* Sec. 443. The sum of \$31,400 is appropriated from the general fund to the Department of Administration for payment as a grant under AS 37.05.315 to the City of Noorvik for upgrade of the city office and equipment.

* Sec. 444. The sum of \$3,100 is appropriated from the general fund to the Department of Administration, Office of the Commissioner, to develop financing alternatives for Spring Creek Correctional Facility.

It is the intent of the legislature that the state's correctional system continues to cope with inmate population pressures and that the greatest need is for housing high security, long-term prisoners. General Fund revenue available to the 14th legislature is insufficient to construct the necessary facility by direct appropriation. Partial funding for a long-term facility at Seward has already been appropriated by the 13th legislature. The City of Seward has agreed to use its best efforts to obtain financing to complete the construction of the facility and lease whatever portions are constructed by the city to the state on a long-term lease basis.

The legislature understands that in future years it will be asked to

1 appropriate funds for annual lease payments to the City of Seward for
2 portions of the facility and that the future operating budgets of the
3 Department of Corrections may be impacted by those annual rentals.
4 The legislature indicates its present intent to appropriate the lease
5 payments, so long as they do not exceed the amount required to pay the
6 city's annual cost of retiring its indebtedness.
