of our school aged children throughout the State. I have found it necessary, however, to veto appropriations in the amount of approximately \$7 million. This is roughly 9 percent of the total appropriations. Even at this reduced level, the basic needs for health, life, and safety in our schools will be met and some educational and cultural programs will be enhanced.

I considered several criteria when reviewing this bill:

1. Projects must be for a public purpose and provide a direct benefit to the public rather than a private interest.
2. Projects should be financed through existing State programs and be required to satisfy established evaluation procedures. State statutes have established an evaluation criteria for projects associated with elementary and secondary education facilities. These criteria were used in my evaluation of school projects.

- 2 -

3. Projects must have a reasonable certainty of feasibility. They should have realistic cost estimates and at least a minimum level of planning and conceptual design. Specifications for education facilities must be adhered to in the design and construction of schools.
4. Projects should be of high priority for State funding. As such, they should be of high community priority and demonstrate both the support of the municipality and the local school board.

I am very pleased that information about all projects was readily available during my review and that the majority of school projects had been subjected to review and evaluation by the Department of Education. Those projects that were vetoed are generally those of low priority according to the Department of Education and, in most cases, the projects were also of low priority to the local school boards.

Sincerely,

Bill Sheffield  
Governor
