Dear Professor Hamilton:

The impeachment crisis in Alaska ended today with a finding by the state senate that there was no clear and convincing evidence that the governor committed an impeachable offense. Therefore, the House Judiciary Committee will go forward with its scheduled hearings on the corporation code on September 20 - 21. If the senate had concluded that he had committed an impeachable offense, the house would have had to sit as a court and determine the governor's guilt or innocence, a process that probably would have required the cancellation of our meeting.

Funding for your trip to Alaska will not be a problem. If it is alright with you, it would be easiest if you purchased your own airline ticket and made your own hotel arrangements. Then you could submit a bill to the committee for your expenses. If this is not a satisfactory arrangement, please let me know as soon as possible.

Hopefully between you and Professor Fessler and the suggestions of interested members of the public who may be at the meeting, the committee will be able to recommend a great bill back to the legislature.

I am going to be out of the office until the 16th of September. If you need any information on the meeting, please contact my co-worker Bob Speed at the committee address or phone number.

Sincerely yours,

Hayden Kaden

Dear Professor Hamilton:

This letter is to confirm our phone conversation of June 3rd regarding the House Judiciary Committee meeting in Anchorage on September 20 - 21, 1985, to hear testimony on HB 246, "An Act revising the corporation code".

On behalf of the committee, I would like to thank you for agreeing to participate in the proceedings. After further conversation with the director of the Code Revision Commission, it appears that funding for you will not be a problem. However, I cannot confirm that until sometime in July.

In the meantime, I am enclosing a copy of the latest version of HB 246, the commission commentary on the bill, and a comparison of the proposed Alaska Corporation Code with the 1984 draft of the Revised Model Business Corporation Act. I trust that these will add a touch of excitement to what would otherwise be a boring vacation in New England.

I am looking forward to seeing you again after 20 years. You will be hearing from me again during the month of August.

Sincerely yours,
