SECTIONAL ANALYSIS (Senator Paul Fischer)

SENATE BILL 335 (Making, amending, lapsing, and repealing appropriations pertaining to permanent fund dividends)

This bill provides for the transfer of the unexpended and unobligated balances of permanent fund dividend appropriations for what are known as "prior year dividends" for the years 1982 through 1985.

Section 1 lapses the unexpended and unobligated balances of the 1982 appropriations originally made from the general fund back to the the general fund (approximately \$4 million).

Section 2 of the bill repeals the unexpended and unobligated balances of 1983, 1984, and 1985 appropriations from the dividend fund to the Department of Revenue for the payment of dividends.

Section 3 repeals the unexpended and unobligated balances in several appropriations from the permanent fund earnings reserve account to pay permanent fund dividends in the years 1983 through 1985. This would allow the Department of Revenue to "sweep" all their accounts and deposit the balances in one account.

Section 4 appropriates the sum of money appropriated to the dividend fund by section 3 of this bill out of the dividend fund to the Department of Revenue for payment of permanent fund dividends.

Section 5 is the effective date and is contingent upon passage of Senate Bill 336 or a similar version. However, an amendment will be offered by the sponsor to replace this section.
