Re: HB 374

Dear Representative Ulmer:

The court system has several comments on HB 374. First, the court system suggests that it be the recipient of the lists that will comprise the jury list, so that "court system" should replace "Department of Administration" in section one, lines 23 and 24. Second, the court system would like each person's sex and social security number (if available) included on the list as well as the date the information was received by the transmitting agency (section one, line 2, page 3). Third, for administrative efficiency the court system would like to specify the format of the magnetic tape on which the lists will be entered.

Finally, we suggest adding a provision requiring vital statistics to transmit to the court system a list of death certificates including each decedent's date of death filed the preceding calendar year. Without a provision of this nature, we have no way of purging our jury lists of the names of those persons who have died.

Thank you for considering these comments. I would be happy to discuss them with you or to answer any questions you may have.

Sincerely,

Re: CSHB 374 - An Act relating to the selection and
maintenance of the jury list

Dear Representative Sund:

The court system would like to offer these comments on CSHB 374. We generally support this bill which provides the mechanism for the technical services staff of the court system to construct and maintain the jury lists. Technical services has found that the Fish and Game lists are very inaccurate and cause more work than justifies the information gleaned from them. The court system would like to delete that list from Section 1, lines 10-14 of the bill and rely solely on the permanent fund application list unless the administrative director considers other lists necessary.

We also suggest adding to Section 1, p. 2, line 2, the social security number, sex and date the information was captured to the potential juror's identifying information. These identifiers greatly enhance the accuracy and ease of compilation of the jury lists. We would also like to specify the format in which the information comes to the court system. If the information is received in a format inconsistent with our software, technical services spends an inordinate amount of time reformatting it.

Finally, we would prefer to receive the names and dates of death of persons who have died the previous calendar year from the register of vital statistics in the form of a magnetic tape once a year, rather than to receive a paper list on a monthly basis. This suggestion would merely formalize our present cooperative arrangement with vital statistics.

If you have any questions or comments about these suggestions, I would be happy to discuss them with you.

Very truly yours,

Janalee R. Strandberg

The Permanent Fund Dividend Division will be able to provide a tape listing of Permanent Fund Dividend applicants with the following information: first name, middle initial, last name, mailing address and birthdate. We will not be able to provide a separate residence address or years and/or dates of residence. However, each applicant on file states that they were a resident of Alaska since at least prior to October 1.
