CS FOR HB 15 (VERSION #1)

This fiscal note was developed on the basis of two elections per year from areas outside municipalities wishing to be annexed. It assumes that one request would be received from a punch card precinct and the other from a handmarked precinct. The cost for a punch card precinct is \$5.8 while a handmarked precinct is \$2.8. Computer counted (punch card) precincts are generally higher due to the need for computer programming and a Data Processing Review Board to oversee the computer counting of ballots.

We have specified the costs for each type of precinct so that if there were more than two such elections administered by the State within a year, the Legislature could identify the potential costs by multiplying the precinct cost by the number of additional elections beyond two.

Sec. 29.06.040. Local boundary commission. (a) The Local Boundary Commission may consider any proposed municipal boundary change. It may reject the proposed change, accept the proposed change, or alter the boundaries and accept the proposal as altered. A Local Boundary Commission decision under this subsection may be appealed under the Administrative Procedure Act (AS 44.62).
