RE: HJR 50

HJR 50 asks the Congress to remove the Highway Trust Fund and the Airport and Airway Trust Fund from the Unified Federal Budget.

The highway and airport trust funds receive their revenue from user fees and are dedicated to highway and airport improvement programs. The funds are the source of most federal matching money in the Alaska Department of Transportation budget.

Inclusion of these two funds in the Unified Federal Budget has subjected them to federal budget reduction acts. However, monies in the funds cannot be spent on other areas of the budget because they are dedicated. Therefore, the highway and airport/airway funds accumulate a balance while the critical transportation needs of the states may go unmet.
