Dear Municipal Friends,

I am pleased to enclose one complimentary copy of the 1988 Alaska Municipal Officials Directory for your use throughout the coming year. The Directory is updated and published annually as a joint effort of the Alaska Municipal League and the Alaska Department of Community and Regional Affairs.

The people of Alaska will be better represented and served through better communications among, and with, Alaska's local elected and appointed officials. On behalf of the Alaska Municipal League, Governor Cowper, and Commissioner Hoffman, I hope the Directory helps improve communications, and that you will find it useful.

State agencies may obtain a limited number of complimentary copies from the Alaska Department of Community and Regional Affairs by contacting the Municipal and Regional Assistance Division at 465-4750. Additional copies may be obtained for \$17.00 per copy from the above address/phone number.

If you have any questions or need additional copies, please feel free to contact this office at the above number.

Sincerely,

Scott A. Burgess
Executive Director

The Honorable Heinrich Springer
House of Representatives
State of Alaska
Post Office Box V
Juneau, Alaska 99811

Dear Representative ^{Henry} Springer:

Enclosed is the 1987 Policy Statement of the Alaska Municipal League. On behalf of the AML Board of Directors, I hope you will read and use the Policy Statement as a reference document on legislative issues affecting the 121 direct member municipalities, who formulated and adopted the Policy Statement, as well as all local governments in Alaska. The Policy Statement contains the positions of local government leaders on behalf of their constituents on legislative issues at the federal and state levels in the form of permanent League policies and annual resolutions, reviewed and adopted by the AML membership at the annual meeting in Juneau on November 14, 1986.

The issues facing local governments are increasing in number and complexity resulting in a lengthy document if not, potentially, higher taxes and/or decrease in services. Given that many of these important policy positions remain the same from prior years, and the pressures of business, I want to emphasize the priorities adopted by the AML Board of Directors for 1987 for the First Session of the 15th Alaska State Legislature and the 100th Congress.

At the state level, the AML Board of Directors priorities are:

- o Funding of the State Revenue Sharing and Municipal Assistance Programs at the highest level possible to assist local governments in providing essential municipal services at the local level while holding down tax increases.
- o The passage of a more equitable school foundation program formula, and adequate state funding.
- o The adequate state reimbursement and funding levels of the school construction debt program.
- o A quick and equitable resolution of the state mental health lands trust litigation.
- o The passage of a comprehensive municipal land entitlement bill.
- o The continued opposition to both binding arbitration for teachers and mandatory participation by municipalities in the Public Employees Relations Act.

At the federal level, the AML Board's priorities are:

- o Reviving the general revenue sharing program and, thereby, the federal/local partnership.
- o Protecting federal funding levels for the payments-in-lieu-of-taxes programs.
- o Restoring Bureau of Indian Affairs funding for rural education.
- o Urging the passage of the "1991" amendments to the Alaska Native Claims Settlement Act.

If you have any questions, please give me a call. Extra copies of the 1987 Policy Statement for your staff and others interested are available upon request.

Thank you for your support of the Alaska Municipal League and local government issues affecting the lives of Alaskans, and best wishes for the new year.

Sincerely,

Scott A. Burgess
