Apparently because of a misunderstanding in the daily schedule for today from the Clerk's Office, they showed that HB 294-295 will be up for discussion again today, so you might want to clarify that while the committee will be discussing local hire, it won't be taking any more testimony on those two bills.

Also, we have added HR 7 on out of state firms doing local Alaska hire to the agenda, and that is not listed in the daily schedule either; although it was up for hearing once already and so it has met the five-day notice.

HCR 20

There was a series of 3 questions that Rep. Boucher posed to Mr. Idwell of the Dept. of Labor involving the costs, etc of Rep. Pignalberi's resolution HCR 20 as opposed to HB 294-295, which you may want to have brought back up in case Red forgets.

HR 7

Also, you might want to pose for Rep. Pignalberi for his HR 7 bill whether that bill and that request could not be better focused or directed to the Dept. of Commerce, Economic Advocates section, Office of International Trade or some other comparable office to do. His resolution as he currently states it directs the House of Representatives to do something, not a Department of State Government. Consequently, unless it is amended, I don't see anything happening to it; unless he wants the House Research Agency or Legislative Affairs or someone to do something on it. It is not specific enough in its direction.
