Major Fisheries and Coast Guard Bills Move Through Congress

Driftnet, Plastics Pollution Restrictions Signed Into Law

Congress has approved and the President has signed into law an omnibus package of legislation that I sponsored which affects the fishing industry in Alaska. Included in the bill are provisions which authorize the Governing International Fisheries Agreement (GIFA) between the U.S. and Japan, implement the Convention on Prevention of Pollution at Sea, reauthorize the Sea Grant Program, and implement controls on the use of high seas driftnets.

The Governing International Fisheries Agreement with Japan will run for two years, and will extend a number of joint ventures in the Kodiak area between Alaska fishermen and Japanese companies.

The bill combats the growing problem of ocean dumping of plastics. It implements Annex V of the International Convention for the Prevention of Pollution from Ships. Annex V prohibits the disposal of plastic garbage from ships anywhere in the sea, and establishes the distance from shore where the disposal of other types of garbage, such as glass, paper, and organic garbage, is prohibited.

The Sea Grant Program is also reauthorized under the legislation. This program has been in effect since the 1970's and has been responsible for important marine research activities. The University of Alaska is a Sea Grant University and receives funds under the program for research and academic instruction. The Alaska Marine Advisory Program is also funded under the Sea Grants.

The driftnet provisions in the bill require the Secretary of Commerce, acting through the Secretary of State, to enter into negotiations with those nations that allow their vessels to engage in driftnet fishing on the high seas in order to establish monitoring of those fisheries. The Secretary is also required to negotiate enforcement agreements with these nations. If these agreements are not negotiated and imple-

mented, the U.S. can embargo imports of fish from that nation.

I agree with many Alaska fishermen that this bill does not go far enough. In order to get any agreement, and the negotiations process started, however, we need the approval of many diverse interests. It is my personal intent to continue to seek ways to more closely control driftnet fishing on the high seas. I do not consider this bill to be the final chapter, but rather one more step in my effort to stop this tremendous waste of our marine resources, and eliminate the high seas interception of salmon.

The House also approved and sent to the Senate separate legislation which authorizes \$2.6 billion for the Coast Guard to carry out its fisheries enforcement, search and rescue, and drug interdiction missions.

The legislation includes two provisions which were added at my request. The first would authorize relocation assistance, similar to that extended to Department of Defense personnel, to Coast Guard employees in Alaska, and in particular Juneau, who were affected by the reorganization of support and logistics functions to Alameda, California. The Authorization also includes an extension of local hire provisions on Coast Guard contracts.

This Authorization should provide the funding levels necessary for the Coast Guard to carry out its critical missions in Alaska. The local hire and relocation assistance programs are very important to Alaska, and I will continue to work with Senators Stevens and Murkowski to see that they are included in the Senate version of the authorization.

This entire package of bills are important to a maritime state like Alaska. The plastics provisions will protect our coastline and marine mammals. The Sea Grant Program funds important research in the state, and the GIFA provides continued employment to a number of Alaska fishermen.

PUBLIC LAW 100-220—DEC. 29, 1987

**UNITED STATES-JAPAN FISHERY
AGREEMENT APPROVAL ACT OF 1987**

Public Law 100-220
100th Congress

An Act

Dec. 29, 1987
[H.R. 3674]

To provide congressional approval of the Governing International Fishery Agreement between the United States and Japan; to implement the provisions of Annex V to the International Convention for the Prevention of Pollution from Ships, 1973; to reauthorize the National Sea Grant College Program Act; to improve efforts to monitor, assess, and reduce the adverse impacts of driftnets; and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

United States-
Japan Fishery
Agreement
Approval Act of
1987.
Environmental
protection.
16 USC 1801

OLOGY, AND POLICY DEVELOPMENT

Marine Plastic Pollution Research and Control Act of 1987. 33 USC 1901 note.

TITLE II—PLASTIC POLLUTION RESEARCH AND CONTROL

SEC. 2001. SHORT TITLE.

This title may be cited as the "Marine Plastic Pollution Research and Control Act of 1987".

SEC. 2002. EFFECTIVE DATE.

(a) IN GENERAL.—Except as provided in subsections (b) and (c), this title shall be effective on the date on which Annex V to the International Convention for the Prevention of Pollution from Ships, 1973, enters into force for the United States.

(b) EXCEPTIONS.—Sections 2001, 2002, 2003, 2108, 2202, 2203, 2204, and subtitle C of this title shall be effective on the date of the enactment of this title.

(c) ISSUANCE OF REGULATIONS.—

(1) IN GENERAL.—The authority to prescribe regulations pursuant to this title shall be effective on the date of enactment of this title.

(2) EFFECTIVE DATE OF REGULATIONS.—Any regulation prescribed pursuant to this title shall not be effective before the effective date of the provision of this title under which the regulation is prescribed.

SEC. 2003. PREEMPTION; ADDITIONAL STATE REQUIREMENTS.

(a) PREEMPTION.—Except as specifically provided in this title, nothing in this title shall be interpreted or construed to supersede or preempt any other provision of Federal or State law, either statutory or common.

(b) ADDITIONAL STATE REQUIREMENTS.—Nothing in this title shall be construed or interpreted as preempting any State from imposing any additional requirements.

Subtitle A—Amendments to Act to Prevent Pollution From Ships

SEC. 2101. DEFINITIONS.

Section 2 of the Act to Prevent Pollution from Ships (33 U.S.C. 1901 et seq.) is amended as follows:

(1) "(a)" is inserted after "Sec. 2."

(2) Subsection (a)(1) (as redesignated) is amended to read as follows:

"(1) 'MARPOL Protocol' means the Protocol of 1978 relating to the International Convention for the Prevention of Pollution from Ships, 1973, and includes the Convention;"

(3) Subsection (a)(2) (as redesignated) is amended by striking all after "and" the second time it appears and inserting in lieu thereof the following: "Annexes I, II, and V thereto, including any modification or amendments to the Convention, Protocols, or Annexes which have entered into force for the United States;"

(4) Subsection (a)(3) (as redesignated) is amended by inserting "and 'garbage'" after "discharge".

(5) The following is added at the end of section 2:

33 USC 1901.

ated) is amended by striking "and V" and inserting in lieu thereof "II, and V" thereto, including the Convention, Protocols, and Regulations, into force for the United States.

ated) is amended by inserting

end of section 2:

"(b) For purposes of this Act, the requirements of Annex V shall apply to the navigable waters of the United States, as well as to all other waters and vessels over which the United States has jurisdiction."

SEC. 2102. APPLICATION OF ACT.

33 USC 1902.

(a) **IN GENERAL.**—Section 3(a) of the Act to Prevent Pollution from Ships is amended to read as follows:

"(a) This Act shall apply—

"(1) to a ship of United States registry or nationality, or one operated under the authority of the United States, wherever located;

"(2) with respect to Annexes I and II to the Convention, to a ship, other than a ship referred to in paragraph (1), while in the navigable waters of the United States;

"(3) with respect to the requirements of Annex V to the Convention, to a ship, other than a ship referred to in paragraph (1), while in the navigable waters or the exclusive economic zone of the United States; and

"(4) with respect to regulations prescribed under section 6 of this Act, any port or terminal in the United States."

(b) **EXCLUSIONS.**—Section 3(b) of the Act to Prevent Pollution from Ships is amended to read as follows:

"(b)(1) Except as provided in paragraph (2), this Act shall not apply to—

"(A) a warship, naval auxiliary, or other ship owned or operated by the United States when engaged in noncommercial service; or

"(B) any other ship specifically excluded by the MARPOL Protocol.

"(2)(A) Notwithstanding any provision of the MARPOL Protocol, and subject to subparagraph (B) of this paragraph, the requirements of Annex V to the Convention shall apply after 5 years after the effective date of this paragraph to a ship referred to in paragraph (1)(A).

"(B) This paragraph shall not apply during time of war or a declared national emergency."

(c) **REGULATIONS.**—Section 3(c) of the Act to Prevent Pollution from Ships is amended to read as follows:

"(c) The Secretary shall prescribe regulations applicable to the ships of a country not a party to the MARPOL Protocol, including regulations conforming to and giving effect to the requirements of Annex V as they apply under subsection (a) of section 3, to ensure that their treatment is not more favorable than that accorded ships that parties to the MARPOL Protocol."

SEC. 2103. POLLUTION RECEPTION FACILITIES.

33 USC 1905.

(a) **DETERMINATION OF ADEQUACY OF FACILITIES.**—Section 6(a) of the Act to Prevent Pollution from Ships is amended—

(1) by inserting "(1)" immediately after "(a)";

(2) in subsection (a)(1), as so redesignated, by striking "reception facilities of a port or terminal" and inserting in lieu thereof the following: "a port's or terminal's reception facilities for mixtures containing oil or noxious liquid substances" and

(3) by adding at the end the following:

"(2) The Secretary, after consulting with appropriate Federal agencies, shall establish regulations setting criteria for deter-

Regulations.

mining the adequacy of reception facilities for garbage at a port or terminal, and stating such additional measures and requirements as are appropriate to ensure such adequacy. Persons in charge of ports and terminals shall provide reception facilities, or ensure that such facilities are available, for receiving garbage in accordance with those regulations."

33 USC 1905.

(b) CONSIDERATION OF NUMBER AND TYPES OF SHIPS.—Section 6(b) of the Act to Prevent Pollution from Ships is amended by striking "terminal," the first time it appears and inserting in lieu thereof the following: "terminal, and in establishing regulations under subsection (a) of this section," and by striking "seagoing ships" and inserting in lieu thereof the following: "ships or seagoing ships".

(c) CERTIFICATE ISSUANCE.—Section 6(c) of the Act to Prevent Pollution from Ships is amended to read as follows:

"(c)(1) If reception facilities of a port or terminal meet the requirements of Annex V to the Convention and the regulations prescribed under subsection (a)(1), the Secretary shall, after consultation with the Administrator of the Environmental Protection Agency, issue a certificate to that effect to the applicant.

"(2) If reception facilities of a port or terminal meet the requirements of Annex V to the Convention and the regulations prescribed under subsection (a)(2), the Secretary may, after consultation with appropriate Federal agencies, issue a certificate to that effect to the person in charge of the port or terminal.

"(3) A certificate issued under this subsection—

"(A) is valid until suspended or revoked by the Secretary for cause or because of changed conditions; and

"(B) shall be available for inspection upon the request of the master, other person in charge, or agent of a ship using or intending to use the port or terminal.

"(4) The suspension or revocation of a certificate issued under this subsection may be appealed to the Secretary and acted on by the Secretary in the manner prescribed by regulation."

(d) ENTRY DENIAL.—Section 6(e) of the Act to Prevent Pollution from Ships is amended—

(1) by inserting "(1)" immediately after "(e)";

(2) by striking "(1)" and inserting in lieu thereof "(A)";

(3) by striking "(2)" and inserting in lieu thereof "(B)";

(4) in subparagraph (A), as so redesignated, by striking "the MARPOL Protocol" and inserting in lieu thereof the following: "Annexes I and II of the Convention"; and

(5) by adding at the end the following:

"(2) The Secretary may deny the entry of a ship to a port or terminal required by regulations issued under this section to provide adequate reception facilities for garbage if the port or terminal is not in compliance with those regulations."

33 USC 1907.

SEC. 2104. VIOLATIONS.

(a) SHIP INSPECTIONS.—Section 8(c) of the Act to Prevent Pollution from Ships is amended by—

(1) striking "(1)" and inserting "(A)";

(2) striking "(2)" and inserting "(B)";

(3) inserting "(2)" immediately after "(c)";

(4) in the last sentence of paragraph (2) (as redesignated), striking "If a report made under this subsection involves a ship, other than one of United States registry or nationality or one

measures and require-
adequacy. Persons in
provide reception facilities,
available, for receiving gar-
bage."

TYPES OF SHIPS.—Section 6(b)
is amended by striking
in lieu thereof the
regulations under subsec-
tion "seagoing ships" and
inserting "seagoing ships".
(c) of the Act to Prevent
Pollution from Ships is amended as follows:

or terminal meet the require-
ment and the regulations
Secretary shall, after con-
sultation with the Administrator of Environmental Protection
to the applicant.

or terminal meet the require-
ment and the regulations
Secretary may, after consulta-
tion, issue a certificate to that
effect if the port or terminal is
adequate."

of the Act to Prevent Pollution

(A)";
(B)";
after "(c)";
paragraph (2) (as redesignated),
this subsection involves a ship,
its registry or nationality or one

operated under the authority of the United States, the" and
inserting "The"; and

(5) inserting before paragraph (2) (as redesignated) the follow-
ing: "(1) This subsection applies to inspections relating to possi-
ble violations of Annex I or Annex II to the Convention by any
seagoing ship referred to in section 3(a)(2) of this Act."

(b) SHIP INSPECTIONS OTHER THAN AT PORT OR TERMINAL.—Section
8 of the Act to Prevent Pollution from Ships is amended by re-
designating subsection (d) as subsection (f) and inserting after
subsection (c) the following:

"(d)(1) The Secretary may inspect a ship referred to in section
3(a)(3) of this Act to verify whether the ship has disposed of garbage
in violation of Annex V to the Convention or this Act.

"(2) If an inspection under this subsection indicates that a viola-
tion has occurred, the Secretary may undertake enforcement action
under section 9 of this Act.

"(e)(1) The Secretary may inspect at any time a ship of United
States registry or nationality or operating under the authority of
the United States to which the MARPOL Protocol applies to verify
whether the ship has discharged a harmful substance or disposed of
garbage in violation of that Protocol or this Act.

"(2) If an inspection under this subsection indicates that a viola-
tion of the MARPOL Protocol has occurred the Secretary may
undertake enforcement action under section 9 of this Act."

SEC. 2105. CIVIL PENALTIES.

(a) PAYMENT FOR INFORMATION.—

(1) INFORMATION LEADING TO CONVICTION.—Section 9(a) of the
Act to Prevent Pollution From Ships is amended by inserting
after the first sentence the following: "In the discretion of the
Court, an amount equal to not more than 1/2 of such fine may be
paid to the person giving information leading to conviction."

(2) INFORMATION LEADING TO ASSESSMENT OF PENALTY.—Sec-
tion 9(b) of the Act to Prevent Pollution From Ships is amended
by adding at the end the following: "An amount equal to not
more than 1/2 of such penalties may be paid by the Secretary to
the person giving information leading to the assessment of such
penalties."

**(b) REFERENCE OF VIOLATION TO COUNTRY OF REGISTRY OR
NATIONALITY.**—Section 9(f) of the Act to Prevent Pollution from
Ships is amended by striking "to that country" and inserting "to the
government of the country of the ship's registry or nationality, or
under whose authority the ship is operating".

SEC. 2106. PROPOSED AMENDMENTS TO PROTOCOL.

Section 10 of the Act to Prevent Pollution from Ships is
amended—

(1) in subsection (a), by striking "Inter-Governmental Mari-
time Consultative Organization" and inserting "International
Maritime Organization"; and

(2) in subsection (b), by striking "Annex I or II, appendices to
the Annexes, or Protocol I of the MARPOL Protocol," and
inserting "Annex I, II, or V to the Convention, appendices to
those Annexes, or Protocol I of the Convention", and by striking
"Inter-Governmental Maritime Consultative Organization" and
inserting "International Maritime Organization".

33 USC 1907.

33 USC 1908.

International
organizations.
33 USC 1909.

33 USC 1903.

SEC. 2107. ADMINISTRATION AND ENFORCEMENT; REFUSE RECORD BOOKS; WASTE MANAGEMENT PLANS; NOTIFICATION OF CREW AND PASSENGERS.

(a) ADMINISTRATION AND ENFORCEMENT, GENERALLY.—Section 4(a) of the Act to prevent pollution from ships is amended to read as follows:

“(a) Unless otherwise specified in this Act, the Secretary shall administer and enforce the MARPOL Protocol and this Act. In the administration and enforcement of the MARPOL Protocol and this Act, Annexes I and II of the Convention apply only to seagoing ships.”

(b) REFUSE RECORD BOOKS; WASTE MANAGEMENT PLANS; NOTIFICATION OF CREW AND PASSENGERS.—Section 4(b) of the Act to Prevent Pollution from Ships is amended by—

- (1) inserting “(1)” after “(b)”; and
- (2) adding at the end the following:

“(2) The Secretary of the department in which the Coast Guard is operating shall—

Regulations.

“(A) within 1 year after the effective date of this paragraph, prescribe regulations which—

- “(i) require certain ships described in section 3(a)(1) to maintain refuse record books and shipboard management plans, and to display placards which notify the crew and passengers of the requirements of Annex V to the Convention; and
- “(ii) specify the ships described in section 3(a)(1) to which the regulations apply;

International agreements.

“(B) seek an international agreement or international agreements which apply requirements equivalent to those described in subparagraph (A)(i) to all vessels subject to Annex V to the Convention; and

Reports.

“(C) within 2 years after the effective date of this paragraph, report to the Congress—

- “(i) regarding activities of the Secretary under subparagraph (B); and
- “(ii) if the Secretary has not obtained agreements pursuant to subparagraph (B) regarding the desirability of applying the requirements described in subparagraph (A)(i) to all vessels described in section 3(a) which call at United States ports.”

SEC. 2108. COMPLIANCE WITH INTERNATIONAL LAW.

The Act to Prevent Pollution from Ships is amended by adding at the end the following:

33 USC 1912.

“Sec. 17. Any action taken under this Act shall be taken in accordance with international law.”

Subtitle B—Studies and Report

33 USC 1902 note.

SEC. 2201. COMPLIANCE REPORTS.

(a) IN GENERAL.—Within 1 year after the effective date of this section, and biennially thereafter for a period of 6 years, the Secretary of the department in which the Coast Guard is operating, in consultation with the Secretary of Agriculture and the Secretary of Commerce, shall report to the Congress regarding compliance with

Annex V to the International Convention for the Prevention of Pollution from Ships, 1973, in United States waters.

(b) **REPORT ON INABILITY TO COMPLY.**—Within 3 years after the effective date of this section, the head of each Federal agency that operates or contracts for the operation of any ship referred to in section 3(b)(1)(A) of the Act to Prevent Pollution from Ships that may not be able to comply with the requirements of that section shall report to the Congress describing—

Contracts.

(1) the technical and operational impediments to achieving that compliance;

(2) an alternative schedule for achieving that compliance as rapidly as is technologically feasible;

(3) the ships operated or contracted for operation by the agency for which full compliance with section 3(b)(2)(A) is not technologically feasible; and

(4) any other information which the agency head considers relevant and appropriate.

(c) **CONGRESSIONAL ACTION.**—Upon receipt of the compliance report under subsection (b), the Congress shall modify the applicability of Annex V to ships referred to in section 3(b)(1)(A) of the Act to Prevent Pollution from Ships, as may be appropriate with respect to the requirements of Annex V to the Convention.

SEC. 2202. EPA STUDY OF METHODS TO REDUCE PLASTIC POLLUTION.

42 USC 6981
note.

(a) **IN GENERAL.**—The Administrator of the Environmental Protection Agency, in consultation with the Secretary of Commerce, shall commence a study of the adverse effects of the improper disposal of plastic articles on the environment and on waste disposal, and the various methods to reduce or eliminate such adverse effects.

(b) **SCOPE OF STUDY.**—A study under this section shall include the following:

Wildlife.
Safety.

(1) A list of improper disposal practices and associated specific plastic articles that occur in the environment with sufficient frequency to cause death or injury to fish or wildlife, affect adversely the habitat of fish or wildlife, contribute significantly to aesthetic degradation or economic losses in coastal and waterfront areas, endanger human health or safety, or cause other significant adverse impacts.

(2) A description of specific statutory and regulatory authority available to the Administrator of the Environmental Protection Agency, and the steps being taken by the Administrator, to reduce the amount of plastic materials that enter the marine and aquatic environment.

(3) An evaluation of the feasibility and desirability of substitutes for those articles identified under paragraph (1), comparing the environmental and health risks, costs, disposability, durability, and availability of such substitutes.

(4) An evaluation of the impacts of plastics on the solid waste stream relative to other solid wastes, and methods to reduce those impacts, including recycling.

(5) An evaluation of the impact of plastics on the solid waste stream relative to other solid wastes, and methods to reduce those impacts, including—

(A) the status of a need for public and private research to develop and market recycled plastic articles;

(B) methods to facilitate the recycling of plastic materials by identifying types of plastic articles to aid in their sorting.

and by standardizing types of plastic materials, taking into account trade secrets and protection of public health;

(C) incentives, including deposits on plastic containers, to increase the supply of plastic material for recycling and to decrease the amount of plastic debris, especially in the marine environment;

(D) the effect of existing tax laws on the manufacture and distribution of virgin plastic materials as compared with recycled plastic materials; and

(E) recommendations on incentives and other measures to promote new uses for recycled plastic articles and to encourage or require manufacturers of plastic articles to consider re-use and recycling in product design.

(6) An evaluation of the feasibility of making the articles identified under paragraph (1) from degradable plastics materials, taking into account—

(A) the risk to human health and the environment that may be presented by fragments of degradable plastic articles and the properties of the end-products of the degradation, including biotoxicity, bioaccumulation, persistence, and environmental fate;

(B) the efficiency and variability of degradation due to differing environmental and biological conditions; and

(C) the cost and benefits of using degradable articles, including the duration for which such articles were designed to remain intact.

(c) CONSULTATION.—In carrying out the study required by this section, the Administrator shall consult with the heads of other appropriate Federal agencies, representatives of affected industries, consumer and environment interest groups, and the public.

(d) REPORT.—Within 18 months after the date of the enactment of this Act, the Administrator of the Environmental Protection Agency shall report to the Congress the results of the study required by this section, including recommendations in connection therewith.

SEC. 2203. EFFECTS OF PLASTIC MATERIALS ON THE MARINE ENVIRONMENT.

Reports.

Not later than September 30, 1988, the Secretary of Commerce shall submit to the Congress a report on the effects of plastic materials on the marine environment. The report shall—

(1) identify and quantify the harmful effects of plastic materials on the marine environment;

(2) assess the specific effects of plastic materials on living marine resources in the marine environment;

(3) identify the types and classes of plastic materials that pose the greatest potential hazard to living marine resources;

(4) analyze, in consultation with the Director of the National Bureau of Standards, plastic materials which are claimed to be capable of reduction to environmentally benign submits under the action of normal environmental forces (including biological decomposition, photodegradation, and hydrolysis); and

(5) recommend legislation which is necessary to prohibit, tax, or regulate sources of plastic materials that enter the marine environment.

IN PROGRAM.

(1) IN GENERAL.—Not later than April 1, 1988, the Adminis- trator of the National Oceanic and Atmospheric Administration and the Administrator of the Environmental Protection Agency, in consultation with the Secretary of Transportation, shall jointly commence and thereafter conduct for a period of at least 3 years, a public outreach program to educate the public (including recreational boaters, fishermen, and other users of the marine environment) regarding—

- (A) the harmful effects of plastic pollution;
- (B) the need to reduce such pollution;
- (C) the need to recycle plastic materials; and
- (D) the need to reduce the quantity of plastic debris in the marine environment.

(2) AUTHORIZED ACTIVITIES.—A public outreach program under paragraph (1) may include—

- (A) workshops with interested groups;
- (B) public service announcements;
- (C) distribution of leaflets and posters; and
- (D) any other means appropriate to educating the public.

(b) CITIZEN POLLUTION PATROLS.—The Secretary of Commerce, along with the Administrator of the Environmental Protection Agency and the Secretary of the Department in which the Coast Guard is operating, shall conduct a program to encourage the formation of volunteer groups, to be designated as "Citizen Pollution Patrols", to assist in monitoring, reporting, cleanup, and prevention of ocean and shoreline pollution.

Voluntarism.

Subtitle C—New York Bight

33 USC 2267 note.

SEC. 2301. NEW YORK BIGHT RESTORATION PLAN.

(a) IN GENERAL.—Within 3 years after the effective date of this section, the Administrator, in consultation with the Administrator of the National Oceanic and Atmospheric Administration and other Federal, State, and interstate agencies, shall prepare a New York Bight Restoration Plan. In preparing such plan, the Administrator shall seek the views and comments of interested persons and hold public hearings in States to be affected by the plan. The first such public hearing shall occur not later than 8 months after the effective date of this section.

State and local governments.

(b) SCOPE OF PLAN.—The New York Bight Restoration Plan pre- pared under subsection (a) shall, at a minimum—

(1) identify and assess the impact of pollutant inputs, such as treated and untreated sewage discharge, industrial outfalls, agricultural and urban runoff, storm sewer overflow, upstream contaminant sources, atmospheric fallout, and dumping, that are affecting the water quality and marine resources of the New York Bight;

(2) identify those uses in the New York Bight and other areas that are being adversely affected by such pollutant inputs;

(3) determine the fate of the contaminants from such pollut- ant inputs and their effect on human health and the marine environment;

(4) identify technologies and management practices necessary for controlling such pollutant inputs;

(5) identify the costs of implementing such technologies and practices and any impediments to such implementation;

(6) devise a schedule of economically feasible projects to implement such technologies and practices and to remove such impediments;

State and local governments.

(7) develop recommendations for funding and coordinating the various Federal, State, and local government programs necessary to implement the projects referred to in paragraph (6); and

(8) comprehensively assess alternatives to dumping of municipal sludge and the burning of timber in the New York Bight.

SEC. 2302. NEW YORK BIGHT PLASTIC STUDY.

Reports.

The Administrator shall conduct a study of problems associated with plastic debris in the New York Bight, with specific attention to the effect of such debris on beaches, marine life, the environment, and coastal waters, and shall report to the Congress within 6 months after the effective date of this section with recommendations for the elimination of the threats posed by such plastic debris.

SEC. 2303. REPORTS.

(a) SCHEDULE FOR PRELIMINARY REPORTS AND RESTORATION PLAN.—Not later than 6 months after the effective date of this section, the Administrator shall submit to the Congress a detailed schedule (including associated funding requirements) for completing preliminary reports and the New York Bight Restoration Plan under this subtitle.

(b) PRELIMINARY REPORT ON ALTERNATIVES.—Not later than the earlier of January 1, 1990, or the date of any decision by the Administrator affecting the redesignation of the 106-mile Ocean Waste Dump site for municipal sludge or the designation of any additional municipal sludge dump site, the Administrator shall submit to the Congress a preliminary report assessing alternatives to the ocean dumping of municipal sludge.

(c) PRELIMINARY REPORT ON POLLUTANT INPUTS.—Not later than 1 year after the effective date of this section, the Administrator shall submit to the Congress a preliminary report on the examinations required under section 2301(b)(1), (b)(2), and (b)(3).

(d) PRELIMINARY REPORT ON CONTROL MEASURES.—Not later than 2 years after the effective date of this section, the Administrator shall submit to the Congress a preliminary report on the examinations required under section 2301(b)(4), (b)(5), (b)(6), and (b)(7).

(e) SUBMISSION OF RESTORATION PLAN TO CONGRESS.—Not later than 3 years after the effective date of this section, the Administrator shall submit to the Congress the New York Bight Restoration Plan prepared under section 2301.

SEC. 2304. DEFINITIONS.

For purposes of this subtitle—

(1) NEW YORK BIGHT.—The term "New York Bight" means an area comprised of the Hudson-Raritan Estuary and waters of the Atlantic Ocean.—

(A) west of Montauk, Long Island, New York (71 degrees, 50 minutes west longitude);

(B) north of Cape May, New Jersey; and

(C) extending seaward to the edge of the Continental Shelf.

(2) ADMINISTRATOR.—The term "Administrator" means the Administrator of the Environmental Protection Agency.

SEC. 2305. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to the Administrator not more than \$3,000,000 for carrying out this subtitle during fiscal years 1988, 1989, and 1990.

TITLE III—MARINE SCIENCE, TECHNOLOGY, AND POLICY DEVELOPMENT

Marine Science, Technology, and Policy Development Act of 1987. 33 USC 1121 note.

SEC. 3001. SHORT TITLE.

This title may be cited as the "Marine Science, Technology, and Policy Development Act of 1987".

Subtitle A—National Sea Grant College Program Authorization

National Sea Grant College Program Authorization Act of 1987. 33 USC 1121 note. Education, Research and development.

SEC. 3101. SHORT TITLE.

This subtitle may be cited as the "National Sea Grant College Program Authorization Act of 1987".

SEC. 3102. REFERENCE TO THE NATIONAL SEA GRANT COLLEGE PROGRAM ACT.

Unless otherwise provided, whenever in this subtitle an amendment or repeal is expressed in terms of an amendment to, or repeal of, a title, section, subsection, or other provision, the reference shall be considered to be made to a title, section, subsection, or other provision of the National Sea Grant College Program Act (33 U.S.C. 1121 et seq.).

SEC. 3103. DECLARATION OF POLICY.

Section 202 (33 U.S.C. 1121) is amended as follows:

(1) Subsection (a) is amended—

(A) by redesignating paragraphs (1), (2), and (3) as paragraphs (4), (5), and (6), respectively; and

(B) by inserting before paragraph (4) (as redesignated) the following:

"(1) The national interest requires a strategy to—

"(A) provide for the understanding and wise use of ocean, coastal, and Great Lakes resources and the environment;

"(B) foster economic competitiveness;

"(C) promote public stewardship and wise economic development of the coastal ocean and its margins, the Great Lakes, and the exclusive economic zone;

"(D) understand global environmental processes; and

"(E) promote domestic and international cooperative solutions to ocean, coastal, and Great Lakes issues.

"(2) Investment in a strong program of research, education, training, technology transfer, and public service is essential for this strategy.

"(3) The expanding use and development of ocean, coastal, and Great Lakes resources resulting from growing coastal area populations and the increasing pressures on the coastal and Great Lakes environment challenge the ability of the United States to manage such resources wisely."

(2) Such section (b) is amended by striking "ocean and coastal resources" and all that follows through the end of such subsection and inserting in lieu thereof the following: "ocean, coastal, and Great Lakes resources by providing assistance to promote a strong educational base, responsive research and training activities, broad and prompt dissemination of knowledge and techniques, and multidisciplinary approaches to environmental problems."

SEC. 3104. DEFINITIONS.

(a) IN GENERAL.—Section 203 (33 U.S.C. 1122) is amended—

- (1) by striking paragraph (2);
- (2) by renumbering paragraph (3) as paragraph (2) and inserting immediately thereafter the following:

"(3) the term 'director of a sea grant college' means a person designated by their university or institution to direct a sea grant college, programs, or regional consortium.";

(3) by striking paragraphs (6) and (7) and inserting in lieu thereof the following:

"(6) The term 'ocean, coastal, and Great Lakes resources' means the resources that are located in, derived from, or traceable to, the seabed, subsoil, and waters of—

"(A) the coastal zone, as defined in section 304(1) of the Coastal Zone Management Act (16 U.S.C. 1453(1));

"(B) the Great Lakes;

"(C) the territorial sea;

"(D) the exclusive economic zone;

"(E) the Outer Continental Shelf; and

"(F) the high seas.

"(7) The term 'resource' means—

"(A) living resources (including natural and cultured plant life, fish, shellfish, marine mammals, and wildlife);

"(B) nonliving resources (including energy sources, minerals, and chemical substances);

"(C) the habitat of a living resource, the coastal space, the ecosystems, the nutrient-rich areas, and the other components of the marine environment that contribute to or provide (or which are capable of contributing to or providing) recreational, scenic, esthetic, biological, habitational, commercial, economic, or conservation values; and

"(D) man-made, tangible, intangible, actual, or potential resources."; and

(4) by adding at the end the following:

"(15) The term 'Under Secretary' means the Under Secretary of Commerce for Oceans and Atmosphere."

(b) CONFORMING AMENDMENTS RELATING TO GREAT LAKES RESOURCES.—

(1) Each of the following provisions of the National Sea Grant College Program Act are amended by striking "ocean and coastal resources" each place it appears and inserting in lieu thereof "ocean, coastal, and Great Lakes resources":

(A) Paragraphs (4) and (5) of section 202(a) (as redesignated by section 3103(1)(A) of this subtitle).

(B) Section 202(c).

(C) Paragraphs (4) and (11) of section 203.

(D) Sections (b)(1)(A) and (d)(3) of section 204.

(E) Paragraphs (2)(A) and (3) (A) and (B) of section 207(a).

(c) CONFORMING AMENDMENTS RELATING TO UNDER SECRETARY OF COMMERCE FOR OCEANS AND ATMOSPHERE.—Section 204(c) is amended by striking "Administrator" each place it appears and inserting in lieu thereof "Under Secretary".

SEC. 3105. CONTRACTS AND GRANTS.

(a) MINIMIZATION OF PRIOR APPROVAL REQUIREMENTS.—Section 205 (33 U.S.C. 1124) is amended by adding at the end of subsection (d)(1) the following: "Terms, conditions, and requirements imposed by the Secretary under this paragraph shall minimize any requirement of prior Federal approval."

(b) ACCEPTANCE OF FUNDS FROM OTHER FEDERAL AGENCIES.—Section 204(d)(6) is amended by striking "under section 205(a)".

SEC. 3106. SEA GRANT STRATEGIC RESEARCH PROGRAM.

(a) IN GENERAL.—Section 206 (33 U.S.C. 1125) is amended to read as follows:

"SEC. 206. STRATEGIC MARINE RESEARCH PROGRAM.

"(a) GRANT AND CONTRACT AUTHORITY.—The Under Secretary may make grants and enter into contracts to carry out the strategic research program provided for under this section. A grant or contract may cover up to 100 percent of the cost of the research for which the grant or contract is made or awarded.

"(b) STRATEGIC RESEARCH PLAN.—Within 1 year after the effective date of the Marine Science, Technology, and Policy Development Act of 1987, and every 3 years after that date, the Under Secretary shall develop and publish in the Federal Register, a sea grant strategic research plan for the next 3 years. The plan shall—

Federal Register, publication.

"(1) identify and describe a limited number of priority areas for strategic research in fields associated with ocean, coastal, and Great Lakes resources; and

"(2) indicate the goals and timetables for the research in those fields.

"(c) CONSULTATION AND CONGRESSIONAL REVIEW.—

"(1) CONSULTATION.—In developing each sea grant strategic research plan, the Under Secretary shall consult with relevant Federal agencies; sea grant directors; other representatives of sea grant colleges, sea grant programs, and sea grant regional consortia; non-governmental marine scientists; and other interested parties, both public and private.

"(2) SUBMITTAL TO CONGRESS.—Upon publication of each sea grant strategic research plan under subsection (b), the Under Secretary shall submit the plan to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Merchant Marine and Fisheries of the House of Representatives.

"(3) RESTRICTION ON GRANTS AND CONTRACTS.—The Under Secretary shall not make a grant or enter into a contract under this section for priority area research under a strategic research plan before the 45th day after the date of receipt of the plan by the Committees referred to in paragraph (2).

 section 207(a).

"(d) CRITERIA FOR AREAS TO BE INCLUDED IN PLAN.—In selecting priority areas for inclusion in the sea grant strategic research plan, the Under Secretary shall concentrate on—

"(1) critical resource and environmental areas that are precluded from adequate funding under other provisions of this Act because of—

"(A) their national, international, or global scope, fundamental nature, or long-range aspects;

"(B) the scale of the needed research effort; or

"(C) the need for the broadest possible university involvement; and

"(2) areas where the strength and capabilities of the sea grant colleges, sea grant programs, and sea grant regional consortia in mobilizing talent for sustained programmatic research and technology transfer make them particularly qualified to manage strategic marine research under this section.

"(e) CONTRACT AND GRANT REQUIREMENTS.—Subsections (c) and (d) of section 205 apply to applications for grants or contracts, and to grants made and contracts entered into, under this section.

(b) REGULATIONS.—Within 1 year after the effective date of this title, the Under Secretary of Commerce for Oceans and Atmosphere shall adopt rules and regulations in accordance with section 553 of title 5, United States Code, to carry out section 206(a), after giving notice and opportunity for full participation by relevant Federal agencies; State agencies; local governments; regional organizations; nongovernmental marine scientists; sea grant directors and other representatives of sea grant colleges, programs, and regional consortia; and other interested parties, both public and private.

SEC. 3107. FELLOWSHIPS.

Section 208 (33 U.S.C. 1127) is amended to read as follows:

"SEC. 208. FELLOWSHIPS.

"(a) IN GENERAL.—To carry out the educational and training objectives of this Act, the Under Secretary shall support a program of fellowships for qualified individuals at the graduate and postgraduate level. The fellowships shall be related to ocean, coastal, and Great Lakes resources and awarded pursuant to guidelines established by the Under Secretary.

"(b) DEAN JOHN A. KNAUSS MARINE POLICY FELLOWSHIP.—The Under Secretary may award marine policy fellowships to support the placement of individuals at the graduate level of education in fields related to ocean, coastal and Great Lakes resources in positions with the executive and legislative branches of the United States Government. A fellowship awarded under this subsection shall be for a period of not more than 1 year.

"(c) POSTDOCTORAL FELLOWSHIPS.—The Under Secretary shall establish and administer a program of postdoctoral fellowships to accelerate research in critical subject areas. The fellowship awards—

"(1) shall be for 2 years;

"(2) may be renewed once for not more than 2 years;

"(3) shall be awarded on a nationally competitive basis;

"(4) may be used at any institution of post-secondary education involved in the national sea grant college program;

"(5) shall be for up to 100 percent of the total cost of the fellowship;

"(6) may be identified in under section
"(7) may agree, as well

SEC. 3108. SEA GRANT REVIEW PANEL.

Section 209 (33 U.S.C. 1128) is amended as follows:

(1) Subsection (b) is amended—

(A) by striking the matter preceding paragraph (1) and inserting "The Panel shall advise the Secretary, the Under Secretary, and the Director concerning—"; and

(B) by inserting "and section 3 of the Sea Grant Program Improvement Act of 1976" before the semicolon at the end of subsection (b)(1).

(2) Subsection (c) is amended—

(A) by striking the second sentence of paragraph (1) and inserting in lieu thereof the following: "The Director and a director of a sea grant program who is elected by the various directors of sea grant programs shall serve as nonvoting members of the panel.";

(B) by striking "five" in paragraph (1) and inserting in lieu thereof "8";

(C) by adding at the end of paragraph (2) the following: "At least once each year, the Secretary shall publish a notice in the Federal Register soliciting nominations for membership on the panel."; and

(D) by striking "office, or until 90 days after such date, whichever is earlier." in paragraph (3) and inserting in lieu thereof "office."

SEC. 3109. MARINE AFFAIRS AND RESOURCE MANAGEMENT IMPROVEMENT GRANTS.

Section 211 (33 U.S.C. 1130) is amended to read as follows:

"SEC. 211. MARINE AFFAIRS AND RESOURCE MANAGEMENT IMPROVEMENT GRANTS.

"(a) IN GENERAL.—The Under Secretary may provide annual grants during fiscal years 1988 through 1990 to institutions eligible under subsection (b) to assist the institutions in achieving the following objectives:

"(1) Development and improvement of curriculum offerings in marine affairs and resource management at the graduate level, and development of related educational materials.

"(2) Fostering support of graduate students, through scholarships and teaching and research fellowships, in marine affairs and resource management.

"(3) Increasing multidisciplinary research in marine resources management.

"(b) ELIGIBILITY.—An institution is eligible for grants under this section if it is a sea grant college, sea grant regional consortium, or institution of higher education having a sea grant program that—

"(1) maintains a graduate program in, or institute or center for, marine affairs and resource management;

"(2) has prepared a development plan to improve and strengthen that program, institute, or center; and

"(3) has demonstrated, to the extent consistent with State law, its intention to support such improved and strengthened education and training after financial assistance under this section has ceased.

"(c) APPLICATIONS.—Applications for grants under this section shall be made in such manner as the Under Secretary shall require.

"(d) LIMITATIONS ON GRANTS.—No grant in excess of \$400,000 may be made to an eligible institution under this section for any year, and no more than 2 annual grants may be made to any such institution.

"(e) REPORT BY GRANT RECIPIENT.—Each institution receiving a grant under this subsection shall report to the Under Secretary, in such manner as the Under Secretary may require annually, and within 90 days following the termination of the grant, regarding the activities conducted with the grant."

SEC. 3110. AUTHORIZATION OF APPROPRIATIONS.

Section 212 (33 U.S.C. 1131) is amended to read as follows:

"SEC. 212. AUTHORIZATION OF APPROPRIATIONS.

"(a) IN GENERAL.—There is authorized to be appropriated to carry out the provisions of this Act other than sections 206 and 211, an amount—

- "(1) for fiscal year 1988, not to exceed \$41,500,000;
- "(2) for fiscal year 1989, not to exceed \$50,500,000; and
- "(3) for fiscal year 1990, not to exceed \$51,000,000.

"(b) STRATEGIC MARINE RESEARCH.—There is authorized to be appropriated to carry out section 206 and section 208(c), an amount—

- "(1) for fiscal year 1988, not to exceed \$500,000;
- "(2) for fiscal year 1989, not to exceed \$5,000,000; and
- "(3) for fiscal year 1990, not to exceed \$10,000,000.

"(c) MARINE AFFAIRS AND RESOURCE MANAGEMENT GRANTS.—There is authorized to be appropriated to carry out section 211, an amount—

- "(1) for fiscal year 1988, not to exceed \$2,000,000;
- "(2) for fiscal year 1989, not to exceed \$2,500,000; and
- "(3) for fiscal year 1990, not to exceed \$3,000,000.

"(d) AVAILABILITY OF SUMS.—Sums appropriated pursuant to this section shall remain available until expended.

"(e) REVERSION OF UNOBLIGATED AMOUNTS.—The amount of any grant, or portion of a grant, made to a person under any section of this Act that is not obligated by that person during the first fiscal year for which it was authorized to be obligated or during the next fiscal year thereafter shall revert to the Secretary. The Secretary shall add that reverted amount to the funds available for grants under the section for which the reverted amount was originally made available."

SEC. 3111. SEA GRANT INTERNATIONAL PROGRAM.

Section 3 of the Sea Grant Program Improvement Act of 1976 (33 U.S.C. 1124a) is amended to read as follows:

Commerce for Oceans and make grants under

“(1) enhance cooperative international research and educational activities on ocean, coastal and Great Lakes resources;

“(2) promote shared marine activities with universities in countries with which the United States has sustained mutual interest in ocean, coastal, and Great Lakes resources;

“(3) encourage technology transfer that enhances wise use of ocean, coastal, and Great Lakes resources in other countries and in the United States;

“(4) promote the exchange among the United States and foreign nations of information and data with respect to the assessment, development, utilization, and conservation of such resources;

“(5) use the national sea grant college program as a resource in other Federal civilian agency international initiatives whose purposes are fundamentally related to research, education, technology transfer and public service programs concerning the understanding and wise use of ocean, coastal, and Great Lakes resources; and

“(6) enhance regional collaboration between foreign nations and the United States with respect to marine scientific research, including activities which improve understanding of global oceanic and atmospheric processes, undersea minerals resources within the exclusive economic zone, and productivity and enhancement of living marine resources in—

“(A) the Caribbean and Latin American regions;

“(B) the Pacific Islands region;

“(C) the Arctic and Antarctic regions;

“(D) the Atlantic and Pacific Oceans; and

“(E) the Great Lakes.

“(b) **ELIGIBILITY, PROCEDURES, AND REQUIREMENTS.**—Any sea grant college, sea grant program or sea grant regional consortium, and any institution of higher education, laboratory, or institute (if the institution, laboratory, or institute is located within a State, as defined in section 203(14) of the National Sea Grant College Program Act (33 U.S.C. 1122(14)), may apply for and receive financial assistance under this section. The Under Secretary shall prescribe rules and regulations, in consultation with the Secretary of State, to carry out this section. Before approving an application for a grant or contract under this section, the Under Secretary shall consult with the Secretary of State. A grant made, or contract entered into, under this section is subject to section 205(d) (2) and (4) of the National Sea Grant College Program Act (33 U.S.C. 1124(d) (2) and (4)) and to any other requirements that the Under Secretary considers necessary and appropriate.”

Great Lakes Shoreline Mapping Act of 1987.
 33 USC 883a note.

33 USC 883a note.

Subtitle B—Great Lakes Mapping

SEC. 3201. SHORT TITLE.

This subtitle may be cited as the “Great Lakes Shoreline Mapping Act of 1987”.

SEC. 3202. GREAT LAKES SHORELINE MAPPING PLAN.

(a) **PREPARATION OF PLAN.**—Not later than nine months after the date of the enactment of this subtitle, the Director, in consultation with the Director of the United States Geological Survey, shall

submit to the Congress a plan for preparing maps of the shoreline of the Great Lakes under section 3203.

(b) **CONTENT OF PLAN.**—A plan prepared under paragraph (1) shall include—

- (1) a work proposal and a division of responsibilities between the National Oceanic and Atmospheric Administration and the United States Geological Survey;
- (2) a time schedule for completion of maps;
- (3) recommendation of funding needed for preparing the maps; and
- (4) an area mapping schedule, with first priority given to shoreline areas subject to a high risk of erosion or flooding.

SEC. 3203. PREPARATION OF GREAT LAKES SHORELINE MAPS.

(a) **IN GENERAL.**—The following completion of a shoreline mapping plan under section 3202 and subject to authorization and appropriation of funds, the Director, in consultation with the Director of the United States Geological Survey, shall prepare maps of the shoreline areas of the Great Lakes.

(b) **CONTENT OF MAPS.**—Maps prepared under this section—

(1) shall include—

- (A) bathymetry of the nearshore area, to the extent that this area will affect coastal erosion and flooding;
- (B) topography of the adjacent shoreline, to the extent that this area will directly affect or be affected by coastal erosion and flooding;
- (C) the geological conditions of the nearshore area and shoreline to the extent that these areas will directly affect or be affected by coastal erosion and flooding;
- (D) information on the recent geological past of the nearshore area and shoreline areas described in paragraph (3); and

(E) appropriate information for use in predicting and preventing damage caused by erosion and flooding in the Great Lakes;

(2) shall be of appropriate scale and detail and take into account the greater informational needs of areas subject to a high risk of erosion or flooding; and

(3) to the maximum extent practicable, shall be consistent with similar shoreline maps prepared by, or for the use of, the Government of Canada.

(c) **CONSULTATION.**—In preparing maps under this section, the Director shall consult with, and take into consideration, the informational needs of—

- (1) the Army Corps of Engineers;
- (2) the Federal Emergency Management Agency;
- (3) other appropriate Federal agencies;
- (4) the States of Illinois, Indiana, Michigan, Minnesota, New York, Ohio, Pennsylvania, and Wisconsin;
- (5) appropriate local government units; and
- (6) the general public.

(d) **AVAILABILITY OF MAPS.**—The Director shall make maps prepared under this section available to—

- (1) Federal agencies;
- (2) State governments;
- (3) local government units;
- (4) the Government of Canada; and

Canada.

SEC. 3204. CONTRACT AUTHORITY.

The Director may, subject to appropriations, enter into contracts
and agreements on a reimbursable or cost-sharing basis with other
Federal agencies, State governments, local governments, and pri-
vate entities, to carry out this subtitle.

State and local
governments.

SEC. 3205. DEFINITIONS.

For purposes of this subtitle—

(1) The term "Director" means the Director of Charting and
Geodetic Services of the National Ocean Service, within the
National Oceanic and Atmospheric Administration.

(2) The term "Great Lakes" means Lake Erie, Lake Huron,
Lake Michigan, Lake Ontario, Lake St. Clair, Lake Superior,
the Saint Mary's River, the Saint Clair River, the Detroit River,
the Niagara River, the Saint Lawrence River to the Canadian
border, to the extent such lakes and rivers are subject to the
jurisdiction of the United States.

(3) The term "high risk of erosion" means subject to erosion at
a rate greater than 1 foot per year.

SEC. 3206. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to carry out section 3202
not more than \$100,000 for fiscal year 1988. Amounts appropriated
pursuant to this section shall remain available until expended.

**TITLE IV—DRIFTNET IMPACT MONITOR-
ING, ASSESSMENT, AND CONTROL**

SEC. 4001. SHORT TITLE.

This title may be cited as the "Driftnet Impact Monitoring,
Assessment, and Control Act of 1987".

SEC. 4002. FINDINGS.

The Congress finds that—

(1) the use of long plastic driftnets is a fishing technique that
may result in the entanglement and death of enormous num-
bers of target and nontarget marine resources in the waters of
the North Pacific Ocean, including the Bering Sea;

(2) there is a pressing need for detailed and reliable informa-
tion on the number of marine resources that become entangled
and die in actively fished driftnets and in driftnets that are lost,
abandoned, or discarded; and

(3) increased efforts are necessary to monitor, assess, and
reduce the adverse impacts of driftnets.

SEC. 4003. DEFINITIONS.

As used in this title—

(1) **DRIFTNET.**—The term "driftnet" means a gillnet composed
of a panel of plastic webbing one and one-half miles or more in
length.

Driftnet Impact
Monitoring,
Assessment, and
Control Act of
1987.
North Pacific
Ocean.
16 USC 1822
note.

(2) **DRIFTNET FISHING.**—The term "driftnet fishing" means a fish-harvesting method in which a driftnet is placed in water and allowed to drift with the currents and winds for the purpose of entangling fish in the webbing.

(3) **EXCLUSIVE ECONOMIC ZONE OF THE UNITED STATES.**—The term "exclusive economic zone of the United States" means the zone defined in section 3(6) of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1802(b)).

(4) **MARINE RESOURCES.**—The term "marine resources" includes fish, shellfish, marine mammals, seabirds, and other forms of marine life or waterfowl.

(5) **MARINE RESOURCES OF THE UNITED STATES.**—The term "marine resources of the United States" means—

(A) marine resources found in, or which breed within, areas subject to the jurisdiction of the United States, including the exclusive economic zone of the United States; and

(B) species of fish, wherever found, that spawn in the fresh or estuarine waters of the United States.

(6) **SECRETARY.**—The term "Secretary" means the Secretary of Commerce.

SEC. 1004. MONITORING AGREEMENTS.

(a) **NEGOTIATIONS.**—The Secretary, through the Secretary of State and in consultation with the Secretary of the Interior, shall immediately initiate, negotiations with each foreign government that conducts, or authorizes its nationals to conduct, driftnet fishing that results in the taking of marine resources of the United States in waters of the North Pacific Ocean outside of the exclusive economic zone and territorial sea of any nation, for the purpose of entering into agreements for statistically reliable cooperative monitoring and assessment of the numbers of marine resources of the United States killed and retrieved, discarded, or lost by the foreign government's driftnet fishing vessels. Such agreements shall provide for—

(1) the use of a sufficient number of vessels from which scientists of the United States and the foreign governments may observe and gather statistically reliable information; and

(2) appropriate methods for sharing equally the costs associated with such activities.

(b) **REPORT.**—The Secretary, in consultation with the Secretary of State, shall provide to the Congress not later than 1 year after the date of enactment of this Act a full report on the results of negotiations under this section.

SEC. 1005. IMPACT REPORT.

(a) **IN GENERAL.**—The Secretary shall provide to the Congress within 1 year after the date of the enactment of this Act, and at such other times thereafter as the Secretary considers appropriate, a report identifying the nature, extent, and effects of driftnet fishing in waters of the North Pacific Ocean on marine resources of the United States. The report shall include the best available information on—

(1) the number and flag state of vessels involved;

(2) the areas fished;

(3) the length, width, and mesh size of driftnets used;

(4) the number of marine resources of the United States killed by such fishing;

(5) the effect of seabird mortality, as determined by the Secretary of the Interior, on seabird populations; and

(6) any other information the Secretary considers appropriate.

(b) INFORMATION FROM FOREIGN GOVERNMENTS.—The Secretary, through the Secretary of State, shall—

(1) request relevant foreign governments to provide the information described in subsection (a), and

(2) include in a report under this section the information so provided and an evaluation of the adequacy and reliability of such information.

Reports.

SEC. 4006. ENFORCEMENT AGREEMENTS.

International agreements.

(a) NEGOTIATIONS.—The Secretary shall immediately initiate, through the Secretary of State and in consultation with the Secretary of the Department in which the Coast Guard is operating negotiations with each foreign government that conducts, or authorizes its nationals to conduct, driftnet fishing that results in the taking of marine resources of the United States in waters of the North Pacific Ocean outside of the exclusive economic zone and territorial sea of any nation, for the purpose of entering into agreements for effective enforcement of laws, regulations, and agreements applicable to the location, season, and other aspects of the operations of the foreign government's driftnet fishing vessels. Such agreements shall include measures for—

(1) the effective monitoring and detection of violations;

(2) the collection and presentation of such evidence of violations as may be necessary for the successful prosecution of such violations by the responsible authorities;

(3) reporting to the United States of penalties imposed by the foreign governments for violations; and

(4) appropriate methods for sharing equally the costs associated with such activities.

(b) CERTIFICATION FOR PURPOSES OF FISHERMEN'S PROTECTIVE ACT OF 1967.—If the Secretary, in consultation with the Secretary of State, determines that a foreign government has failed, within 18 months after the date of the enactment of this Act, to enter into and implement an agreement under subsection (a) or section 4004(a) that is adequate, the Secretary shall certify such fact to the President, which certification shall be deemed to be a certification for the purposes of section 6(a) of the Fishermen's Protective Act of 1967 (22 U.S.C. 1978(a)).

SEC. 4007. EVALUATIONS AND RECOMMENDATIONS.

(a) MARKING, REGISTRY, AND IDENTIFICATION SYSTEM.—The Secretary shall evaluate, in consultation with officials of other Federal agencies and such other persons as may be appropriate, the feasibility of and develop recommendations for the establishment of a driftnet marking, registry, and identification system to provide a reliable method for the determination of the origin by vessel, of lost, discarded, or abandoned driftnets and fragments of driftnets. In conducting such evaluation, the Secretary shall consider the adequacy of existing driftnet identification systems of foreign nations and the extent to which these systems achieve the objectives of this title.

(b) ALTERNATIVE DRIFTNET MATERIALS.—The Secretary, in consultation with such other persons as may be appropriate, shall evaluate the feasibility of, and develop appropriate recommenda-

tions for, the use of alternative materials in driftnets for the purpose of increasing the rate of decomposition of driftnets that are discarded or lost at sea.

(c) **DRIFTNET BOUNTY SYSTEM.**—The Secretary, in consultation with such other persons as may be appropriate, shall evaluate the feasibility of and develop appropriate recommendations for the implementation of a driftnet bounty system to pay persons who retrieve from the exclusive economic zone and deposit with the Secretary lost, abandoned, and discarded driftnet and other plastic fishing material.

(d) **DRIFTNET FISHING VESSEL TRACKING SYSTEM.**—The Secretary, in consultation with such other persons as may be appropriate, shall evaluate the feasibility of, and develop appropriate recommendations for, the establishment of a cooperative driftnet fishing vessel tracking system to facilitate efforts to monitor the location of driftnet fishing vessels.

(e) **REPORT.**—The Secretary shall transmit to the Congress not later than 18 months after the date of the enactment of this Act a report setting forth—

- (1) the evaluations and recommendations developed under subsections (a), (b), (c), and (d);
- (2) the most effective and appropriate means of implementing such recommendations;
- (3) any need for further research and development efforts and the estimated cost and time required for completion of such efforts; and
- (4) any need for legislation to provide authority to carry out such recommendations.

SEC. 4008. CONSTRUCTION WITH OTHER LAWS.

This title shall not serve or be construed to expand or diminish the sovereign rights of the United States, as stated by Presidential Proclamation Numbered 5030, dated March 10, 1983, and reflected in existing law on the date of the enactment of this Act.

SEC. 4009. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to the Department of Commerce and the Department of State, such sums as may be necessary to carry out the purposes of this title.

North Carolina.

TITLE V—RED TIDE CONTAMINATION

SEC. 5001. DECLARATION OF DISASTER.

Notwithstanding any other provision of law, rule, or regulation, upon the date of the enactment of this Act, the Administrator of the Small Business Administration shall declare the recent North Carolina coast red tide contamination a disaster for purposes of section 7(b) of the Small Business Act (15 U.S.C. 636(b)).

SEC. 5002. PROVISION OF ASSISTANCE.

Notwithstanding any other provision of law, rule, or regulation, for purposes of providing assistance under paragraph (2) of section 7(b) of the Small Business Act (15 U.S.C. 636(b)(2)) for a disaster declared under section 1 of this Act, eligibility of individual applicants for assistance shall not in any way be dependent on—

(1) the number of disaster victims in any county or other political subdivision; or

(2) whether or not an applicant who normally conducts operations in the area of the recent North Carolina coast red tide contamination is otherwise situated or located in such area; or

(3) the type of business or industry in which the applicant is engaged.

SEC. 5003. RECENT NORTH CAROLINA COAST RED TIDE CONTAMINATION DEFINED.

For purposes of this Act, the term "recent North Carolina coast red tide contamination" means contamination of waters under the jurisdiction of the State of North Carolina by unusually high concentrations of the algae known as *Ptychodiscus brevis* (commonly referred to as "red tide"), with respect to which the Director of the Division of Marine Fisheries of the North Carolina Department of Natural Resources issues a shell fishing closure proclamation on or after November 2, 1987.

REGULATIONS FOR THE PREVENTION OF POLLUTION
BY GARBAGE FROM SHIPS (ANNEX V OF MARPOL
73/78)

MESSAGE

FROM

THE PRESIDENT OF THE UNITED STATES

TRANSMITTING

ANNEX V, REGULATIONS FOR THE PREVENTION OF POLLUTION
BY GARBAGE FROM SHIPS, AN OPTIONAL ANNEX TO THE 1978
PROTOCOL RELATING TO THE INTERNATIONAL CONVENTION
FOR THE PREVENTION OF POLLUTION FROM SHIPS, 1973
(MARPOL 73/78)

FEBRUARY 17, 1987.—Annex was read the first time, and together with
the accompanying papers, referred to the Committee on Foreign Rela-
tions and ordered to be printed for the use of the Senate.

U.S. GOVERNMENT PRINTING OFFICE
WASHINGTON : 1987

TRANSMITTED FROM 2027834187

02.03.88 18:14 P.03 *JSCF

LETTER OF TRANSMITTAL

THE WHITE HOUSE, February 9, 1987.

To the Senate of the United States:

I transmit herewith, for the advice and consent of the Senate, Annex V, Regulations for the Prevention of Pollution by Garbage from Ships, an Optional Annex to the 1978 Protocol Relating to the International Convention for the Prevention of Pollution from Ships, 1973, (MARPOL 73/78). I also transmit for the information of the Senate the report of the Department of State on this Annex.

The MARPOL Protocol entered into force for the United States on October 2, 1983. Annex V and the other two Optional Annexes III and IV, which deal with pollution from packaged harmful substances and sewage, were transmitted only for the information of the Senate when the original MARPOL Convention was transmitted to the Senate on March 22, 1977, for its advice and consent to ratification.

Annex V prohibits (subject to limited exceptions) the disposal from ships into the sea of all plastics, including but not limited to synthetic ropes, synthetic fishing nets, and plastic garbage bags. It also restricts the discharge at sea of other types of garbage to specified distances from the nearest land.

The entry into force of Annex V of MARPOL 73/78 will be an important step in controlling and preventing pollution from discharges of ship generated garbage. I recommend that the Senate give early consideration to Optional Annex V of MARPOL 73/78 and give its advice and consent to ratification.

RONALD REAGAN.

TRANSMITTED FROM 2027334187

02.03.88 18:14 P.04 *JSCF

LETTER OF SUBMITTAL

**DEPARTMENT OF STATE,
Washington, January 21, 1987.**

**The PRESIDENT,
The White House.**

THE PRESIDENT: I have the honor to submit to you Annex V, Regulations for the Prevention of Pollution by Garbage from Ships, an Optional Annex to the 1978 Protocol Relating to the International Convention for the Prevention of Pollution from Ships, 1973, (MARPOL 73/78). Annex V and the other Optional Annexes, III and IV which deal with pollution from packaged harmful substances and sewage, were transmitted only for the information of the Senate when the original MARPOL Convention was transmitted to the Senate on March 22, 1977 for its advice and consent to ratification. Optional Annexes III and IV are still the subject of ongoing review and Senate advice and consent to them is not now being sought. The MARPOL Protocol entered into force for the United States on October 2, 1983.

Annex V establishes international regulations for prohibiting or otherwise restricting discharges into the oceans of all types of garbage generated during the normal operation of ships. Annex V will not completely solve the pollution threat of garbage disposal into the oceans but I believe that it is a critical first step in dealing with this international problem. Effective implementation of it would make a significant contribution to reducing the amount of vessel generated plastic garbage and other debris which are currently entering the marine environment seriously endangering a variety of marine life, including birds, marine mammals, turtles and seals. United States ratification would demonstrate to the world the United States resolve to protect that environment, giving due consideration to the joint efforts of the international community in the International Maritime Organization and other fora.

A major purpose of Annex V is to prohibit (subject to limited exceptions) the disposal into the sea of all plastics, including but not limited to synthetic ropes, synthetic fishing nets and plastic garbage bags. Disposal into the sea of other garbage must be made as far as practicable from nearest land but in any case is prohibited (subject to limited exceptions) if the vessel's distance from the nearest land is less than 25 nautical miles for dunnage, lining and packing materials which will float, and 12 nautical miles for food wastes and all other garbage including paper products, rags, glass, metal bottles, crockery and similar refuse. Reception facilities capable of accepting garbage from vessels will be required at ports and terminals. We expect the private sector will be capable of providing the additional reception facilities required by this Annex.

As compared to mandatory Annexes I and II on pollution by oil and noxious liquid substances in bulk to which the United States is bound and which have been construed to apply only to seagoing vessels, Annex V will apply to all ships operating in the marine environment.

As with all other MARPOL 73/78 regulations in force for them, States bound by Annex V will be required to apply Annex V regulations to all ships, including those of non-party States, using their ports or otherwise under their jurisdiction.

Annex V will enter into force 12 months after the date on which not less than 15 States, the combined fleets of which constitute not less than 50 percent of the gross tonnage of the world's merchant shipping, have become parties to it. Annex V has not yet entered into force, having been ratified by 27 States representing only approximately 45% of the world's shipping tonnage. United States ratification would increase the tonnage to 49% and would in our view expedite entry into force of Annex V.

This Annex has been under active study by the United States and other nations in an effort to make its provisions more meaningful and enforceable. The International Maritime Organization's Marine Environment Protection Committee (MEPC) at its 23rd session, July 7-11, 1986 agreed to a United States proposed technical amendment to Annex V. This amendment—deletion of the words "or synthetic material incidental to the repair of such nets" from regulation 6(c)—would clarify and strengthen the prohibition on disposal of non-repairable sections of synthetic fishing nets, a problem which is contributing to an increase in the mortality of several marine species. The MEPC also agreed with the United States proposal that this amendment should be circulated with a view to normal adoption in accordance with Article 16 (tacit amendment procedure) of MARPOL 73/78, after entry into force of Annex V so as not to require States that have already ratified the Annex to ratify it. This amendment procedure was established to achieve more effective and rapid implementation of technical amendments to MARPOL 73/78 Annexes.

The United States Coast Guard has prepared an environmental assessment indicating that United States ratification of Annex V would not have a significant adverse impact on the environment and would indeed be environmentally beneficial. The environmental assessment will be transmitted separately to the Senate Committee on Foreign Relations. Annex V will require implementing legislation which is being prepared.

Annex V has the support of the United States Coast Guard, National Oceanic and Atmospheric Administration, the Marine Mammal Commission and all other interested agencies of the Executive Branch as well as environmental organizations and a substantial majority of the maritime industry. Although there has been some opposition within the maritime industry, I do not believe it will cause a problem in the ratification process.

I recommend that Annex V be transmitted to the Senate for its advice and consent to ratification at an early date.

Respectfully submitted,

GEORGE P. SHULTZ.

INTERNATIONAL CONVENTION FOR THE PREVENTION OF POLLUTION
FROM SHIPS, 1973

ANNEX V

REGULATIONS FOR THE PREVENTION OF POLLUTION BY GARBAGE FROM
SHIPS

REGULATION 1

DEFINITIONS

For the purposes of this Annex:

(1) "Garbage" means all kinds of victual, domestic and operational waste excluding fresh fish and parts thereof, generated during the normal operation of the ship and liable to be disposed of continuously or periodically except those substances which are defined or listed in other Annexes to the present Convention.

(2) "Nearest land". The term "from the nearest land" means from the baseline from which the territorial sea of the territory in question is established in accordance with international law except that, for the purposes of the present Convention "from the nearest land" off the north eastern coast of Australia shall mean from a line drawn from a point on the coast of Australia in

latitude 11°00' South, longitude 142°08' East to a point in latitude 10°35' South,

longitude 141°55' East, thence to a point latitude 10°00' South, longitude 142°00' East, thence to a point latitude 9°10' South, longitude 143°52' East, thence to a point latitude 9°00' South, longitude 144°30' East, thence to a point latitude 13°00' South, longitude 144°00' East, thence to a point latitude 15°00' South, longitude 145°00' East, thence to a point latitude 18°00' South, longitude 147°00' East, thence to a point latitude 21°00' South, longitude 153°00' East, thence to a point on the coast of Australia in latitude 24°42' South, longitude 153°15' East.

(3) "Special area" means a sea area where for recognized technical reasons in relation to its oceanographical and ecological condition and to the particular character of its traffic the adoption of special mandatory methods for the prevention of sea pollution by garbage is required. Special areas shall include those listed in Regulation 5 of this Annex.

REGULATION 2

APPLICATION

The provisions of this Annex shall apply to all ships.

REGULATION 3

DISPOSAL OF GARBAGE OUTSIDE SPECIAL AREAS

Subject to the provisions of Regulations 4, 5 and 6 of this Annex:

(a) the disposal into the sea of all plastics, including but not limited to synthetic ropes, synthetic fishing nets and plastic garbage bags is prohibited;

(b) the disposal into the sea of the following garbage shall be made as far as practicable from the nearest land but in any case if prohibited if the distance from the nearest land is less than:

(i) 25 nautical miles for dunnage, lining and packing materials which will float;

(ii) 12 nautical miles for food wastes and all other garbage including paper products, rags, glass, metal, bottles, crockery and similar refuse;

(c) disposal into the sea of garbage specified in sub-paragraph (b)(ii) of this Regulation may be permitted when it has passed through a comminuter or grinder and made as far as practicable from the nearest land but in any case is prohibited if the distance from the nearest land is less than 3 nautical miles. Such comminuted or ground garbage shall be capable of passing through a screen with openings no greater than 25 millimetres.

When the garbage is mixed with other discharges having different disposal or discharge requirements the more stringent requirements shall apply.

REGULATION 4

SPECIAL REQUIREMENTS FOR DISPOSAL OF GARBAGE

Subject to the provisions of paragraph (2) of this Regulation, disposal of any materials regulated by this Annex is prohibited from fixed or floating platforms engaged in the exploration, exploitation and associated offshore processing of sea-bed mineral resources, and from all other ships when alongside or within 500 metres of such platforms.

The disposal into the sea of food wastes may be permitted if they have been passed through a comminuter or grinder on such fixed or floating platforms located more than 12 nautical miles from land and all other ships when alongside or within 500 metres of such platforms. Such comminuted or ground food wastes shall be capable of passing through a screen with openings no greater than 25 millimetres.

REGULATION 5

DISPOSAL OF GARBAGE WITHIN SPECIAL AREAS

For the purposes of this Annex the special areas are the Mediterranean Sea area, the Baltic Sea area, the Black Sea area, the Red Sea area and the "Gulfs area" which are defined as follows:

(a) The Mediterranean Sea area means the Mediterranean Sea proper including the gulfs and seas therein with the boundary between the Mediterranean and the Black Sea constituted by the 41°N parallel and bounded to the west by the Straits of Gibraltar and the meridian of 5°36'W.

(b) The Baltic Sea area means the Baltic Sea proper with the Gulf of Bothnia and the Gulf of Finland and the entrance to the Baltic Sea bounded by the parallel of the Skaw in the Skagerrak at 57°44.8'N.

(c) The Black Sea area means the Black Sea proper with the boundary between the Mediterranean and the Black Sea constituted by the parallel 41°N.

(d) The Red Sea area means the Red Sea proper including the Gulfs of Suez and Aqaba bounded at the south by the rhumb line between Ras si Anse (12°8.5'N, 43°19.6'E) and Huan Murad (12°40.4'N, 43°30.2'E).

(e) The "Gulfs area" means the sea area located north west of the rhumb line between Ras al Hadd (22°30'N, 59°48'E) and Ras al Fastah (25°04'N, 61°25'E).

(2) Subject to the provisions of Regulation 6 of this Annex:

(a) disposal into the sea of the following is prohibited:

(i) all plastics, including but not limited to synthetic ropes, synthetic fishing nets and plastic garbage bags; and

(ii) all other garbage, including paper products, rags, glass, metal, bottles, crockery, dunnage, lining and packing materials;

(b) disposal into the sea of food wastes shall be made as far as practicable from land, but in any case not less than 12 nautical miles from the nearest land.

(3) When the garbage is mixed with other discharges having different disposal or discharge requirements the more stringent requirements shall apply.

(4) Reception facilities within special areas:

(a) The Government of each Party to the Convention, the coastline of which borders a special area, undertakes to ensure that as soon as possible in all ports within a special area, adequate reception facilities are provided in accordance with Regulation 7 of this Annex, taking into account the special needs of ships operating in these areas.

(b) The Government of each Party concerned shall notify the Organization of the measures taken pursuant to sub-paragraph (a) of this Regulation. Upon receipt of sufficient notifications the Organization shall establish a date from which the requirements of this Regulation in respect of the area in question shall take effect. The Organization shall notify all Parties of the date so established no less than twelve months in advance of that date.

(c) After the date so established, ships calling also at ports in these special areas where such facilities are not yet available shall fully comply with the requirements of this Regulation.

REGULATION 6

EXCEPTIONS

- Regulations 3, 4 and 5 of this Annex shall not apply to:
- (a) the disposal of garbage from a ship necessary for the purpose of securing the safety of a ship and those on board or saving life at sea; or
 - (b) the escape of garbage resulting from damage to a ship or equipment provided all reasonable precautions have been taken before and after the occurrence of the damage, for the purpose of preventing or minimizing the escape; or
 - (c) the accidental loss of synthetic fishing nets or synthetic material incidental to the repair of such nets, provided that all reasonable precautions have been taken to prevent such loss.

REGULATION 7

RECEPTION FACILITIES

The Government of each Party to the Convention undertakes to provide the provision of facilities at ports and terminals for the reception of garbage, without causing undue delay to ships, and according to the needs of the ships using them.

The Government of each Party shall notify the Organization of the admission to the Parties concerned of all cases where the facilities provided under this Regulation are alleged to be inadequate.

This is a certified true copy of the English text of Annex V of the International Convention for the Prevention of Pollution from Ships, 1973, adopted in London on 2 November 1973, the original of which is deposited with the Secretary-General of the International Maritime Organization.

100TH CONGRESS
1st Session

SENATE

EXC. REPT.
100-8

MARPOL CONVENTION, ANNEX V

OCTOBER 14 (legislative day, OCTOBER 13), 1987.—Ordered to be printed

Mr. PELL, from the Committee on Foreign Relations,
submitted the following

REPORT

[To accompany Treaty Doc. 100-8]

The Committee on Foreign Relations, to which was referred Annex V, Regulations for the Prevention of Pollution by Garbage from Ships, an Optional Annex to the 1978 Protocol Relating to the International Convention for the Prevention of Pollution from Ships, 1973 (MARPOL 73/78), having considered the same, reports favorably thereon without amendment and recommends that the Senate give its advice and consent to ratification thereof.

PURPOSE

Annex V, entitled Regulations for the Prevention of Pollution by Garbage from Ships, is an Optional Annex to the 1978 Protocol Relating to the International Convention for the Prevention of Pollution from Ships, 1973 (MARPOL 73/78). The purpose of Annex V is to prohibit (subject to limited exceptions) the disposal from ships into the sea of all plastics, including but not limited to synthetic ropes, synthetic fishing nets and plastic garbage bags. It also restricts the discharge at sea of other types of garbage to specified distances from the nearest land and mandates that reception facilities capable of holding waste from ships be required at ports and terminals.

BACKGROUND

The discarding of debris as part of normal vessel operations is one of man's oldest pollution practices. Although the Refuse Act of 1899 (33 U.S.C. 403-466 g-1) prohibited the dumping of garbage in rivers and harbors, until recent years there has been no effort to impose sanctions on such practices which occur on the high seas beyond the 3-mile limit.

nce 1899, the type of refuse disposed overboard has changed from degradable materials to waste containing many nondegradable plastic products. In addition to merchant vessels, commercial fishing operations, recreational waste discards, and river runoffs are the major sources through which plastics enter the marine environment.

Accurate estimates of the marine plastics problem are unavailable. However, beach surveys and other studies indicate that the problem is widespread. In a 1975 study, the National Research Council of the U.S. National Academy of Sciences estimated that approximately 6.4 million metric tons of trash was discharged into the oceans each year, and of that approximately 0.7 percent or 45,000 tons consisted of plastic garbage. In light of the continuing growth of the plastics industry over the past decade, there is no doubt that even greater quantities of plastic garbage will be discharged into oceans. Recent studies indicate that approximately 10 million plastic containers are discharged by the world's shipping industry each day, and each year fishing vessels reportedly dispose of approximately 52 million pounds of plastic packaging material and use more than 298 million pounds of synthetic fishing gear, including nets, lines, and buoys.

A number of studies have documented the large amounts of plastic debris in the marine environment: Benthic sediment surveys off the east coast of the United Kingdom showed 2,000 pieces of plastic per square meter, and beach surveys in New Zealand showed even higher concentrations of plastic particles on its beaches. A Mediterranean study revealed 60-70 percent of surveyed debris was plastic, and a recent ocean sample of debris in the North Pacific showed the level to be higher than 80 percent. Plastic debris is even being found on the remote shores of Antarctica. Plastics are being found in increasingly greater quantities, and because of their durability remain in the environment longer than most other manmade materials.

Because much of the plastic debris is lightweight and degrades slowly in the marine environment, once discharged it floats at or near the surface for months, years, even decades, and poses hazards to marine mammals, sea birds, turtles, and fish as well as humans. Over time, floating plastic may accumulate at attached marine life or sink to the bottom where it can continue to entangle crabs and other benthic marine life indefinitely.

A major threat to marine wildlife posed by plastic essentially takes the form of entanglement in loops or openings of nets, net fragments, anchor and float lines, ropes, and packing bands; and ingestion of plastic fragments mistaken for natural items of prey, or accidental ingestion because they happen to be associated with living animals which become entangled may exhaust themselves and eventually be slowed to the point of becoming easy prey for other animals or unable to catch fast moving prey, or develop wounds and infections from the abrasion of attached debris. Animals may be blinded or have digestive tracts blocked or damaged by ingested plastics that are difficult or impossible to excrete, regurgitate, vomit, or otherwise eliminate.

Although available information is not sufficient to quantify the extent of individual animals affected by plastic debris in oceans,

available information suggests that lost and discarded fishing nets and packing bands may be the primary cause of an ongoing decline in the North Pacific fur seal population. Entanglement in such materials also may be a significant cause of recent declines in the number of endangered Hawaiian monk seals and perhaps certain populations of Steller sea lions and harbor seals in Alaska. It is also clear that many species of seabirds, turtles, sharks, and fish are being affected by plastic debris to varying degrees throughout the world's oceans. Some of these species are listed as endangered and losses due to entanglement or ingestion add an additional factor inhibiting their potential recovery. Other species such as salmon and various crabs are commercially valuable and losses may reduce potential income for fishermen.

Another harmful effect of ship-generated garbage is its appearance on beaches and shorelines. In the United States, trash and debris is a particular problem at the Padre Island National Seashore, where recent studies indicate the majority of debris to be plastics or plastic derivatives. Aside from its aesthetic damage, garbage may physically injure organisms and humans, and physically damage ships and machinery. Occasionally plastic sheets are picked up in water intakes of a ship, and ropes and nets foul propellers resulting in mechanical damage or delay.

The marine environment is capable of absorbing limited and controlled quantities of wastes and, as such, represents an important resource. Careful control of garbage disposal is necessary to ensure that the harm to the marine environment is minimized.

MAJOR PROVISIONS

Annex V prohibits the disposal into the sea of all plastics, including synthetic ropes, synthetic fishing nets, and plastic garbage bags. For other nonplastic garbage such as floating dunnage, lining, and packing materials, Annex V would require their disposal beyond 25 miles. For food wastes and all other garbage, "including paper products, rags, glass, metal, bottles, crockery, and similar refuse," Annex V would require disposal beyond 12 miles. However, if these items are ground, they can be disposed of as close as 3 miles offshore. In addition, the annex would prohibit garbage disposal from fixed platforms.

Specifically excluded from coverage are accidentally lost fishing nets. Regulation 6 of Annex V excludes "the accidental loss of synthetic fishing nets or synthetic material incidental to the repair of such nets, provided that all reasonable precautions have been taken to prevent such loss." However, this regulation does not specify what "reasonable precautions" are.

COMMITTEE ACTION

On July 31, 1987, the committee held a public hearing on Annex V. Testimony was received from the following individuals: (1) Senator John H. Chafee; (2) Senator Frank R. Lautenberg; (3) Rear Adm. John W. Kime, Chief, Office of Marine Safety, Security and Environmental Protection, U.S. Coast Guard, Department of Transportation; and (4) Mr. Richard J. Smith, Principal Deputy Assistant

TEXT OF RESOLUTION OF RATIFICATION

Resolved (two-thirds of the Senators present concurring therein), That the Senate advise and consent to the ratification of Annex V, Regulations for the Prevention of Pollution by Garbage from Ships, an Optional Annex to the 1978 Protocol Relating to the International Convention for the Prevention of Pollution from Ships, 1973 (MARPOL 73/78).

ary for Oceans and International Environmental and Scientific Affairs, Department of State. The committee considered the treaty at its business meeting on November 24, 1987, and voted 19-0 to report it favorably to the Senate for its advice and consent. Ayes: Senators Pell, Biden, Sarbanes, Cranston, Dodd, Kerry, Simon, Sanford, Adams, Moynihan, Lugar, Kassebaum, Boschwitz, Pressler, Murkowski, Tribble, and McConnell.

COST ESTIMATE

Congressional Budget Office has supplied the committee with the following information on the possible budgetary impact of the bill:

U.S. CONGRESS,
CONGRESSIONAL BUDGET OFFICE,
Washington, DC, October 14, 1987.

LAIBORNE PELL,
Chairman, Committee on Foreign Relations, U.S. Senate, Dirksen Senate Office Building, Washington, DC.

MR. CHAIRMAN: The Congressional Budget Office has reviewed Treaty Document 100-3, Annex V, regulations for the prevention of pollution by garbage from ships, an optional annex to the 1978 protocol relating to the international convention for the prevention of pollution from ships, 1973, as ordered reported by the Committee on Foreign Relations, September 24, 1987. CBO estimates that the adoption of this treaty by the United States will result in federal costs of about \$1 million over two to three years. These funds would be used by the U.S. Coast Guard to issue permits and inspections designed to ensure the availability of garbage reception facilities at U.S. ports and terminals under Regulation 7 of the

costs would be incurred by state or local governments as a result of enactment of this bill.

If you wish further details on this estimate, we will be pleased to provide them.

Very best wishes,
Sincerely,

EDWARD M. GRAMLICH,
Acting Director.

ENTRY INTO FORCE

Annex V will enter into force 12 months after the date on which more than 15 States, the combined fleets of which constitute not less than 50 percent of the gross tonnage of the world's merchant shipping, have become parties to it. Annex V has not yet entered into force, having been ratified by 27 States representing only approximately 45 percent of the world's shipping tonnage. U.S. ratification would increase the tonnage to 49 percent. The following is a list of the nations that have either ratified or acceded to this
