POSITION PAPER

Senate Bill No. 63

For "An Act making a special appropriation for payment as a grant to the City of Wrangell for remodeling and construction of an addition to the Wrangell General Hospital; and providing for an effective date."

BACKGROUND

This bill would appropriate \$6,000,000 for a payment to the City of Wrangell. The project was originally granted a Certificate of Need in 1981 which permitted an expenditure of \$6.9 million. In 1984 a modification to the Certificate was issued to increase the number of long-term beds by four to a total of 18.

Approval of the Certificate of Need reflects not only approval by Department of Health and Social Services but that of the Southeast Alaska Health Systems Agency. The project is a top priority as listed by the Alaska State Hospital Association.

DESCRIPTION

The project includes the following:

- New paved parking areas, driveways, walkways and related sitework.
- New lower level areas including central storage, on-call, divisible conference, suite for mental health, suites for resident and visiting doctors.
- A new grade level area at the north including garage/workshop, maintenance office, laundry suite, housekeeping space, employee lockers, mechanical and emergency generator spaces.
- Extensive remodeling for kitchen, dietary, dining, surgical/delivery suite lockers, birthing room, central sterilizing, emergency, utility, treatment, offices, storage, ultrasound, laboratory, pharmacy, nursery, nurses station, bathing and accessory spaces. The existing semiprivate acute care bedrooms are modified to accommodate isolation, security, recovery, labor, pediatrics, labor and intensive care functions.
- An addition to the south provides waiting business, administrative, medical records, utility, physical therapy, activity therapy/dayroom/dining, and longterm bedrooms.
- Basic heating, ventilating and electrical systems are extended and upgraded to current standards.

Although the project is programmed to accommodate only immediate needs, the design has flexibility for future requirements and additions.

POSITION PAPER Continued
Senate Bill No. 63
Page 2

Justification for this project has existed for a number of years and every effort has been demonstrated by this institution in seeking a responsible and economical response.

Previous appropriations for planning has enabled architectural and engineering work to approach final stages so that the execution of this project may be accomplished without delay.

POSITION

The Department of Health and Social Services supports Senate Bill No. 63 without reservation.
