The Senate Committee on State Affairs has reviewed Executive Order 67, transferring the responsibility for the alcohol breath and blood testing program from the Dept. of Health & Social Services to the Dept. of Public Safety, and reports it back with no objection. The Committee recognizes that there is a disparity between the two fiscal notes which accompany this Executive Order, and acknowledges the impact of this Order on the Dept. of Health & Social Services.

FISCAL NOTE ANALYSIS

EO 67 - Public Health

With the transfer of the DWI regulatory authority to the Department of Public Safety it is assumed that there will be a transfer of the Chemist III and supporting funds from the Department of Health & Social Services. The original amount for the position was authorized in SB 611, CH 139 SLA 82 p. 12. This amount has been adjusted to reflect subsequent legislative appropriations, and is based on the FY 87 revised budget. \$42,000 is allocated for personal services. Other funds include \$11,400 for associated contractual costs and \$4,000 for supplies. The total transfer (\$57,400) will be from the General Fund.

The impact of this transfer on the Division of Public Health will be to eliminate the ability of the laboratory system to perform any public health toxicology activities. It will also entail the transfer of an employee from Juneau to Anchorage.
