MEMORANDUM

TO: Senate State Affairs Committee
FROM: Senate State Affairs Committee Staff *ST*
RE: SB 405 Notification of rate increases to pioneer home residents
DATE: February 21, 1984

SB 405 would require the Department of Administration to give written notice to all pioneer home residents 60 days before a rate increase is adopted. The bill would also require the Department of Administration to hold a hearing 30 days before the rate increase, and states that the Department shall take relevant matter into consideration before adopting the rate increase.

Fiscal impact

This bill has a zero fiscal note.

Back-up information

Fiscal note from the Department of Administration.
Position paper from the Department of Administration.

Position Paper

SB 405

This bill would require all residents of the Pioneers' Homes to be notified in writing of any proposed increase in the rate charges not less than sixty days before increase is adopted. This bill would allow rate increases only following public hearings. The Department supports a sixty-day notification period. The Department feels that "public hearings" on the rates paid by Pioneers' Home residents may involve a much more complicated process than currently exists. We know the actual costs of care in Pioneers' Homes increase over time. We are not confident that in public hearings residents would encourage rate increases. Regular public forums on costs of care could also raise the question of relative costs compared to care in private settings.

Whereas the Department supports the general concept of the adoption of regulations establishing the "rate for compensation" paid by residents of Alaska's Pioneers' Homes, we find this bill to be not necessary in that it primarily states the processes of promulgating regulations. That process already exists in other statutes.
