FISCAL NOTE ANALYSIS
SB 211

The Violent Crimes Compensation Board has 39 claims pending, for the specified time period, that would be affected by this bill. Historically, the Board's denial rate is approximately 1/3 of the claims filed. This means approximately 26 claims would be awarded. The average cost per claim is \$5000.00. Victims of drunk drivers have a much higher average award cost due to the multiple injuries incurred and the length of time needed for recuperation. The states that compensate DWI victims place the average award at double the cost for these victims. Of the 39 claims, approximately 2/3 or 26 claims would be awarded. Nineteen of the claims would be awarded at \$10,000.00 per claim, and ten would be awarded at \$5000 per claim for a total of \$225,000.00.

The Highway Safety Planning agency gave us the number of alcohol-related accidents which have occurred in 1981, 1982 and 1983. For those three years, there were 157 fatalities and 2,912 injuries. While many of these would not apply for a number of reasons, a conservative estimate would be 15 fatalities (10 fatalities @ \$25,000.00 each and 5 fatalities @ \$40,000.00 each) for a total cost amount of \$450,000.00; an estimated 50 injuries (\$10,000.00 each) would apply for a total cost of \$500,000.00.

Because of the increased claims, there would be more hearings and more travel for the hearings. A conservative estimate would be 20 more hearings at a cost of approximately \$800.00 per hearing and the travel to the hearings would be 20 trips at \$400.00 per trip.

This should be a single separate continuing appropriation.

DEPARTMENT OF PUBLIC SAFETY

POSITION PAPER - SB 211

SUPPORT

SB 211 - "An Act relating to compensation for victims of certain crimes."

The intent of this bill is to make the amended statute (ch. 96, SLA 1983) retroactive to October 1981.

The statute was amended to include victims living with or related to the offender and victims of drunk drivers and the effective date of this amendment was October 23, 1983. This bill would make the amended statute retroactive to October of 1981, which gives the new classes of victims two years to apply for compensation. The original statute gives victims two years in which to apply. The Board supports this bill because it gives all classes of victims the same eligibility requirements.
