I FEEL TWO OF YOUR CHOICES ARE EXCELLENT, GARY SLAVEN AND JOE DEMMERT. THE THIRD CHOICE, MIKE HAGLAND, I THINK HE TENDS TO THINK IN ONE DIRECTION, BEING A DRIFTER HIMSELF, I DON'T THINK HE CAN LOOK AT THE WHOLE PICTURE. WE NEED PEOPLE WHO CAN CONSIDER ALL OF THE ASPECTS.

Sen. John Coghill, chairman  
Senate Resources Committee

RE: Board of Fish confirmation hearing

Dear Sen. Coghill:

I regret that I will be unable to participate in the May 2 Senate Resources teleconference confirmation hearing for Fisheries, Game, Guides and Marine Pilot Boards.

Our organization is specifically concerned with the Board of Fisheries and we want to let the Senate Resources Committee know that we are in complete support of confirming the nominees to the Board of Fish.

We are familiar with all the nominees and have found them to be men of honor and integrity with the knowledge of the Alaskan fishing industry necessary for Board of Fish members.

Mike Haggren of Kodiak we know well and feel his diverse background and hands on experience in longline, trawl and salmon fisheries, along with his humility, sense of humor, commitment to the board process and ability to listen to people to be a valuable asset to the Board of Fish.

Thank you for including our testimony in the public hearing package.

Sincerely,

Senate Resources Committee

RE: Board of Fish confirmation hearings

Dear Senator Coghill:

Other commitments make it impossible for me to be present to testify during the May 2 Senate Resources Committee legislative confirmation hearing for the Board of Fish.

I hope you will accept this written testimony as part of the public record.

Alaska Dragger's Association's members support the confirmation of the Board of Fish members. I've personally worked with all the nominees during my ten years as executive director of the Alaska Dragger's Association and feel they bring experience and credibility to the Board of Fish.

Their work since their appointment by Gov. Steve Cowper has been, in my opinion, excellent.

Mike Haggren is a Kodiak resident and our association feels particularly good about Mike's appointment. He asks questions, thinks and has always been concerned with finding equitable solutions to problems. Anything Mike takes on he gives a total commitment to and does well.

We hope the confirmation of the new board will go smoothly.

Sincerely,

A handwritten signature in cursive script that reads "Al Burch".

Kodiak shrimp trawl fishery, the food/bait Herring trawl fishery Kodiak.

Been involved in joint venture trawl operations around Kodiak Island and have been involved with the domestic shore-based bottom fisheries for the past three winters. I also have participated in the Halibut fishery for several years.

On the West coast, I fished for Albacore tuna for several years, spent a short time in the salmon troll fishery, fished for Dungeness crab, and gill-net salmon on the Columbia River.

I am currently employed in the Tanner crab pot fishery, Kodiak Island, will be changing over into domestic trawl bottom fish fishery soon, will participate in the Halibut longline openings, operate in Cook Inlet this summer as a salmon drift fisherman, and most likely fish the food/bait Herring season in Kodiak during 1987.

Concerning the meeting attendance percentage: I would like to say I could give 100% of my time and effort to the position. I have taken the steps to have an alternate skipper run the vessel I own and operate while I would be away. This then would be in theory, able to leave me free. Though the people I have employed are stable, responsible adults, I cannot say that a situation could not arise that I would be called upon to remedy for the short term. Specific example, something unexpectedly happening to my skipper, health, family, etc. The fall is no problem, the vessel is normally in maintenance. On the other hand, March is presently the peak month for trawling. April again is a slow month.

I don't want to make it sound like I expect something to happen because I don't. However, I can not say that there are no circumstances because in the fishing business, anything is possible.
