1 IN THE HOUSE BY THE RESOURCES COMMITTEE
2 CS FOR SPONSOR SUBSTITUTE FOR HOUSE BILL NO. 346 (Resources)
3 IN THE LEGISLATURE OF THE STATE OF ALASKA
4 FIFTEENTH LEGISLATURE - SECOND SESSION

5 A BILL
6 For an Act entitled: "An Act authorizing the Board of Fisheries to estab-
7 lish noncommercial fishing seasons and areas for
8 elderly persons; and providing for an effective
9 date."

10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

11 * Section 1. FINDINGS. The legislature finds that many people 60 years
12 of age and older may need separate seasons and areas in order to continue
13 sport, personal use, or subsistence fishing because they are generally less
14 able to gain access to fishing areas that may be open to all age groups.

15 * Sec. 2. AS 16.05.251(a) is amended to read:

16 (a) The Board of Fisheries may adopt regulations it considers
17 advisable in accordance with the Administrative Procedure Act (AS 44.-
18 62) for

19 (1) setting apart fish reserve areas, refuges, and sanctu-
20 aries in the waters of the state over which it has jurisdiction,
21 subject to the approval of the legislature;

22 (2) establishing open and closed seasons and areas for the
23 taking of fish; if consistent with resource conservation and develop-
24 ment goals, the board may adopt regulations establishing restricted
25 seasons and areas necessary for persons 60 years of age and older to
26 participate in sport, personal use, or subsistence fishing;

27 (3) setting quotas, bag limits, harvest levels, and sex and
28 size limitations on the taking of fish;

29 (4) establishing the means and methods employed in the

1 pursuit, capture, and transport of fish;

2 (5) establishing marking and identification requirements
3 for means used in pursuit, capture, and transport of fish;

4 (6) classifying as commercial fish, sport fish, personal
5 use fish, subsistence fish, or predators or other categories essential
6 for regulatory purposes;

7 (7) watershed and habitat improvement, and management,
8 conservation, protection, use, disposal, propagation, and stocking of
9 fish;

10 (8) investigating and determining the extent and effect of
11 disease, predation, and competition among fish in the state, exercis-
12 ing control measures considered necessary to the resources of the
13 state;

14 (9) prohibiting and regulating the live capture, posses-
15 sion, transport, or release of native or exotic fish or their eggs;

16 (10) establishing seasons, areas, quotas, and methods of
17 harvest for aquatic plants;

18 (11) establishing the times and dates during which the
19 issuance of fishing licenses, permits, and registrations and the
20 transfer of permits and registrations between registration areas is
21 allowed; however, this paragraph does not apply to permits issued or
22 transferred under AS 16.43;

23 (12) regulating commercial, sport, subsistence, and personal
24 use fishing as needed for the conservation, development, and utiliza-
25 tion of fisheries;

26 (13) requiring, in a fishery, observers on board fishing
27 vessels, as defined in AS 16.05.475(d), that are registered under the
28 laws of the state, as defined in AS 16.05.475(c), after making a
29 written determination that an on-board observer program

1 (A) is the only practical data-gathering or enforce-
2 ment mechanism for that fishery;
3 (B) will not unduly disrupt the fishery;
4 (C) can be conducted at a reasonable cost; and
5 (D) can be coordinated with observer programs of other
6 agencies, including the National Marine Fisheries Service, North
7 Pacific Fishery Management Council, and the International Pacific
8 Halibut Commission;
9 (14) establishing nonexclusive, exclusive, and superexclu-
10 sive registration and use areas for regulating commercial fishing.
11 * Sec. 3. This Act takes effect immediately under AS 01.10.070(c).

FROM: Representative Al Adams, Chair *AAA*
House Finance Committee

RE: House Resources Committee Substitute for House Bill 346, "An Act authorizing the Board of Fisheries to establish noncommercial fishing seasons and areas for elderly persons; and providing for an effective date.

I would appreciate the Senate Finance Committee hearing the aforementioned bill. Following is a history and summary of the legislation.

This bill would allow the Board of Fisheries to open fishing areas otherwise closed to those age 60 or over if this act was consistent with resource conservation goals. Currently the Board lacks the statutory authority to allow for these exceptions.

This issue was brought to my attention because of an incident on the Unalakleet River where fishing was suspended yet the community and local Fish and Game Department staff realized that continued fishing by the elderly would cause no harm to the resource. The Southern Norton Sound Fish and Game Advisory Committee endorsed passage of legislation that would permit the board to make these exceptions, according to Chairman Weaver Ivanoff. Upon further investigation, it appears the problem has not been limited to this particular area of the state but on occasion has presented problems in Homer and Anchorage.

This knowledge led to my sponsorship of the bill that has taken a change somewhat in form but not in intent since its introduction. The first change involved a sponsor substitute to change the age cut-off for the elderly from age 65 to age 60. This was an important alteration in that it created

consistency with other statutory exceptions for the elderly such as the provisions that allow this age group to cease purchase of hunting, fishing or trapping licenses. According to the Attorney General's office, if there were a constitutional challenge to special treatment of this age group, the consistency of this age cut-off throughout statutes would provide knowledge that this was not an arbitrary choice of age and legal security from an individual section of statute being challenged successfully.

When the bill was in the House Resources Committee in its original form, it provided exceptions for those age 12 or under in addition to the elderly age group. When the issue of a need for legislative findings to support reasons for special treatment of the age 12 and under group emerged, it was found to be difficult to arrive at these justifications. As a result, and with my support, the Resources Committee removed the younger group leaving the provisions for the elderly intact.

Another question that arose during Finance Committee hearing involved whether in the instance of subsistence activities in a boat, whether all of the people participating in the activity would need to be age 60 or over. Norm Cohen of the Office of the Commissioner of Fish and Game has replied that most probably the Board of Fisheries would adopt regulations that limited direct involvement in the subsistence activity to those over age 60. For example, younger people could ride in the boat but not operate it or become involved in setting or pulling the net.

For its length, the bill is relatively simple as shown in the following sectional analysis:

- Sect 1: Findings section that cites the difficulty the elderly may have in access to fishing areas.
- Sect 2: Cites the criteria for the Board of Fisheries to use when establishing regulations that now includes the elderly provision.
- Sect 3: Immediate effective date.

The bill has no fiscal impact.

Please feel free to contact Martha Stewart of my staff if you have further questions. She will also be available to testify at committee hearings in the Senate. I would appreciate any assistance you can offer to expedite this bill's passage.

RE: HB 346 "An Act Authorizing the Board of Fisheries to establish noncommercial fishing seasons and areas for children and elderly persons; and providing for an effective date."

I would like to request that HB 346 be scheduled in the Resources Committee at your earliest convenience.

This bill would allow the Board of Fisheries to open closed fishing areas to elderly residents and children under age 12 as long as those decisions meet conservation goals. The type of fishing allowed would be limited to personal use, sport and subsistence fishing.

Concerns emerged in Unalakleet as well as other areas of the state where rivers were closed to fishing but continued sport and subsistence fishing by residents in the aforementioned age groups would not harm conservation efforts. The Board of Fisheries lacked the statutory authority to grant exemptions. This bill would provide it.

Attached is a legal interpretation which supports the constitutionality of the bill. Also attached is a statement from the Department of Fish and Game.

Kotzebue's Fish and Game Advisory Committee and the Southern Norton Sound Fish and Game Advisory Committee have expressed verbal support and will send written endorsement later this month following their next meetings.

PHONE: (907) 465-4100

January 29, 1988

The Honorable Al Adams
Alaska State Legislature
P.O. Box V
Juneau, AK 99811

Dear Representative Adams:

The department has reviewed HB 346 authorizing the Board of Fisheries to establish noncommercial fishing seasons and areas for children and elderly persons, and have the following comments.

In the past, the board has received proposals to establish restricted areas and seasons for people in certain age groups, or for those with physical handicaps. The Attorney General's Office advised the board that those proposals were beyond the scope of their authority. This bill would clarify that authority. In addition, there have been questions about the constitutionality of such arrangements under the exclusive fisheries or equal protection clauses of the Alaska Constitution. To address these concerns, the Attorney General's Office has suggested that the legislation include a set of findings in the bill sufficient to justify the special treatment of these groups.

If the Legislature wishes to give the board this authority, I am certain that the board will consider any proposals it receives for these types of fisheries.

LEGISLATIVE AFFAIRS AGENCY

MEMORANDUM

January 26, 1988

SUBJECT: Constitutionality of HB 346
TO: Representative Al Adams
FROM: Edward H. Hein *EH*
 Legislative Counsel

You have asked whether HB 346 is constitutional. The bill authorizes the Board of Fisheries to establish restricted noncommercial fishing seasons and areas for children and elderly persons, if consistent with resource conservation goals and if necessary to assist these two groups to participate in sport, personal use, or subsistence fishing.

The authorization provided in the bill is consistent with the mandate of Art. VIII, secs. 1, 2, 4, and 5 of the Alaska Constitution. These sections provide (emphasis supplied):

SECTION 1. STATEMENT OF POLICY. It is the policy of the State to encourage the settlement of its land and the development of its resources by making them available for maximum use consistent with the public interest.

SECTION 2. GENERAL AUTHORITY. The legislature shall provide for the utilization, development, and conservation of all natural resources belonging to the State, including land and waters, for the maximum benefit of its people.

SECTION 4. SUSTAINED YIELD. Fish, forests, wildlife, grasslands, and all other replenishable resources belonging to the State shall be utilized, developed, and maintained on the sustained yield principle, subject to preferences among beneficial uses.

SECTION 5. FACILITIES AND IMPROVEMENTS. The legislature may provide for facilities, improvements, and services to

Representative Al Adams
Page 2
January 26, 1988

assure greater utilization, development, reclamation, and settlement of lands, and to assure fuller utilization and development of the fisheries, wildlife, and waters.

In keeping with this constitutional mandate, the authority given to the Board of Fisheries is clearly for a public purpose and is very narrowly drawn. The exercise of the board's power is subject to two conditions: the establishment of restricted seasons and areas must be consistent with resource conservation goals, and must also be necessary in order to help children and the elderly to participate in noncommercial fishing. In other words, the circumstances must be such that these groups would not be able to participate adequately in fishing without this sort of assistance from the board.

It is envisioned that areas which would be set aside for children and elderly persons would be areas that otherwise would not be open to the public. These would be areas in which the fish stocks could not withstand extensive effort beyond that anticipated by children and the elderly. An example would be a creek in Anchorage that is not currently open to fishing, but which could serve nicely as a place for children to learn how to fish.

Finally, although virtually any law that allows a government agency to give special treatment to certain groups has a potential for abuse, the board is required to exercise its authority in a manner consistent with the constitution. The regulations adopted should not be any more restrictive or discriminatory than necessary to accomplish the goals of the legislation. It is assumed, moreover, that the board will act in accordance with the legal advice of the Attorney General's office.
