RULES COMMITTEE MEETING

TUESDAY, APRIL 17, 1984

1. Call to order
2. Date and Time
3. Note members in attendance
4. The only bill on the agenda is HB 558, relating to the Local Service Roads and Trails Program.

The proposed Rules Committee CS for CSHB 558(CRA) amends the definition found on Page 3, lines 15 and 16. The Rules CS adds the words urban and interstate to the definition after the word "primary" to further clarify which federally designated highways are not eligible for local service roads and trails money.

When this bill left the C&RA Committee, a question was raised of whether the definition clearly excluded these types of federally designated routes. To avoid any future complication, the DOT/PF requested that the definition be clarified.

5. Mr. Charles Carrelia of DOT/PF will be able to answer questions on the Rules Committee amendment.
6. Public comment. ~~Committee debate~~. Request a motion to adopt CSHB 588(Rules).
7. Adjourn.
