MEMORANDUM

TO: House Transportation Committee Members

FROM: Senator Rick Halford, Co-Chairman
Senate Finance Committee

SUBJECT: SCR 40, Relating to the Revision of Title 2

A handwritten signature in cursive script that reads "Rick Halford".

I introduced Senate Concurrent Resolution 40 at the request of the Revisor of Statutes, David Dierdorff, who informed me that AS 02 (Aeronautics) was scheduled for routine replacement in 1988. It was his belief that many of the provisions in the title are very old and haven't kept up with changes in the field of aviation, avionics and federal regulation.

Legal Services does not believe its staff has the technical expertise to do the job. Since the Code Revision Commission's primary duty is to revise statutes, the Transportation Committee version of the resolution assigns the task to the commission.

It is my understanding that \$14,000 will be requested in Legislative Council's budget for Legislative Affairs to cover the costs associated with the assignment. As a result, there is a zero fiscal note.

SUBJECT: AS 02 (Aeronautics)

TO: Senator Rick Halford
Co-chair, Senate Finance Committee

FROM: David R. Dierdorff 
Revisor of Statutes

I recently completed routine editorial work on AS 02, which is scheduled for replacement in 1988. In going through the title, it became apparent that many of the provisions (particularly those in AS 02.10, AS 02.15, AS 02.30, and AS 02.35) are very old and that they probably haven't kept up with changes in the field of aviation, avionics, and federal regulation. It also appears that the title could stand some reorganization to make it more readable and useful.

I discussed this matter with Tam Cook, and she agreed with me that the technical nature of many of the provisions requires a level of expertise not available in our office for an adequate substantive review of the title. She suggested that I ask you to consider asking, by resolution or temporary law, the Department of Transportation and Public Facilities, to conduct a review of AS 02 during the upcoming interim, with the goal of bringing it up to date and reorganizing it as necessary. Our office would be happy to work with DOT/PF and draft any legislation that the review might recommend.

If you agree that this would be a worthwhile project, please let Tam or me know, and we will prepare an appropriate resolution or bill draft for your further consideration.
