SENATE
Letter of Intent
FOR

CSSB 173 (SA)

The Senate Committee on State Affairs has considered CSSB 156 (SA) (contributions from permanent fund dividends for political parties; efd); CSSB 173 (SA), (contributions from permanent fund dividends to the community school grant fund; efd) and CSSB 180 (SA) (contributions from permanent fund dividends for the World Eskimo-Olympics; efd).

It is the intent of the Senate Committee on State Affairs that language be inserted in all of the permanent fund dividend check-off bills which would devise a system of prioritizing the check-off programs to provide for instances where garnishments or assignments reduce the dividend, leaving insufficient funds to honor all of the programs which the individual has selected. The committee proposes that the order of prioritization be based on date of enactment. In cases where two bills have the same date of enactment, it is the intent of the committee that the bills be listed in alphabetical order.

Adopted 4/30/87.

FROM: Senator Rick Uehling

SUBJECT: SB 173, "An Act relating to contributions from
Permanent Fund Dividends for Community Schools"

DATE: May 4, 1987

I have asked staff to provide to provide the following background and analysis to SB 173, "An Act relating to contributions from Permanent Fund Dividends for Community Schools."

SB 173 establishes a Permanent Fund Dividend Check-off of 5 dollars for Community Schools programs. Community Schools are established under AS 14.36.010 to allow citizens of a local community to establish programs at local schools which meet local educational, cultural, social and recreational needs.

There are currently 313 Community School sites throughout the State. Using more than 2,987 local instructors and over 33,175 local volunteers, classes are provided to over *1,016,960 participants in one or more classes.

With the proposed elimination of State funds in the Governor's budget for Community Schools, I and many other Legislators are looking for other ways to fund this program. I believe the Permanent Fund Dividend Check-off of 5 dollars can be an important way to reduce general fund dollars without eliminating the program completely. I believe it is important to note that Community Schools were in existence prior to Prudhoe Bay.

As a reference, the 5 dollar Permanent Fund Dividend Check-off for the Olympics raised 765,050 dollars.

The Senate State Affairs Committee Substitute creates PFD Check-off programs within the Department of Revenue. This was an attempt to standardize all PFD Check-off legislation.

* Participants are counted by the number of classes they register for and attend.

What is Our Purpose?

To meet the basic needs of Alaskans by securing local resources to solve community problems. Using the public school system as a focal point, Community Schools meet these basic needs, and the educational, social, cultural, and recreational interests as well.

The Community Schools Act, established in 1974 gives every school district in Alaska the opportunity to enrich the lives of its citizens through Community Education.

What is a Community School?

A school is used by community residents as a central point for activities, meetings, and classes to make the community a

better place to live. The resources available are used to meet the needs and interests of the people.

How Does This Happen?

Community education utilizes one of Alaska's largest public investments, the public schools. The program allows citizens to become involved in decision making at local levels. Community schools in Alaska recognize that learning is a life-long process and provides educational activities for all

ages. Community schools works with agencies to meet community needs, and expands agencies' programs through the use of school facilities. Community education expands the education of our children through community resources, and promotes the family unit as the foundation of a strong neighborhood.

What We Want?

A policy statement incorporated into the Public School Foundation Program identifying funds to be spent on community school programs

—OR—

Reinstate Community Schools grant at 1986-1987 maintenance level funding.

Services

The diversity of Community Schools enables it to work as a delivery system for agencies, facilitate resources, and combine professional and volunteer skills to meet basic needs and solve community problems.
