Senator Paul Fischer  
Chairman, Senate HESS Committee  
Box V  
Juneau, Alaska 99811

Dear Senator Fischer:

I would appreciate your scheduling SB-44, which would reduce the interest rates on student loans from 8% back to 6%, as soon as possible for hearing in Senate HESS.

The state is seeing interest rates drop on most other types of loans. I do not think we should keep the interest rate (which was raised last year) so high on students who can so ill afford it.

Thank you for your consideration in scheduling this bill.

Sincerely,

Jay Kerttula
