THE LEGISLATURE OF THE STATE OF ALASKA
FOURTEENTH LEGISLATURE
BILL/RESOLUTION NO.: CS HR 20 (L&C)
TITLE: "Relating to a report on maximizing local hire"
AGENCY AFFECTED: Department of Labor

This resolution requests a report to the legislature on a course of action to maximize local hire.

Assumptions:

1. Further research is necessary to: a) establish an accurate benchmark of nonresident to resident employees and wages by industry and area; b) survey employees for reasons associated with high nonresident hire; and c) analyze the benchmark data and employer responses for policy implications.
2. Work would begin July 1, 1985, and be conducted with a written report to be submitted to the Alaska Legislature on January 14, 1986.
3. If House Bill 295 is funded at \$100,000 then the costs associated with this resolution would be reduced by \$20,000.
4. The Alaska Department of Labor will assign a Labor Economist III for three months, a Labor Economist II for six months, and a Statistical Technician I for six months to research and provide this information.

Alaska State Legislature
House of Representatives

Labor and Commerce Committee

April 2, 1985 Tuesday

LETTER OF INTENT

CSHCR 20 (L&C)

The House Labor and Commerce Committee passed out HCR 20 as a CS, changing the date for a report to be submitted to the 14th Legislature from the 90th day of the First Session (April 13, 1985) to the first day of the Second Session (January 13, 1986). This extension of time greatly expands the ability of the Department of Labor to collect pertinent data.

The Department indicated in testimony before the Committee that as a result of the above CS, they will be submitting a new fiscal note to the next Committee of referral that will reflect the costs involved with extending the time (and thus scope) of the research project requested in HCR 20. The original fiscal note submitted with this bill from the Department of Labor was a zero fiscal note, dated 3/22/85.

At the direction of the Committee, the Department will also be preparing a comparative analysis of the costs of HB 295 with the costs of CS HCR 20, to establish areas of overlap and areas of difference.
