BILL SHEFFIELD
GOVERNOR

STATE OF ALASKA
OFFICE OF THE GOVERNOR
JUNEAU

February 20, 1984

The Honorable Jalmar Kerttula
Alaska State Senate
Pouch V
Juneau, AK 99811

Dear Senator Kerttula:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill that creates a program of academic graduate fellowships for educational exchange between Alaska and countries of the Pacific Rim.

The fellowship program is designed to increase understanding between the people of Alaska and the people of neighboring Pacific Rim countries. The program will afford the opportunity for Alaskans to demonstrate and share their educational and cultural interests, developments, and achievements with people of the Pacific Rim while at the same time learning from them. It is also the purpose of the fellowship program to promote international cooperation that will enhance trade which is of long-term mutual economic benefit to Alaska and neighboring countries.

The bill will provide financial assistance for selected Alaskan students to study for one year in a university located in a Pacific Rim country as well as assist selected students from the Pacific Rim to study here.

Private industry, both in Alaska and in Pacific Rim countries, will be encouraged to participate in the fellowship program through contributions of financial resources and other means that promote long-term economic development and trade.

Ltr from the Governor 2/20/84

The fellowship program will be administered by the Alaska Commission on Postsecondary Education. Regulations will be adopted as necessary for program administration, in accordance with the Administrative Procedure Act.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bill Sheffield".

Graduate exchange program good idea

A measure introduced in the Alaska Legislature last week at the request of Gov. Sheffield would establish a scholarship fund for exchanging graduate students with other Pacific Rim communities. It's a promising idea that deserves favorable attention.

There are plenty of schemes afoot for how to promote Alaska's involvement with the Pacific Rim, but few hold as much promise as graduate student exchange. Students offer fertile opportunities for cultural understanding: they are generally bright, inquisitive and opportunistic without being threatening or inflexible. Graduate students who gain an understanding of and appreciation for other cultures by living and studying abroad generally return home to offer their perspectives, contacts and experience through an entire career. The benefits accrue to both the students and the countries involved — decades of understanding and continuing involvement in return for a year or two of study.

It is a good deal for all sides. Alaska should endeavor to send some of its best students to study around the Pacific Rim, and to offer a place to other nations' students who would like to study here. The Pacific Rim Fellowship Program would accomplish just that, and at minimal cost to the state. The legislature should act promptly and favorably on a worthwhile idea.
