11 * Section 1. The governor is authorized to spend no more than

ANALYSIS FOR HOUSE BILL 134

An Act authorizing the expenditure of no more than \$1,600,000 from the disaster relief fund for a sewer system failure in Haines.

This bill would authorize the expenditure of an additional \$600,000 out of the disaster relief fund for rehabilitation work to the City of Haines' sewer system.

This fund is administered by the by the Department of Military Affairs and under current law, the Governor may not expend more than \$1,000,000 from the disaster relief fund without legislative authorization.

The funds would pay for rehabilitation work as identified by the Department of Environmental Conservation and can be grouped into four main areas:

- 1) The construction of two sewage bypasses to keep sewage off the streets and prevent flooding of the sewage treatment plant. COST: \$20,000
- 2) The extension of the sewage discharge point to remove sewage from the downtown shoreline. COST: \$250,000
- 3) Rehabilitation of the existing sewer system to correct a high flow rate to the treatment plant which causes the sewer system to flood City streets. COST: \$697,000
- 4) Administrative Services COST: \$323,000

STATE OF ALASKA
OFFICE OF THE GOVERNOR

DECLARATION OF A DISASTER EMERGENCY

WHEREAS, the City of Haines and the surrounding area has been impacted by excessive rain this past month; and

WHEREAS, as a result of the excessive water and saturated ground, the city's sewer system has failed and does not provide an adequate facility to handle the runoff and routine sewage; and

WHEREAS, the failure of the city's sewer system has allowed untreated effluent to overflow the system's manholes throughout the city; and

WHEREAS, because the resources of the local government are inadequate to recover from the disaster in a timely and effective manner, the city has declared that a disaster emergency exists and is requesting assistance from the State.

NOW, THEREFORE, on this 25th day of January, 1985, under the authority granted by the Alaska Statutes, Section 26.23.20, I hereby declare that such a disaster emergency exists in the City of Haines, and is of sufficient severity and magnitude to warrant a disaster declaration in order to provide assistance.

FURTHER, the Director, Alaska Division of Emergency Services, is hereby authorized to allocate from funds available for these purposes, such amounts as considered necessary for State and public disaster assistance and for necessary administrative and disaster management expenses. The Alaska Division of Emergency Services Director is further authorized to task, as necessary, the State departments and agencies to provide assistance to cope with the disaster effects as tasked in the State Emergency Plan.

BACKGROUND INFO on Disaster Relief and

Department of Military & Veterans Affairs

SUBJECT: Disaster Relief Fund

I have reviewed the Department of Military & Veterans Affairs usage of the State Disaster Relief Fund from FY-80 to date and the following are my findings:

1. The Disaster Relief Fund has carried a balance in excess of 5,000.0 since FY-81 (+\$198.8) and the excess balance as of 7/1/84 was (+\$8,082.7).
2. The accumulation of the excess balance was caused by the following:
 - a. The Department of Military & Veterans Affairs was under the assumption that it did not control the Disaster Relief Fund; but was to receive an allocation of 5,000.0 at the beginning of each fiscal year. Also that any residue of the fiscal year allocation would lapse back to the Rainy Day Fund.
 - b. Since the Department of Military & Veterans Affairs accounted only for their current FY allocation we were not aware of the impact on the Disaster Relief Fund balance until late FY-84.

Note: The Department of Military & Veterans Affairs did not request any additional allocation from the Rainy Day Fund for FY-85 as we are now aware of the excess in the Disaster Relief Fund.

We are now advised by the Department of Administration, Division of Finance that we should be accounting for the State Disaster Relief Fund. Thereby I am recommending that the Department of Military & Veterans Affairs initiate the following:

1. Determine if there are any outstanding encumbrances against the excess balance created by prior years disasters.
2. Take action to return the unencumbered balance, in excess of \$5,000.0 as of 7/1/84, back to the Rainy Day Fund.
3. Change the Department of Military & Veterans Affairs Disaster Relief Fund allocation account to a non lapsing account.
4. Request funding only to replenish the Disaster Relief Fund to the \$5,000.0 level at the beginning of the fiscal year.

(2) to alleviate the effects of a disaster as defined in AS 44.19.050 occurring after October 11, 1967, by making loans or grants to persons or municipalities on terms the governor considers appropriate or by other means the governor considers appropriate.

(c) Subject to the restrictions of (d) and (e) of this section, the governor may, without additional legislative authorization, expend for any fiscal year not more than \$500,000 of the assets of the disaster relief fund to prevent or minimize the effects of an event which occurs in any part of the state after October 11, 1967 and which, in the determination of the governor, poses a direct and imminent threat of resulting in a disaster of sufficient magnitude and severity to justify state action.

(d) Expenditures authorized by the legislature to alleviate effects of the natural disaster occurring on August 14, 1967 shall be reimbursed to the general fund from the disaster relief fund before any other expenditures may be made from the disaster relief fund.

(e) The governor shall present to the legislature an annual accounting of money expended from the disaster relief fund. (§ 1 ch 25 FSSLA 1967; am §§ 4, 5 ch 104 SLA 1977; am § 10 ch 116 SLA 1980)

BILL SHEFFIELD
GOVERNOR

STATE OF ALASKA
OFFICE OF THE GOVERNOR
JUNEAU

January 28, 1985

The Honorable Ben Grussendorf
Speaker of the House
Alaska State Legislature
Pouch V
Juneau, AK 99811

Dear Representative Grussendorf:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill that authorizes an expenditure from the disaster relief fund (AS 44.19.048(a)) in excess of \$1,000,000. This authorization is sought in accordance with the provisions of AS 44.19.048(b) to effect immediate repair to the sewerage system for the City of Haines. The city's system suffered a major collapse when it was overtaxed by heavy run-off from rain and melting of the snow pack. The collapse now poses a severe health hazard because city residents are exposed to raw sewage which cannot be safely processed. Officials of the Department of Health and Social Services and the Department of Environmental Conservation have inspected the damage in Haines and confirm the fact that the conditions now existing in Haines pose a direct and imminent threat of sufficient magnitude and severity to justify state action.

I urge you to expeditiously consider and enact this bill so that the health and safety of the citizens of Haines can be assured.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bill Sheffield".
