SECTIONAL ANALYSIS (Senator Paul Fischer)

SENATE BILL 336 (Relating to computation of permanent fund dividends)

The purpose of this bill is to revise the method of calculation and allow for including the additional unexpended and unobligated balances of past appropriations in this year's dividend formula.

This bill will also allow for future unexpended and unobligated balances of appropriations to lapse into the dividend fund for which the appropriation was made and shall be used in determining the amount of and paying the subsequent year's dividend.
