April 11, 1988

The Honorable Rick Halford
Alaska State Legislature
P. O. Box V
Juneau, Alaska 99811

Dear Senator Halford:

RE: SB 174, "An Act relating to the
Department of Public Safety's
authority to make grants..."

The Governor submitted SB 174 at the request of the Department of Public Safety. Passage of this bill would allow the Department to process federal and State mandated programs in an efficient manner. The Department would be able to issue grants for projects without having to go through the lengthy and costly contracting process.

The grant authority contained in SB 174 would extend to the "Contract Jails" and the "Civil Air Patrol" components, as well as to programs administered by the Highway Safety Planning Agency. The bill would save considerable time and effort in paper processing and grant negotiations, which would lessen the amount of staff time required to administer these programs. This savings would be extended to other State agencies that have been involved in this Department's contracting programs in the past.

As the primary objective of this legislation is to reduce paperwork and increase the efficiency of the Department of Public Safety, I urge your support in moving this bill through your committee as soon as possible. Please feel free to call me should you require any additional information.

Sincerely,

Arthur English
Commissioner

BILL NO: SB 174

DATE: February 10, 1988

TITLE: "An act relating to the
Department of Public Safety's
authority to make grants..."

CONTACT: T. Michael Lewis
465-4374

DEPARTMENT OF PUBLIC SAFETY

This bill would authorize the Department of Public Safety to award grants to local governments or private non-profit organizations. Without statutory authorization to award grants, certain programs within the Department have had to process "Professional Services Contracts" when the program is not actually contracting for goods and services which accrue to the direct benefit of the State but is actually awarding grants in-aid to that local government or non-profit organization so that they might deliver direct public service.

Enactment of this legislation would expedite processing of grants to local governments and private non-profit organizations. For example, the Highway Safety Planning Agency is provided funds from the Federal government in accordance with a specific plan to address program objectives. Those objectives are addressed by projects proposed by State Agencies, local governments, and private non-profit organizations. State Agencies can receive funds via Reimbursable Services Agreement provisions (AS 44.65) but local governments and private non-profit organizations have received funds via "Professional Services Contracts."

There is no clear authority for the Highway Safety Planning Agency to make grant awards, in spite of relatively broad enabling language in AS 44.99.001. Enactment would allow use of existing documentation in lieu of having to complete additional "Professional Services Contracts" forms and procedures.

Even though there are specific provisions for grants to municipalities, to named recipients, and unincorporated communities, AS 37.05.315-317, not all appropriations to the Department of Public Safety are identified as such. Without such designation, the only alternative is Professional Services Contracts.

The Department of Public Safety supports this legislation.

MAR 19 1987

STEVE COWPER
GOVERNOR

STATE OF ALASKA
OFFICE OF THE GOVERNOR
JUNEAU

174

March 9, 1987

The Honorable Jan Faiks
President of the Senate
Alaska State Legislature
P.O. Box V
Juneau, AK 99811

Dear Senator Faiks:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill relating to the grant of authority to the Department of Public Safety to make contracts and award grants for the purpose of carrying out the functions of the department.

This bill adds a new section, AS 44.41.021, establishing and clarifying the Department of Public Safety's authority to award grants and make contracts to local governments and nonprofit organizations that provide public services necessary or incidental to the department's duties and powers under AS 44.41.020. In particular, this authority is needed for the highway safety planning agency and the fire service training section of the state fire marshall's office to provide grants-in-aid to those municipalities and nonprofit organizations that are providing services under these programs.

Sincerely,

A handwritten signature in cursive script, appearing to read "Steve Cowper".
