SENATE BILL 383

An Act making special appropriations to the Department of Law and Education for miscellaneous claims; and providing for an effective date.

01/27/84

Introduced by Senator Ferguson  
Referred: Finance

Fiscal Note: \$4,155,799

## Summary:

SB 383 combines the outstanding court consent decrees of the Department of Law and the Department of Education into one bill. Several consent decrees have been generated since the bill was introduced, and they will be presented as amendments at the Senate Finance hearing.

The decrees presently in SB 383 are the following:

Department of Law: Woolworth v. Dept. of Revenue	\$ 4,862	
Cleary v. State	60,834	
Schmidt, et. al. v. State	8,119	
SEACC v. State	5,637	
State v. Ak. International Air	22,806	
Zobel v. Williams	120,238	
Mat-Su ALC v. State	34,693	
Carpenter v. Hammond	61,610	
	<u>\$ 318,799</u>	Subtotal
Department of Education, Tobeluk Consent Decree, to be allocated to:		
Hooper Bay	\$ 600,000	
Chalkyitsik	250,000	
Birch Creek	250,000	
False Pass	785,000	
Russian Mission	500,000	
Stevens Village	500,000	
Oscarville	250,000	
Akutan	677,000	
	<u>\$ 3,837,000</u>	Subtotal

Introduced: 1/27/84

BEAVER SCHOOL

The school building at Beaver, Alaska, was built in 1930. The building, which is over fifty years old, at first glance appears to be in decent repair. This is due primarily to the efforts of the maintenance and teaching staff at the school.

The facts make it clear that a new facility is badly needed. Much money would have to be spent in order just to bring the building into compliance with state building, fire, and electric codes. Beaver would still be left with an old building.

Another consideration is the size of the facility. At present, the building is crowded with fourteen elementary students. In addition, the building provides teacher housing and kitchen facilities for the students' lunch program.

Another factor contributing to the need for a new facility is the expected return of high school students. At present several high school age youngsters from Beaver are going to school in Fairbanks, and other communities in Alaska. It is anticipated that after June 30, 1984, these students will wish to enroll in their home community. This will further burden an already-crowded situation.

The proposed building will consist of a building much the same as the school at Rampart. It will provide an elementary classroom, a secondary classroom, half size gymnasium.

ALTERNATIVES. LIST TWO OR MORE ALTERNATIVES TO THIS CONSTRUCTION AND WHY REJECTED. 1. Continue using the BIA facility. This alternative is rejected due to overcrowding, code and life safety violations, operational costs, functional inadequacy, and un-housed students requiring additional space. A new facility is needed. 2. Upgrade the existing BIA facility to current code, energy, life safety and functionally mandated standards and requirements. This alternative is rejected due to the age of the building and further investment would not be cost effective. Major remodeling would also preclude the physical use of the facility for several months.

Roger Neunsinger, Superintendant  
Yukon Flats School District  
PO Box 359  
Ft. Yukon, Ak. 99740

January 13, 1984

Dear Mr. Neunsinger,

The school Board members and interested parents met to discuss our village getting a new school. Our school was built during the 1930's which makes our school about 53 years old. It does not meet present ~~state-space-requirements, its-very-crowded, during-the-winter-months-~~ the heating system freezes up, the well goes dry so we don't have no water for the bathrooms, kitchens and drinking water. Making it impossible to hold school during the regular school hours. Also we have problems with our generators not working even if we have a back up generator. The generators provide lights for the school, village safe-water, clinic, tribal building, telephone building and village store. The kitchen is usually the first place that freezes making it impossible to fix our children hot lunches. The space is also crowded.

We have been writing letters to different legislators for the past 5 years trying to get a new school-high school complex with a gym. At the present time we do not have a high school fo our children have to go to different villages, cities and even out of state to Chemawa. Which is inconvenient for the children and the parents.

We look forward to hearing from you soon with any help you can give us.

Thank you for your time and consideration.

Cruikshank Elementary School Board Members:

Sen. Ferguson's Office

AEC-FAC  
WALES KINRIKWA SCHOOL  
WALES, ALASKA 99783

RESOLUTION 83-01

A RESOLUTION of the AEC-FAC of Wales, Alaska, pledging to secure for our student population complete new school facilities.

WHEREAS, our present school structure is now twenty (20) years old, and;  
WHEREAS, promises are concerned, it may be five or 10 years later until complete renovation is acted upon.

NOW THEREFORE, BE IT RESOLVED, the Wales AEC-FAC on behalf of the students of Wales firmly resolve that a new elementary and high school be erected. BE IT FURTHER RESOLVED, that a gymnasium & multi-purpose court be included in the planning phase and the construction phase of the new building. We firmly resolve that our high school students be able to attend scheduled classes here in the village of Wales rather than attending a high school outside of their home village.

PASSED and APPROVED by the AEC-FAC, Wales Kinrikwak School, Wales, Alaska, this 4th day of October, 1983.
