FROM: Committee Staff

RE: SB 461, An Act relating to the naming of the Robert J. Mitchell Expressway

SB 461 proposes to name a section of the South Fairbanks Expressway between the Parks Highway and Airport Road interchange to the Richardson Highway after Robert J. Mitchell.

Sect.1 of the bill lays out background information about Mr. Mitchell explaining why the naming is appropriate.

On March 27 a public hearing was held in Fairbanks to gather comments regarding the naming. Of the twenty people testifying, 16 were in favor of naming the road the Robert J. Mitchell Expressway. Enclosed in your packets is the written testimony from the public hearing.

ANALYSIS: Attach a separate page if necessary

Signs must be changed from "Parks Highway" to "Mitchell Expressway". Six existing signs must be replaced and four proposed signs must be increased from 7 ft. to over 12 ft. in length. This portion of road is currently designated as the Parks Highway on the State road system. Recommend that the Fairbanks community be made aware of the proposed renaming and that they be allowed adequate opportunity for comment.

Text from Public Hearing in Fairbanks

Thursday, March 27, 1986

On House Bill 664, Senate Bill 461

12 Noon to Two P.M., Noel Wien Public Library

Senator Coghill

"Okay, we will bring our public hearing to order and its 12:10 p.m. and its the 27th of March 1986. The purpose of the hearing today is to discuss and gather opinions on House Bill 664 and Senate Bill 461, Both entitled an act relating to naming the Robert J. Mitchell Expressway. My name is Jack Coghill and I am chairman of the Senate Transportation Committee. It is my responsibility to hold the hearing. In order for us to name a road or a expressway after a person using federal funds we have to have a public hearing in the area in which it is going to effect.

I have known Bob Mitchell for as long as I can recall, I remember when he was working with the old road commission. After we all got out of the service he had already started his truck and tractor business. A lot of us boys, when we got out of the service, the first place that we went was to work with Bobby Mitchell. We were either greasing cats or working in one way or another. It was his way of keeping the home town boys going. After he expanded to the point that he had a freight service and got involved with Ghemm Company and was involved and was a tremendous supporter of the Interior of Alaska...the purpose of projecting this name forward as far as the transportation committee is concerned is that it is time that we in Alaska start naming some of our road and rights-of-ways after our old timers that are our contemporaries. We have people signing up, and as you come in we would like you to come forward and sit on one of the front seats so that we can tape you and put you in the record."

Senator Coghill read the letter from Bruce Stacer, dated March 26, 1986.

Testimony from Public Hearing
March 27, 1986

Testimony Given

Francis Erickson
1205 10th Avenue
Fairbanks, AK 99701
456-5358

"I am also a life long Alaskan, I have lived in Fairbanks for 64 years. I believe that this is very fine and very commendable, however, there are a lot of other pioneer truckers in this country that have not had much recognition, like Gezzy (spelling?) and Roggy (spelling?) just to name two. I think that it is about time that we get these older timers in. As far as a pioneer trucker, of course, Bobby started in 1945-46 after the war; and his partner Gerhatty, and his family, are certainly well know here. They have extended themselves over quite some expanse. Clyde is going to be the grand president of the grand igloo here in a couple of years. I think that he deserves some recognition also.

There are quite a few here, and as far as the Railroad Spur and the Mitchell race way and so on, there are other partners in that enterprise that never have received some recognition either. I don't know if you have to be deceased to receive recognition, but it kind of seems that way. I think that it is about time that we turned to some of the others here. Don't misunderstand, I was a friend of Bob Mitchell's and knew him all my life, but you people have a little more say so and when you get behind all of these things, it seems that when I read in the paper it has already been done. By the time that we get here and get to the hearing...this is the first time we heard of it. I didn't have time for...well to get background on some others that I would have named probably, because I just read it in the paper yesterday. So sometimes, I feel that we need a little more advanced warning of these hearing too."

Testimony from Public Hearing
March 27, 1986

Joe Tremarello
Box 80974
College, AK 99753

"I am a forty year resident of the Fairbanks area and I feel that it is very appropriate, and certainly support, House Bill 664 and Senate Bill 461 as stated. Not only for Bob's contribution to the area of construction, but as a parent raising his family here and his support to my background in teaching. His support to the schools and the staff over the years has been commendable. He did a lot for youth and I feel that it would be very appropriate to name this expressway after Bob."

Ken Fanning
Box 80292
College, AK 99708

"I would like to concur on the previous comments. I appreciate the fact that you are considering naming something after somebody of recent generation who, in fact, has left a strong family unit that is continuing on that way. I think, personally, that it is a good idea to consider naming this road after people that are continuing to support the community."

Oliver Backlund
No Address Given
President of the Fairbanks Pioneers Igloo

"I support this bill, I think that there is going to be a lot of other roads that we can name a lot of other Alaska pioneers after. I think Robert Mitchell was really active in the area and a respected local businessman. I really support this bill."

Joe Balch
7665 Salcha Road
Salcha, AK 99714

"I like Mitchell, although that was a few years ago, to tell you the truth. I would like to see the roads named after a man that was so industrial instead of some politician. He has seen his schooling through the school of hard knocks, actually, and I think that this is an appropriate name for it."

Testimony from Public Hearing
March 27, 1986
Page Four

Shirley Demientieff
1205 Kennicott
Fairbanks, AK 99701

"I have been in Fairbanks for twenty years in all and I was born and raised in Nenana, as you know Mr. Coghill. I have no problem with naming roads after people. That does not bother me at all. I like the idea of the South Expressway, I think that it is long overdo, I think that it is something that we really needed. But my problem, Jack, is that when I first heard the name I said 'who is Robert Mitchell?' So far I heard...I don't even know if he is dead or alive...with no disrespect, I have no idea of his contributions have been. I am assuming that he is someone who is a good guy. My idea is a little bit different. I would think that...Natives make a population of 10-15% of the statewide population now and there is really nothing named after Native people in the interior...

What I would like to see is that the expressway be named after our champion dog racer. George Attla, seven time winner of the North American, eleven time winner of the Rondevue in Anchorage. He is a Huslia Hustler, he lives in North Pole, he will be using that road. That would be something that would be current, that is well known; when you ask who George Attla is, nobody is going to say 'who is George Attla?' they are going to know who he is. It would be something that I would be extremely proud of and that other people could be extremely proud of too. I just heard about this early this week but I have been able to get these names of people. This is strictly grass roots, not going anywhere other than FNA and Tanana Chiefs. Those are over a hundred names of people that feel the same way that I do about this expressway. (Ms. Demientieff brought a petition to the table and presented it to Senator Coghill) That (the petition) is in support of the name "George Attla Expressway."

Pete Eagan
P.O. Box 1170
Fairbanks, AK 99701
456-4793

"My name is Pete Eagan, I was born and raised here in Fairbanks and I have known Bob Mitchell since I was a child. He was a real good friend of my family's. Later on I had the honor to have worked for Bob when I was in high school and college. I learned a great deal from Bob. He was a very fine man, well liked by everyone in town. He had a terrific sense of humor, and he was definitely from the old school, where your word was your bond. If Bob told you he would do something, he would do it. He was very involved in the whole development of the South Fairbanks, Industrial area and I think that this would be a very fitting tribute to Bob to name this new expressway after him. Thank you."

Testimony from Public Hearing
March 27, 1986
Page 5

Harold R. Herning
Box 1792
Fairbanks, AK 99701
488-2291

"I knew Bob for 43 years up until the time of his death. I think Bob, of all the people in Fairbanks, probably is one our truest Alaskans we have ever had. He was truly Alaskan in every sense and the naming in appropriate. This is his home ground. That is his life, to develop that area and I think that it is no more than appropriate that a man of his caliber be recognized. There is nothing that can be said about Bob that is wrong. The only thing that can be said is praise as far as Bob is concerned. I thank you."

Jim Desmond
No Address Given

"I would certainly like to testify for the bills to name the Expressway the Robert J. Mitchell. I knew Bob for years and years. A wonderful man, and inspiration to all the people that were my age when I was a teenager when we interacted with Bobby a lot. And I certainly feel that he is worthy of the honor."

Terry P. McLean
1907 Capital
Fairbanks, AK 99709

"Yes, Jack, I would like to testify in favor of the Robert J. Mitchell Expressway. I personally owe a great deal to Robert Mitchell and his partners in Ghemm Company. I was able to complete my education at the University of Alaska due to their summer and winter employment. Bobby Mitchell was always a friend as well as tne boss. Although when he made up his mind to do something it was often difficult to get him to change his mind, he would always hear you out or listen to your suggestions and ideas. Although Air North is no longer flying it provided jobs for many many people and pilots that are today flying jets all over the United States and the World. Bobby Mitchell worked thousands of hours to building the runway at Metro Field and was always able to help people, no matter what the situation. Thousands of people have enjoyed stock car racing because Bobby Mitchell and Ghemm company allowed GFRA to build the race way across from the float pond at Metro Field. Many of the roads that were built that will intertie with the Expressway were built by Bobby Mitchell or people that he helped provide employment for. I feel that it really makes sense to honor those that have helped build the community and the character of the people living in the Fairbanks area."

Testimony from Public Hearing

"I knew Bob Mitchell all my life, was raised with him here in Fairbanks. Bob was in the construction industry and trucking industry all of his adult life. He was one of the prime movers for the railroad to go to the South Fairbanks area. He was one of the major developers of the entire Van Horn Road area. I think that it is most fitting and most appropriate to name that expressway after him."

Gary Wilken
2600 Riverview Drive
Fairbanks, AK 99701

"I carry with me some written testimony, Senator, from Bill Gordon and a letter from Pete Eagan Sr. and Dan Eagan, they are out of town and wanted to be sure that they heard today. Just a couple of things...it is difficult for me to talk about Bob Mitchell, he was such a big part of my life, Bob, as far as the South Fairbanks area, we all know, was one of the leaders in developing that area. I went to work with Bob in the early sixties when there was nothing but a dirt road and he lead us off into the muskeg and said 'this shall be a airport.' So, we know that he was one of the people that was instrumental. To name that highway after him is very fitting. I appreciate the opportunity to provide testimony and look forward to bills passing. Thanks, appreciate the opportunity."

Nancy Lee Baker
49 Timberland Drive
Fairbanks, AK 99701

"I would like to comment, and I am going to comment before I read the bill, my idea is that the road should be called the Parks Highway Extension, because that is what it logically is. That is what people will call it naturally. One reason that I am a little concerned is that I happen to make a small map myself (in the record). To put another name on it, for map makers and for tourists it seems to me that it would be utter confusion. Logically it is the Parks Highway extension. I have a lot of respect for the person named here, but that is beside the point. I don't think that we have a right to go around confusing the public."

Testimony from Public Testimony
March 27, 1986
Page 7

Walley Burnett
1901 Crosson
Fairbanks, AK 99701

"Senator Coghill, it is nice to be here. Yesterday I talked to a couple of people and they mentioned that there was a possibility that they would be naming the South Fairbanks Expressway. Bob Mitchell was a long time Fairbanksan from a long time Fairbanks family. He was very instrumental in developing the Van Horn and Peger Road, in which this road will be passing through. If you will recall in the early days of the pipe line, Bob Mitchell was one of the main people involved in the development of the Railroad that went into the South Fairbanks area. He moved lots of gravel and made lots of roads, often with out pay. I feel that when we drive back and forth on Airport Road, Van Horn and Peger, and we do go through the expressway, we do think of our good friend Bob Mitchell. I whole heartedly would like to give my approval of putting his name into naming it the Mitchell Expressway."

Harvey Marlin
665 10th Ave.
Fairbanks, AK 99701

"I have lived in Fairbanks since 1929 and have know Bob Mitchell from that day forward. Not only as a classmate, but as a good and personal friend. When it came to my attention that this expressway was to be named, perhaps anyway, in memory of Bob Mitchell, I was very definitely impressed and I still am. I think that it is a very wise move. Bob was a gentleman that promoted for the City of Fairbanks all of his working years. As a matter of fact, he began his working career with the Alaska Road Commission. Both he and his partner began a trucking operation from Valdez to Fairbanks with the assistance of the veterans aid. There again they continued on in to the highway program, Clyde previous to that was a master mechanic to the road commission. Bob Mitchell has always been associated with the road system and has always done a great amount over and above walking the extra mile to make the roads within our community better, not always for pay, by the way. I think that this is a very wise choice and I am one thousand percent in favor of it."

Testimony from Public Hearing
March 27, 1986
Page 8

Con Frank

"Well, I would like to say that I would endorse the naming of this section of highway for Robert Mitchell. I have known him almost forty years since I came to Alaska. He was one of the first people that I met when I came here. I have been a partner with him and closely associated with him for twenty years. He was a very positive person and dedicated a lot of his efforts to the development of Fairbanks, and especially the South Fairbanks area. He started out on South Cushman, he and his partner, started in there in 1948-49 and then gradually moved further south there to the Van Horn Road area. I would just like to say that I would endorse this naming."

Senator Coghill

"Thank you very much Mr. Frank, is there anyone else that would like to make a statement? If not, then our public hearing is closed. This will be transcribed and will be put into the record. It will be used in the deliberation of both the House and Senate. They may want to have more hearings. If that is the case, then this will be part of that record."

March 25, 1986.

To Whom It May Concern:

As a property owner and life-long resident of Alaska, I wholeheartedly support the naming of the "30th Avenue Bypass", the Robert J. Mitchell Expressway.

Bob Mitchell has made a lasting impact on the development of our community. More specifically, Bob contributed to much of the growth in South Fairbanks and the area south of Van Horn Road. His very business located along Cushman Street, along with his development of Metro Industrial Airport, inspired many others to follow. Without his dedication and early belief in Fairbanks' future the need for this bypass would probably be many years yet in the future.

It would be most fitting to name this highway in honor of one of Alaska's pioneers who gave so much of his time to his community. Please designate the "30th Avenue Bypass" the Robert J. Mitchell Expressway.

Sincerely,

Bill Gordon
Vice President

March 26, 1986

Senator Jack Coghill
Alaska State Legislature
Pouch V (MS 3100)
Juneau, Alaska 99811

Dear Senator Coghill:

It has come to my attention that there is a bill or resolution before the legislature regarding the naming of the new South Fairbanks Expressway. As proposed, this expressway between the Airport Road overpass and the proposed Richardson Highway overpass would be named the "Bob Mitchell Memorial Expressway."

I knew Bob since I was a child, and later on had the great fortune of working for him during my high school and college years. I learned a great deal about life and the value of good hard work during this time. Bob was a very fine man, and was heavily involved in the development of this South Fairbanks industrial area, rail spur, and road system.

I think that the naming of this expressway after Bob would be a very fitting tribute to a fine, highly-regarded individual. I would welcome and appreciate your support in this matter.

Sincerely,

PETE EAGAN

Juneau, Alaska 99811

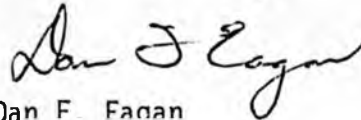

Dear Senator Coghill:

I respectfully request your consideration in naming that section of the South Fairbanks Expressway, between the Airport Road overpass and the proposed Richardson Highway overpass, the "Bob Mitchell Memorial Expressway".

Mr. Mitchell was a very fine individual and very instrumental in the development of the South Fairbanks Industrial area and its road system.

Thank you for your consideration on this request.

Very truly yours,

Dan F. Eagan
Box 1170
Fairbanks, Alaska 99707

Mar 26, 1986

To Whom It May Concern:

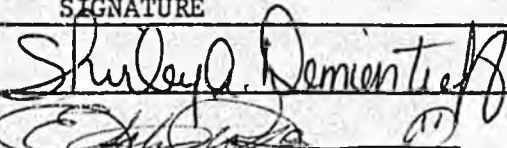

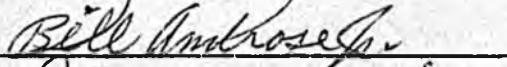

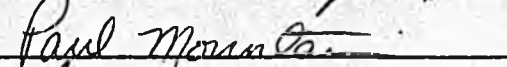

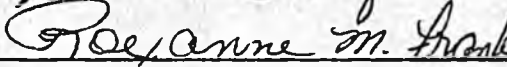

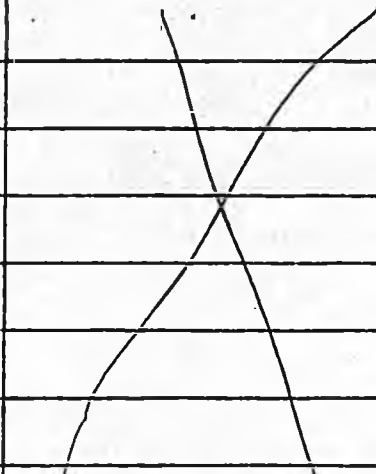

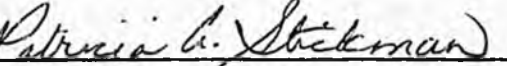

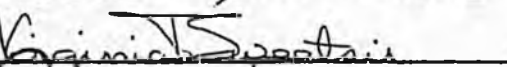

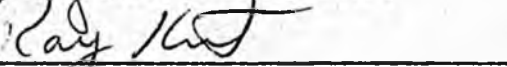

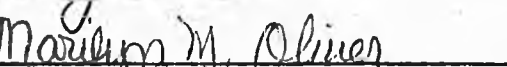

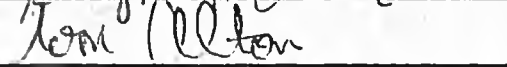

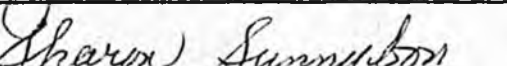

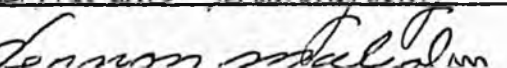

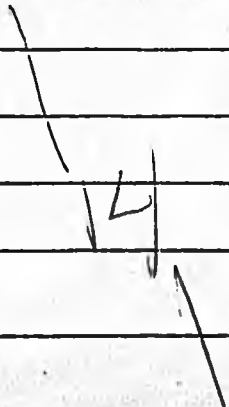

As a life-long Alaskan, I strongly recommend that the 30th Ave By-Pass be named ~~there~~ in honor of, and in memory of, Robert J. Mitchell. Bobby Mitchell was also a life-long Alaskan. Even more importantly, he was truly a pioneer in the development of transportation, in particular, the highway system in and around Fairbanks. I knew him personally since 1937. He was a life-long resident of Fairbanks. After WWII, he used his GI loan to buy a caterpillar. Before the war (WWII) he worked ~~on~~ with the Alaska Highway Commission. He developed a trucking operation with Clyde Geraghty that serviced Valdez and Fairbanks. He was one of the founding partners in GHEMM Construction Co. and built many roads and bridges throughout Alaska. Bobby Mitchell devoted all 63 years of his life and his boundless energy and optimism to ~~the~~ his ~~unshakable~~ belief in the future of Fairbanks. He deserves to be remembered.

SENATOR JACK COGHILL WILL BE IN FAIRBANKS ON MARCH 27, 1986 TO HOLD A HEARING AT THE NOEL WEIN LIBRARY BETWEEN 12 AND 2 P.M.. HE WILL BE TAKING SUGGESTIONS AT THAT TIME FOR A NAME FOR THE STRETCH OF HIGHWAY THAT THEY ARE BUILDING BETWEEN AIRPORT ROAD AND THE RICHARDSON HIGHWAY. SINCE THERE ARE FEW THINGS NAMED FOR NATIVES IN FAIRBANKS I THOUGHT IT WOULD BE NICE TO SUGGEST THE NAME GEORGE ATTLA ~~HEATHS~~ FOR THE HIGHWAY. IF YOU AGREE PLEASE SIGN THIS AND I WILL TURN IT IN AT THE MEETING. PLEASE BE THERE IF YOU CAN TO SUPPORT THE NAME.
