POSITION PAPER

RE: SB 108

SPONSORS: Ferguson, Bennett, Coghill, Fahrenkamp, Faiks,
Kelly and Rodey

The Department concurs with the need to develop and support Olympic talent in Alaskan youth and adults. However, the bill proposes to split the management of the proposed donor program between the Department of Community and Regional Affairs (DCRA) and the Department of Administration (DOA). DCRA would have responsibility for informing state and municipal officers and employees about the program and providing forms for participation.

It would be more reasonable to give all responsibility for administration to one department, the Department of Administration, since that department would be responsible for management and disbursement of funds collected. Splitting the functions associated with the fund would needlessly complicate administration of the program and could cause unnecessary confusion on the part of donors.

Position Paper
SB 108

The Department of Administration understands the intent of this bill and has worked closely with the United States Olympic Committee in Alaska (USOCA) during the past year to make this program work successfully. This bill generally addresses mutual concerns of both USOCA and the State that arose during the first year of the program. However, we feel some further clarification is necessary to allow the program to work more smoothly and is provided in the points that follow:

1. Administrative responsibility for a program should not be shared between two agencies as such an approach tends to cause inefficiency through duplication of effort and confusion. All activities of the Quadrennial Olympic Reserve Account should be administered by the Department of Community and Regional Affairs, including maintenance of the trust account and making payment activity, much the same as they do already for other grant programs administered by the Department.
2. This bill makes provision for the State to provide cash match based upon in-kind donations. No further definition of in-kind is mentioned. We feel that any legislation enacted needs to specify more precisely what in-kind contributions will qualify for State match. A preferable approach to addressing this issue is to limit in-kind donations to those that will be used directly by the program without first converting them to cash. Such items could include training equipment or donations of real property or building materials used to construct facilities to be used by USOCA supported programs.
3. This bill should include provision to recognize the need for the State to be able to prescribe record keeping and other administrative requirements as do other grant programs administered by the State.

We have assumed that the State will match the full \$1,000,000 private donations annually.

The State employee match is based on the assumption that 20% of the 14,339 State employees (count as of January 31, 1984) will participate in this program annually.

The estimated cost of producing the payroll deduction authorization forms and annual administration of the program is \$30,000 (B).

Re: Quadriennial Olympic Trust Fund - H.B. 236
Information for Anchorage Delegation

Per our series of conversations and specifically following through on our most recent conversation of this morning, per your request herewith is the information you seek which will enable Anchorage area legislators to evaluate how enactment of this legislation will directly and indirectly benefit Olympic excellence and assist in obtaining either the 1996 or year 2000 Winter Olympic Games for Mt. Alyeska and the Anchorage Bowl area:

1. As shown by the enclosed 2/8/85 response to the Chairman of the U.S. Ski Association, Alaska Division, in Anchorage, when this legislation passes, it will enable the Statewide Olympic Committee and the USSA-Anch Division to work as a team to build a combined USSA-USOC-AK headquarters building at Mt. Alyeska with no future operation or maintenance cost to the State. The headquarters will be a visible presence of Olympic excellence in the winter sports.
2. Spin-offs will be enhancement of the possibility of the IOC (International Olympic Committee) selecting Anchorage for the '96 or year 2000 Winter Olympic Games. As you know, Canada got the '88 Winter Games for Calgary, and the economic, prestige and Olympic Image spin-offs are incalculable. The Statewide Committee wholeheartedly supports the Anchorage project, although we cannot, under USOC rules, be directly involved, we will be indirectly involved such as our decision to join with the USSA in building their state headquarters at Alyeska.
3. Anchorage has a perfect winter-type climate for such a headquarters, and being the nerve center for both Apline and Nordic Ski-Excellence, as Fairbanks can be such a center for Luge and Biathalon.
4. H.B. 236 and S.B. 108 embody a creative, pioneering concept of requiring the Olympic people (unlike any other recipient) to first motivate private sector sacrifice and personal contributions of money and property before any State matching takes place. The legislation (which only authorizes an appropriation) also permits State and municipal employees to voluntarily sacrifice and participate for a worthy cause and thus receive favorable publicity.

5. This legislation is based upon the idea of a joint partnership by the State and the private sector in investing state and private funds into a trust fund which will encourage - in perpetuity - the development of Olympic Excellence in our Alaskan Youth so that Alaska - like East Germany in Running and Swimming events - will become the most prolific producer of U. S. Winter Olympic talent than any state in our union, despite our low population.
6. Time is of the essence - to raise our matching funds in order to claim the million appropriated last year takes a gigantic effort by our Statewide Volunteers, not one of whom is on salary. We simply work free for a dynamic idea of Olympic Dedication and Excellence that will truly put Alaska on the map in the world of Olympic Competition.

Sincerely yours,

EDWARD A. MERDES

Calvin E. "Butch" West
President
USSA-Alaska Division
Anchorage, Alaska

Dear Butch:

You have no idea how much I also enjoyed the breakfast we all shared at the Captain Cook.

I am most impressed with the contents of your letter and your well-thought-through ideas, concerning upgrading the entire Alpine-Nordic skiing community in Alaska. Rarely have I seen such a comprehensive and impressive presentation.

Your stated goal of the construction of a race training facility at the foot of Mt. Alyeska in order to develop Alaskan amateur ski racers into national or international competitors, is a superb one. The statewide Olympic Committee concurs in wholeheartedly! You point out that the building will benefit about three hundred local racers and mold them into junior and adult Olympic competitors.

The facility will be the headquarters for Alpine ski racing in south central Alaska and the USOC-AK south of the Range. In addition to the above, its existence will aid the goals of the USSA, the U.S. ski team, and the International Ski Federation.

The state Olympic Committee is most impressed with the fact that your group has earned sufficient prestige to convince the owners of Alyeska to donate the property at the Alyeska site. Your responsible attitude in agreeing to maintain and operate the facility at no cost to the state Olympic Committee is in itself a most valuable contribution to the Olympic movement.

The fact that your group has raised \$60,000 in cash and pledges is likewise impressive. This is a real "sweat equity" accomplishment.

The statewide Olympic Trust Fund authorized by Chapter 144 SLA 1984, and which is administered by the direction of the Legislature by the statewide Olympic Committee, has adopted a policy of utilizing only the earnings from the trust fund, however I have received tentative approval from the statewide committee to waive this policy on a one time basis only. Hence we will grant you our state matching funds equal to your pledge to the USOC-AK to build your \$160,000 race training facility building at Alyeska.

The commitment will become permanent upon entering into an agreement with USOC-AK delineating our joint responsibilities and benefits which must be approved by a vote of the statewide Committee.

In order to obtain matching funds, for the value of the real estate upon which the building will be located, it is necessary to obtain a fair market value appraisal thereof. Please arrange to have this done, and submit it to the Committee.

A major factor motivating the statewide Committee to enter into this novel one-time arrangement with the USSA-Alaska Division, is that your group will provide USOC-AK and agreed-upon rent free office space in the building for its visible Anchorage area headquarters. Be assured that we will only need a modest amount of space. The presence of the USOC-AK state headquarters in the building will be beneficial to all concerned.

To implement matters, may I suggest that Bob Eastaugh draft a proposed agreement between us so we may get moving, in order to afford you the opportunity to construct this summer.

One final important matter: Enclosed is a copy of HB 236. This legislation, if passed, will continue the concept of the Olympic Reserve (Trust) Fund for four additional years, i.e., during the next Olympic quadrennium. In order for our race training facility project to get off the ground, it is necessary that this legislation pass. I have found no opposition to date, however please have your group and members send letters enclosing copies of HB 236 to all Anchorage/Palmer/Wasilla legislators.

Sincerely,

EDWARD A. MERDES

TESTIMONY ON SB 108
SENATE COMMUNITY AND REGIONAL AFFAIRS
FEBRUARY 12, 1985

Thank you for the opportunity to assist your committee's work on this bill.

The purpose of this bill is to expand upon SLA 141 which was passed by the Legislature last year.

SLA 141 is titled, "An Act Creating an Olympic Reserve Account in the General Fund and Providing for an Effective Date."

The law does three things:

- 1) It establishes the Olympic Reserve Account in Title 5, Chapter 13. The account consists of voluntary salary deduction contributions from state employees.
- 2) It provides that the Department of Administration shall hold the contributions in a trust for the official U.S. Olympic Committee in Alaska; and
- 3) It authorizes State matching funds, dollar for dollar, for all private donations, not to exceed \$1 million and in addition, the salary deduction contributions made by state employees.

The Act took effect July 3, 1984, and expires on June 30, 1985.

The present bill before you, SB108, elaborates and extends some of these features in last year's bill.

First, its effective date begins where last year's law ends, i.e., July 1, 1985. The term of the bill is 4.5 years, and it expires December 31, 1989. This coincides with the quadrennial period established by the U.S. Olympic Committee.

Secondly, it allows voluntary contributions from municipal employees to be matched by the State.

Third, it allows in-kind donations that are acceptable to the official U.S. Olympic Committee for Alaska, and which are appraised at fair market value, to also be matched with state funds up to, but not more than \$1 million.

Fourth, this bill designates C&RA to carry out the notifications and to provide forms to state and municipal employees.

Amendment #1 to SB 108

This amendment clarifies that the administration of municipal programs are independent of the State. It provides that municipal contributions are paid into the U.S. Olympic Committee in Alaska (USOCA), and that the USOCA will invoice the state for matching funds.

Amendment #2 to SB 108

The first part of this amendment is to delete the date because it is specified in the effective date of the Act.

The second part deletes reference to the municipality because it is taken care of in the previous amendment, #1.

Amendment #3 to SB 108

The purpose of this amendment is to limit the scope of private, in-kind donations to items which are directly or indirectly to the Olympic program effort.

Amendment #4 to SB 108

The purpose of this amendment is to spell out the process for applying for matching funds.

Amendment #5 to SB 108

The purpose of this amendment is to specify the effective date and expiration date of the Act and to identify it with the Olympic quadrennial cycle.

Amendment #1, to SB108

Contributions made by municipal employees shall be transmitted directly to the official United States Olympic Committee in Alaska by the municipality. Re: Olympic Trust Fund, SB 108

Dear Edna,

Am truly sorry we didn't have an opportunity to visit while I was in Juneau week before last. Just as Jack Coghill and I were leaving your committee room, we had intended to return and chat with you.

Edna, Congratulations on your election. Seems like only yesterday, you, Don Dennis, myself, and the other valley folks put the Green Giants Baseball Organization together. It's hard to believe it was some eight years ago.

Re the above bill: Ken Bischoff, from Lisa Rudd's office, and I have been working closely implementing ch. 141, SLA 84, the Olympic Trust Fund Statute. Our joint experience demonstrated the need for some sensible house keeping changes, which have been approved by Senator Ferguson.

As you can see from the LIO draft of the bill, the following changes have been made: (1) switching implementation from Department of Administration to Department of C&RA which has been approved by Emil Notti; (2) clarifying the original legislative intent expressed by the then finance committee chairman, that in-kind and cash private will be matched by the State not to exceed 1 million dollars; (3) Extending the statute for the next olympic quadrennium from 1985 thru 1988; (4) authorizing municipal employees to voluntarily enter the program in the same manner as State employees.

SB 108 accomplishes these practical objectives - except a drafting mistake was made in extending it indefinitely rather than for the next quadrennium. Hence I would recommend your committee (or finance) to amend the bill to provide for only a four year extention.

Enclosed in Senator Bennett's original letter, outlining the original intent of the finance committee to permit in-kind private donations to qualify for State matching so long as they were accompanied by a fair market appraisal. Also enclosed is a copy of the letters endorsed by the bank, a CPA and myself on behalf of the State Olympic

Committee concerning this procedure. Mr. Bischoff and Lisa Rudd felt that this procedure should be incorporated into the law which SB 108 does. Also this letter outlines purposes for which the Olympic Trust monies will be used, i.e., (1) sponsor the statewide Junior Olympic Program and (2) encourage the development of olympic excellence and talent throughout the State of Alaska.

It would be sincerely appreciated if you would, as quickly as possible, move the bill out of your committee and into finance. Senator Kelly is vitally interested in the continuation of the Olympic Trust Fund and asked me to keep him informed, hence a CC of this letter is going to him along to Senators Bennett and Ferguson.

Subject: Olympic Trust Fund Legislation

As discussed, this memorandum is to confirm items that need to be included in the legislation that is being drafted to continue the Olympic Reserve Account legislation passed last year. We have had several discussions with Mr Ed Mercedes on how the Olympic Program should be administratively established and have agreed that there should be provisions made in the new legislation for the following:

1. The Department of Community and Regional Affairs (C&RA) should be designated as the responsible agency for overseeing this program. It is a goal of the United States Olympic Committee In Alaska (USOCA) to establish a number of programs to be made available in potentially any community statewide. C&RA routinely administers grant programs that affect many areas of the state USOCA has targeted for its efforts. We have been advised by the Department of Law that the Olympic Program should be treated as a form of grant. C&RA is more functionally compatible to administer the Olympic Program than the Department of Administration (DOA). We have discussed the matter with Emil Notti, Commissioner of C&RA who has agreed to accept responsibility for administration of the program.

2. The term private donation needs further definition. The most significant question concerns the treatment of "in-kind" donations, where a private individual donates personal or real property in lieu of cash. The existing legislation does not specifically address this area. If the state is to match in-kind donations the new legislation needs to include provision for such. Further definition will be needed to identify precisely what kinds of property would qualify for state match; parts inventories?, used clothing?, vehicles?, personal services?, etc. How should in-kind donations be valued which must be determined to know what the state matching obligation should be? Or should in-kind contributions be converted to cash before the state makes the matching disbursement?

DRAFT

3. The state agency responsible for making matching disbursements needs to have the authority to prescribe grantee record keeping and other administrative requirements such as the ones that have already been agreed to by USOCA and include.

- o Provision for Annual Audit of the program by an independent certified public accountant who's report will attest to the fairness of the financial statements and monthly billings on which the state provided matching funds, the degree to which USOCA has complied with the terms of agreements entered into between the State and USOCA and the degree to which USOCA is in compliance with legislative intent.

- o Record keeping requirements, monthly invoicing procedure, etc. necessary to ensure an adequate audit trail.

- o An annual program goals and objectives statement which includes sufficient detail to identify what activities will be started and completed for the year.

- o How limited funds will be fairly allocated and how will disputes be resolved.

4. More detailed description as to the purpose and the kinds of activities the Olympic Program should statutorily be trying to accomplish.

Fairbanks, AK 99707

Dear Mr. Merdes:

This letter is to request your confirmation of those items we discussed in Fairbanks January 3 concerning what will be needed in order for the trust to be routinely reimbursed by the State for the State match requirement:

1. For the interim period through June 30, 1985, trust activity will be audited on a quarterly basis by an independent certified public accountant (Mr. E.M. Cox) who's quarterly audit report will attest to the degree.
 - financial claims for matching funds are fairly stated and are supported by adequate backup documentation (source copies of receipts, invoices, checks, etc.) necessary to provide a reliable audit trail.
 - cash and in-kind contributions are from private sources.
 - requests for State match only include amounts that have been donated as cash or deposited based on the following understanding:

Per our discussions, it is the State's understanding the bank has assumed the risk for ultimate disposition of donated (in-kind) property. The bank has agreed to deposit funds based on valuations determined by independent appraisal of donated in-kind property as a community service thus allowing the program to proceed without delays otherwise required to convert donated in-kind property to cash. Funds deposited to the trust as a result of in-kind contributions are property of the trust with no recourse by the bank or other interested party, even when disposal is significantly delayed or proceeds finally realized from disposal are less than the amount originally deposited to the trust in recognition of the in-kind contribution.

January 7, 1985

THE STATE WILL REQUEST A CONFIRMATION LETTER FROM THE BANK THAT THE STATE'S UNDERSTANDING OF THE TREATMENT FOR IN-KIND CONTRIBUTIONS IS CORRECT.

- ° State match is being used for purposes consistent with enabling legislation, currently Chapter 141, SLA 84 and other agreements made between the State and the Olympic Committee to define the terms, conditions, and deliverables under which this program will operate.

Audit reports will be prepared for the last two quarters of this fiscal year.

If this program is continued past June 30, 1985 and all is working well, the quarterly audit requirement could be reduced to a single annual audit.

2. Status of project activity

- ° We have reviewed activity of the trust from July 1, to December 31, 1984. Claims for State match total \$327,124.73. The State has paid \$27,124.73. More than 90% of the dollars claimed were represented by one transaction which was a result of a \$300,000 deposit made based upon an in-kind contribution, treated in a manner consistent with the procedure for in-kind contributions described above.

When the State receives confirmation from the bank that the procedure for in-kind contributions is correctly understood, the State will make payment.

3. The bank will send the following monthly as support for claims for match.

- ° Certified copies of the trust bank statements

It was agreed that the trust would be broken out into two separate accounts: one account for payment of administrative costs, and one account for contributions only.

The administrative account would periodically be replenished via transfer from the contributions account probably based on some fixed percentage of contributions determined to be appropriate.

Disbursements from the contribution account would be of two types only; disbursements to a specific project funded by the program, periodic transfer to replenish the administrative account.

January 7, 1985

- A listing of all transactions by account for the month. Descriptive data will include:

Each contributor name and amount to support each deposit entry (indicate if contributor makes any special stipulations and whether the contribution was cash or in-kind).

Each payee name and dollar amount for disbursements including a brief reference of the reason for the disbursement (administrative, special project, etc.)

- 4. We generally talked about what programs or projects you expected to use the match for, but we never got down to real specifics. One reason for that is that not enough money has accumulated yet to do much with. However, what the Olympic Committee expects to accomplish with matching funds does need to be documented. I have seen correspondence that one possible area is to establish Olympic programs in schools. I am sure you have considered other possibilities. A review of the enabling statute (Chapter 141, SLA 84) does not give any real indication what the funding is supposed to be used for and who is ultimately eligible to receive services from it.

Even though we did not discuss the issue in detail as to what specific projects you will use the match money for, we are reminded that it is public money and we must take steps to ensure that it will be used for a viable public purpose. If someone were to ask me what will be accomplished with the money from the State match, I have your word that it will be used for a good purpose. We need a more formal agreement.

The Olympic Program, as stated previously, was originally viewed as a one time appropriation. It is not reasonable to establish formal codified rules and regulations for a relatively small one time appropriation. However, upon reviewing the situation with the Department of Law, we have been advised that we should view this appropriation as a form of a grant and there should be some type of grant agreement stating specifically what the funding will be used for and what the tangible end products will be in addition to the administrative conditions we have already discussed. The grant agreement would be a working document setting out the ground rules we have discussed previously and will include specific deliverables as to what the money will be spent for to accomplish specified objectives within specified time frames.

I expect you to already have some program objectives documented and possible projects you would like to see completed. Please include a list of program objectives and programs to be funded to meet those objectives in priority of funding order so they may be included as part of our working agreement. As with any program of this nature, what you will be able to accomplish is dependent upon the level of funding you are able to

January 7, 1985

achieve. At this point all you can really be expected is to indicate from your list which projects will be started and completed within specified time frames assuming specified levels of funding are attained.

Thank you for your cooperation and assistance.

Sincerely,

Kenneth E. Bischoff

Dear Mr. Bischoff:

Thank you for your comprehensive letter of January 7, 1985 confirming the discussions in Fairbanks among officials of the First National Bank of Fairbanks, CPA E.M. (Ted) Cox, you and myself.

You requested the bank to confirm in writing the plan of action on the manner in which in-kind private donations will be matched. Officials of the bank, Mr. Cox and myself, with the following clarifying modification, concurred to by Sen. Bennett, fully agree with your plan of action.

When an in-kind private donation is received the State Olympic Committee shall obtain a fair market value appraisal thereof. The committee, in order to qualify for and obtain an equivalent state match, may submit said appraisal directly to the State and obtain the match, or alternatively, may submit the appraisal to the bank, which will thereupon deposit the amount in the Olympic Trust Fund and upon transmittal of a certified copy of said deposit to the State, be entitled to receive the equivalent match up to but not to exceed \$1 million in the aggregate. We trust the State will prefer the second alternative. A copy of Sen. Bennett's letter to Commissioner Rudd supporting this method is attached.

Finally in response to your request please be advised that the earnings from the Trust Fund will be used to implement and operate the official Junior Olympics Program in Alaska, a copy of a brochure explaining that program is enclosed. Aside from the Junior Olympics, the Trust Fund will carry out the development of Olympic excellence in Alaska as outlined in our constitution.

Sincerely,

Edward A. Merdes

Re: Olympic Trust Fund - Ch. 141SL84

Dear Commissioner:

The official Olympic Committee Alaska asked me to clarify legislative intent concerning gifts that qualify for matching in the above statute.

As co-author of the original bill, that created the trust fund, it was my intent and that of the Finance Committee, that the language in Sec 3(b) of the statute which provides that the state may appropriate matching funds equal to the amount of all private donations includes in-kind private donations. However, the state should require a fair market value appraisal of such in-kind donations to qualify them for state matching funds.

Dear Representative Szymanski:

This letter is in response to your inquiry concerning the legislation that was passed last year on behalf of the United States Olympic Committee in Alaska (USOCA).

Chapter 141 SLA 84 established a reserve account for collecting employee contributions and to make disbursements to the USOCA. Additionally, that statute provided for the State to be able to match private contributions made to the USOCA up to a total of one million dollars. The State has been making monthly payments for employee contributions and has provided some matching funds based on private donations. We are in the process of finalizing how the disbursement of State matching funds to USOCA will work for the balance of the fiscal year. The legislation passed last session lapses on June 30, 1985. However, a movement is afoot to try to make the program continuing.

We have had several inquiries concerning how matching funds may be used and who is eligible to receive those funds. The legislation is set up so that all matching funds are sent to USOCA. Organizations wishing to become a participating program need to contact committee members to review their request. The statute is general in nature, as written, and gives USOCA the responsibility for determining how funds will be applied. The accountability check occurs through a written understanding between the State and USOCA as to what the record keeping requirements will be, what is required to disburse matching funds to USOCA, audit requirements, and a description of what USOCA intends to accomplish. Copies of the enabling legislation and letters of understanding are enclosed and will give you a more detailed understanding where exactly this program rests.

POSITION PAPER

RE: SD 108

SPONSORS: Ferguson, Bennett, Coghill, Fahrenkamp, Faiks,
Kelly and Rodey

The Department concurs with the need to develop and support Olympic talent in Alaskan youth and adults. However, the bill proposes to split the management of the proposed donor program between the Department of Community and Regional Affairs (DCRA) and the Department of Administration (DOA). DCRA would have responsibility for informing state and municipal officers and employees about the program and providing forms for participation.

It would be more reasonable to give all responsibility for administration to one department, the Department of Administration, since that department would be responsible for management and disbursement of funds collected. Splitting the functions associated with the fund would needlessly complicate administration of the program and could cause unnecessary confusion on the part of donors.

4 FOURTEENTH LEGISLATURE - FIRST SESSION

5 A BILL

6 For an Act entitled: "An Act creating a Quadrennial Olympic reserve
7 account; and providing for an effective date."

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

9 * Section 1. LEGISLATIVE INTENT. The legislature finds that it is
10 beneficial to support and encourage the spirit of dedication and excellence
11 symbolic of Olympic athletes and to register wholehearted support of the
12 Olympic Games and develop Olympic talent in Alaskan youth and adults.
13 Therefore, the legislature shall establish a Quadrennial Olympic reserve
14 account in the general fund.

15 * Sec. 2. AS 05 is amended by adding a new chapter to read:

16 CHAPTER 13. QUADRENNIAL OLYMPIC RESERVE ACCOUNT.

17 Sec. 05.13.010. QUADRENNIAL OLYMPIC RESERVE ACCOUNT. There is
18 created in the general fund a Quadrennial Olympic reserve account.
19 The account shall consist of salary deduction contributions of offi-
20 cers and employees of the state or a municipality of the state under
21 AS 05.13.020(a). The Department of Administration shall hold that
22 money in trust and shall make regular payments from the account to the
23 beneficiary of the trust, the official United States Olympic Committee
24 in Alaska, after the committee has established a private fund for pri-
25 vate contributions.

26 Sec. 05.13.020. SALARY DEDUCTIONS AND OTHER CONTRIBUTIONS. (a)

27 On July 1, 1985, one dollar per month shall be deducted from the
28 salary of each officer and employee of the state or a municipality of
29 the state who requests involvement in the program under (c) of this

1 section. Salary deducted shall be deposited into the Quadrennial
2 Olympic reserve account.

3 (b) The legislature may annually appropriate to the official
4 United States Olympic Committee in Alaska a matching amount equal to
5 the amount of

6 (1) all private donations including in-kind donations based
7 upon fair market value appraisal, to the official United States
8 Olympic Committee in Alaska, not to exceed \$1,000,000 in the aggre-
9 gate; and

10 (2) the salary deduction contributions made by all state
11 and municipal officers and employees.

12 (c) The Department of Community and Regional Affairs shall, by
13 September 1, 1985,

14 (1) inform all state and municipal officers and employees
15 about the deduction program; and

16 (2) provide all state and municipal officers and employees
17 with a form, addressed to the governor or the governor's designee, on
18 which the intention to participate in the Alaska-United States Olympic
19 Trust Fund may be indicated.

20 * Sec. 3. This Act takes effect July 1, 1985.

Position Paper
SB 108

The Department of Administration understands the intent of this bill and has worked closely with the United States Olympic Committee in Alaska (USOCA) during the past year to make this program work successfully. This bill generally addresses mutual concerns of both USOCA and the State that arose during the first year of the program. However, we feel some further clarification is necessary to allow the program to work more smoothly and is provided in the points that follow:

1. Administrative responsibility for a program should not be shared between two agencies as such an approach tends to cause inefficiency through duplication of effort and confusion. All activities of the Quadrennial Olympic Reserve Account should be administered by the Department of Community and Regional Affairs, including maintenance of the trust account and making payment activity, much the same as they do already for other grant programs administered by the Department.
2. This bill makes provision for the State to provide cash match based upon in-kind donations. No further definition of in-kind is mentioned. We feel that any legislation enacted needs to specify more precisely what in-kind contributions will qualify for State match. A preferable approach to addressing this issue is to limit in-kind donations to those that will be used directly by the program without first converting them to cash. Such items could include training equipment or donations of real property or building materials used to construct facilities to be used by USOCA supported programs.
3. This bill should include provision to recognize the need for the State to be able to prescribe record keeping and other administrative requirements as do other grant programs administered by the State.

We have assumed that the State will match the full \$1,000,000 private donations annually.

The State employee match is based on the assumption that 20% of the 14,339 State employees (count as of January 31, 1984) will participate in this program annually.

The estimated cost of producing the payroll deduction authorization forms and annual administration of the program is \$30,000 (B).

SUMMARY INFO SB 350 AN ACT CREATING THE ALASKA-UNITED STATES OLYMPIC TRUST FUND REPLACED WITH A SPONSOR SUBSTITUTE AND REPORTED OUT WITH A \$10,000 FISCAL NOTE BY A MAJORITY DO PASS.

TEXT SB 350 CO-CHAIRMAN DON BENNETT MOVED THAT SB 350 (AN ACT CREATING THE ALASKA-UNITED STATES OLYMPIC TRUST FUND) BE BROUGHT ON FOR DISCUSSION. SENATOR FERGUSON GAVE A BRIEF HISTORY OF THE BILL, STATING THE ALASKA-UNITED STATES OLYMPIC TRUST FUND WOULD CONSIST OF MONEY OBTAINED FROM SALARY DEDUCTIONS, CONTRIBUTIONS OF OFFICERS AND EMPLOYEES OF THE STATE, PRIVATE DONATIONS AND STATE MATCHING CONTRIBUTIONS. THE SALARY DEDUCTIONS WOULD BE \$1.00 PER MONTH FROM STATE EMPLOYEES AND PRIVATE DONATIONS COULD NOT EXCEED \$1 MILLION. THE OVERALL FUND WOULD TOTAL \$1,225,000. THE FISCAL NOTE IN THE AMOUNT OF \$10,000 WOULD SET UP THE PAPER WORK. HE CALLED ATTENTION TO THE POSITION PAPER BY THE DEPARTMENT OF ADMINISTRATION WHEREIN THEY SUPPORT THE CONCEPT OF THE BILL BUT RECOMMENDED THAT A "NOT-TO-SUCCEED" AMOUNT BE INSERTED IN SECTION 2(C). SENATOR FERGUSON SAID THE PROPOSED SPONSOR SUBSTITUTE WHICH HAD BEEN PASSED OUT TO THE MEMBERS, WOULD SET THE MAXIMUM FROM PRIVATE DONATIONS AT \$1 MILLION. THE AMOUNT OF MONEY CONTRIBUTED BY THE STATE IN MATCHING FUNDS TO THE TRUST FUND WOULD BE USED FOR ALASKANS PARTICIPATING IN THE UNITED STATES OLYMPICS. THE MONEY DONATED BY THE PRIVATE SECTOR AND THE STATE EMPLOYEES WOULD BE USED BY THE UNITED STATES TO PARTICIPATE IN THE OLYMPICS. SENATOR FERGUSON ADVISED THE COMMITTEE THAT THE FISCAL NOTE HAS BEEN SET UP SO THAT THE AMOUNT DONATED AND THE AMOUNT CONTRIBUTED BY THE PRIVATE SECTOR WILL BE APPROPRIATED IN THE NEXT SESSION OF THE LEGISLATURE. HE FELT IT WOULD BE POSSIBLE TO PUT IN THE FISCAL NOTE THAT THAT MONEY COULD BE ALLOCATED THIS YEAR IF IT WERE THE WISH OF

THE COMMITTEE. IN ANSWER TO A QUESTION BY SENATOR MULCAHY AS TO WHETHER THIS MONEY WAS TO BE USED FOR THE SUMMER OLYMPICS, SENATOR FERGUSON SAID IT WOULD BE FOR THE OLYMPICS FOR 1988. THIS LEGISLATION WAS BEING CREATED NOW BECAUSE IT WAS FOUND THAT THE PARTICIPANTS TO THE OLYMPICS WEREN'T RECEIVING QUITE AS MUCH MONEY AS THEY SHOULD BE RECEIVING. SENATOR SACKETT ASKED HOW THIS DEALT WITH THE NON-INTERFERENCE OF THE GOVERNMENT. SENATOR FERGUSON SAID STATE MONEY COULD NOT BE CONTRIBUTED BUT IT COULD BE THROUGH THE SYSTEM OF THE STATE EMPLOYEES AND THE PRIVATE CONTRIBUTIONS. THE STATE CONTRIBUTION WOULD BE USED SOLELY FOR ALASKANS. THERE BEING NO FURTHER DISCUSSION, SENATOR FERGUSON MOVED THAT SPONSOR SUBSTITUTE FOR SB 350 WITH THE \$10,000 FISCAL NOTE BE MOVED FROM COMMITTEE WITH INDIVIDUAL RECOMMENDATIONS. THERE BEING NO OBJECTION, SPONSOR SUBSTITUTE FOR SB 350 WITH THE \$10,000 FISCAL NOTE MOVED FROM COMMITTEE WITH A UNANIMOUS DO PASS. TEXT HB 576 - An Act relating to use of permanent fund dividends to satisfy debts owed to the state; and providing for an effective date. Chairman Adams stated that CS HB 576 (Resources) would grant 600 acres of state land to Whittier so it can develop a land base for housing and other purposes. He said a question has been raised by the Department of Law as to whether the bill violates the constitutional prohibition against local and special legislation. He said the question has been satisfied because Whittier is unique in its situation in that it is unlike any other community in the state. Chairman Adams said he had prepared a letter of intent for the bill, which along with the finding section of the bill, should ensure that the legislative intent is clear if ever challenged in court. He said there is a fiscal note dated 2/29/84. REPRESENTATIVE CATO explained that at the time of the Whittier

0322841330 DOCUMENT= 1 OF 2 PAGE = 16 OF 19

contractual, \$9.5 should only appear in FY 85 as it represents costs for a word processor. Chairman Adams noted that the fiscal note would appropriately be changed. Representative Bettisworth MOVED AND ASKED UNANIMOUS CONSENT to report out of committee CS HB 680 (L & C) along with an amended fiscal note. There being NO OBJECTION, it was so ordered and CS HB 680 (L&C) was reported out of committee with a "do pass" recommendation and fiscal note in the amount of \$125.0.

SB 350 - An Act creating the Alaska-United States Olympic Trust Fund; and providing for an effective date. Chairman Adams said the bill would create the Alaska-United States Olympic Trust Fund which would be given to the Alaska Olympic Committee to foster Alaska athletes. He said the fund will consist of private donations, contributions from state employees, and matching funds provided by the state. He said for state employees one dollar per month would be deducted from their pay checks unless they choose not to participate. He said the state's matching funds are limited to one million for private donation and the total amount needed to match employee contributions. Chairman Adams said he has

0322841330 DOCUMENT= 1 OF 2 PAGE = 17 OF 19 prepared a Finance CS which would limit the program only to FY 85 and provide that if an employee does not inform the Department they do not wish to participate by returning the required form in 30 days then it is assumed they want to participate. He said the fiscal impact from passage of the bill is \$1,123,000. Representative Bettisworth felt the bill is an excellent piece of legislation. He said Alaska in particular is quite active in sports of all kinds and needs a stronger consciousness of Olympic sports in the state. He said the bill was introduced last year and has received numerous input. Representative Martin referred to line 12 of the CS and asked if the word "national" should not be added to "Olympic games" to ensure that the funds do not go to groups outside the United States. He referred to section 3, line 23 suggesting that the word "unless" be deleted and insert "when" and delete "not", making the statement an "opt in" program instead of an "opt out" program. Representative Bettisworth responded that the sponsors desire the "opt out" provision saying more money would be generated than with an "opt in" program. KENNETH BISCHOFF, DIRECTOR, DIVISION OF FINANCE, DEPARTMENT OF ADMINISTRATION, said the Administration is "neutral" with regard to

0322841330 DOCUMENT= 1 OF 2 PAGE = 18 OF 19

the bill. In response to a question from Representative Grussendorf concerning employee reaction to the bill, Mr. Bischoff said historically the employee is asked to sign a form authorizing that deductions be made ahead of time. He said this is a change from that direction. He said they have not been able to receive an answer from the Department of Law with regard to any legal problems as a result of the bill. (Tape Change, 84-35, Side 1) Representative Bettisworth MOVED AND ASKED UNANIMOUS CONSENT to report out of committee HCS SS SB 350 (Finance) with a fiscal note in the amount of \$1123.0. There being NO OBJECTION, it was so ordered and HCS SS SB 350 (Finance) was reported out of committee with a "do pass" recommendation and fiscal note in the amount of \$1123.0.

HB 494 HB 494 - An Act relating to lease or construction of state office facilities used for a state capital; and providing for an effective date. Chairman Adams stated that at the request of Representative Ward HB 494 was reported out of committee last week. He said the Chairman conferred with Representative Ward and HB 494 will be HELD in

CHAIRMAN ABOOD CALLED THE MEETING TO ORDER AT 1:30 P.M., AND RECOGNIZED ALL MEMBERS PRESENT. THERE WAS A TAPE MALFUNCTION AND THE MEETING COMMENCED FOR A SHORT TIME WITHOUT BEING RECORDED.
BOB STALNAKER WAS THE FIRST WITNESS AND TESTIFIED ON BEHALF OF CSSB 415 (SA). HE SAID THAT PASSAGE OF THIS BILL WOULD ALLOW RETIREES IN THE PERS AND TRS TO BE RE-EMPLOYED WITH A PARTICIPATING EMPLOYER, AND USE THE HIGHEST SALARIES OVER THEIR ENTIRE PERIOD OF SERVICE UNDER THE PERS OR THE TRS, RESPECTIVELY FOR

NUMBER 0126

CALCULATING THEIR ADDITIONAL BENEFITS. THE DEPARTMENT OF ADMINISTRATION HAS ESTIMATED THAT APPROXIMATELY 2 1/2% OF ALL RETIREES WOULD EXERCISE THIS OPTION AND THAT IT WOULD RESULT IN AN AVERAGE INCREASE OF 20% IN THEIR BENEFIT. THE DEPARTMENT WAS IN SUPPORT OF CSSB 415 (SA).

KEN HUMPHREYS SAID THAT PASSAGE OF CSSB 415 (SA) WOULD BE CONSISTENT WITH THE STATUTORY PURPOSE OF BOTH RETIREMENT SYSTEMS, WHICH IS TO ATTRACT AND RETAIN QUALIFIED EMPLOYEES. RETIRED EMPLOYEES WHO ARE STILL READY, WILLING AND ABLE TO WORK ARE A VALUABLE RESOURCE TO EMPLOYERS AND THIS BILL WOULD REMOVE AN IMPEDIMENT TO THEIR REHIRE.

NUMBER 0298

CHERIE SHELLEY OF APEA SAID THEY FAVORED CSSB 415 (SA). SHE SAID IF A REHIRE RETIRES EARLY AND THREE MONTHS LATER WANTS BACK INTO THE SYSTEM, HE OR SHE CANNOT GET BACK INTO THE SYSTEM WITHOUT BEING REDUCED. THEY ADVISED THAT CAUTION BE USED WHEN CONSIDERING ADDITIONAL LEGISLATION OF THIS NATURE IN ORDER TO ASSURE THAT THE AUTOMATED DEDUCTION LIMITS OF THE PAYROLL SYSTEM ARE NOT EXCEEDED, AND THE PAYROLL SECTION IS NOT FORCED TO A LARGELY MANUAL EFFORT TO PROPERLY ACCOUNT FOR DISTRIBUTION OF THE PAYROLL DEDUCTIONS.
