POSITION PAPER  
FOR  
HOUSE CONCURRENT RESOLUTION NO. 55

"Relating to recognizing April as National Alcohol Awareness Month."

The Department of Health and Social Services is pleased to support HCR55 because of the tremendous negative impact alcohol abuse and alcoholism have had on the Alaskan people. Statewide statistics which provide the numbers of alcohol related accidents, deaths, injuries, and diseases depict a health crisis of monumental proportions. They do not, however, reveal the deep personal tragedies suffered by victims of this disease and their families. One of the problems associated with alcohol abuse and alcoholism is denial that there is a problem. This can occur with the individual, the family or among a larger group within the community. HCR55 will impact alcohol abuse by increasing public awareness of alcohol related problems. It will also encourage individuals to recognize rather than deny the existence of severe alcohol problems, and will promote local support of prevention, intervention and treatment activities throughout the state.

  
Myra M. Munson  
Commissioner April 12, 1988
