TESTIMONY

SENATOR MITCH ABOOD

SB 3 "An Act relating to motor vehicle registration and registration plates."

I WAS THE AUTHOR OF THE COMPREHENSIVE LAW ON DRUNK DRIVING, WHICH WENT INTO EFFECT IN 1983. ALMOST THREE YEARS OF WRITING THE BILL HAS ACHIEVED A TOUGH, ENFORCEABLE LAW WHICH WOULD SERVE AS A STRONG DETERRENT AGAINST DRIVING UNDER THE INFLUENCE OF DRUGS OR ALCOHOL.

OUR RESEARCH MADE IT APPARENT THAT WE WERE DEALING WITH BASICALLY TWO DIFFERENT KINDS OF DRUNK DRIVERS: THE MAJORITY FELL INTO THE "ONE TIME ONLY" CATEGORY. FOR THESE PEOPLE, THE EMBARRASSMENT AND SHAME OF SPENDING 72 HOURS IN JAIL AS WELL AS HAVING TO BEAR THE FINANCIAL BURDEN OF HIGH INSURANCE RATES, WAS ENOUGH OF A DETERRENT TO STOP ANY FURTHER FALLS FROM GRACE. BUT THERE WAS ANOTHER CORE GROUP OF PEOPLE FOR WHOM THESE MEASURES WERE INEFFECTIVE.

THE LEGISLATURE SPENT A GREAT DEAL OF TIME AND EFFORT ON THIS CORE GROUP. THESE WERE THE RECIDIVISTS -- YOU CAN BASICALLY CATEGORIZE THEM AS INDIVIDUALS WHO HAVE A PROBLEM WITH ALCOHOL DRUGS, OR IRRESPONSIBILITY. THEY CONTINUE TO DRIVE AND DRINK EVEN AFTER THEIR DRIVER'S LICENSE HAS BEEN REVOKED FOR DWI OR FOR ANY OTHER REASON FOR THAT MATTER.

PAGE TWO
TESTIMONY SB 3

JAIL TIME AND REHABILITATION ARE NOT ENOUGH TO GET THESE PEOPLE OFF THE ROADS. TO THESE PERSONS, THE REMOTE THREAT OF IMPRISONMENT MAY BE LITTLE IF ANY DETERRENT. SB 3 WOULD ALLOW THE STATE THE OPTION TO GO ONE STEP FARTHER IN SOME CASES BY ALLOWING THE FORFEITURE OF THE MOTOR VEHICLE REGISTRATION AND LICENSE PLATES OF A DRUNK DRIVER IN CASES WHERE THAT DRIVER HAD A RECORD OF PRIOR DWI'S OR REFUSING THE BREATH TEST.

BUT THESE IRRESPONSIBLE PEOPLE ARE STILL GOING TO DRIVE A CAR! AT LEAST THERE IS NO DOUBT WHATSOEVER THAT IT IS AGAINST THE LAW AND THEIR RIGHT TO DRIVE HAS BEEN REMOVED ALONG WITH THE ABILITY TO GET IN HIS OWN CAR THEREFORE REMOVING THE IRRISISTIBLE TEMPTATION. NO CAR - NO DRIVE.

Dear Senator Abood:

I am writing to bring to your attention some court-related concerns with Senate Bill 3, an act relating to motor vehicle registration and registration plates.

It appears that this measure would impact the courts in several ways. First, under new Section 28.35.039(a), registered owners would be required to surrender registration and registration plates to the court after a second or third DWI conviction or a conviction for driving with license revoked. Under paragraph (d) of that section, the court would be required to transmit the registration and registration plates to the department.

This section would require the court to take physical possession of plates and to mail or deliver them to the Department of Motor Vehicles. Although this is a procedure not currently undertaken by the courts and would result in additional clerical and postage costs, it appears that the court system could absorb these costs.

Under paragraph (e), the court will be required to obtain the names of all persons residing in the person's household who are seventeen years of age or older and forward these names to the Department of Motor Vehicles. Again, although this is a new procedure and could require new forms, it appears that the additional work could be absorbed.

The third area of impact appears in paragraph (f). Under this paragraph, if an owner has surrendered registration and registration plates and subsequently wishes to sell a vehicle, the owner may apply to the court for permission to transfer title. If the court finds that the proposed sale is in good faith and for valid consideration and that the owner will no longer have custody and control of the vehicle, the court may grant permission to transfer ownership.

Senator Mitchell Abood
February 3, 1987
Page Two

The court system suggests that transfer applications be made to the Department of Motor Vehicles rather than the court. As you know, the primary function of courts is to adjudicate cases. The function of approving sales of vehicles is different from the function of deciding a case, and is not a judicial function. Additionally, because this requirement would most likely result in new court hearings, it appears that the paragraph could impose substantial new workload requirements on the courts. The court system will be in a better position to determine any fiscal impact after reviewing fiscal information from the Department of Motor Vehicles.

Thank you for considering these comments. If I can provide additional information or answer any questions, please let me know.

Sincerely,

BILL NO: SB 3

DATE: January 23, 1987

TITLE: An Act relating to motor vehicle registration and registration plates

CONTACT: Bill Brown 465-4335

DEPARTMENT OF PUBLIC SAFETY

The bill will require the court to collect the registration and license plates from some repeat DWI offenders, and some offenders convicted of driving while revoked. The person may then apply to the department for specially designed license plates to replace those surrendered to the court. The department would also be required to send letters to all persons 17 years of age or older residing in the defendant's household.

It is felt the special plates would deter the "revoked" driver from operating that specific vehicle during the time the special plates are displayed, however, not other vehicles owned by the person. It is unknown whether the possibility of receiving the special plates would deter an individual from driving while intoxicated.

The department recommends the following amendments:

- (1) Page 2, line 14: change AS 28.35.031 to AS 28.35.032. Section 032 is the criminal offense of refusal to submit to a chemical test of breath, not 031.
- (2) Page 2, line 25 and 26: delete all wording after "valid driver's license". For the offenses outlined in AS 28.35.039(a)(1) & (2), the person would not be eligible for a limited license, thus the last part of the sentence is unnecessary.
- (3) Page 2 and 3: delete section (e). The last sentence implies an action that may be taken, however, the action has already occurred as outlined in the first sentence. Thus, the letter would be unnecessary.

The bill will increase the workload on the courts and motor vehicles. The impact on motor vehicles would be the requirement to issue a temporary registration and special license plates; maintain separate records on these vehicles; and reissue regular registration and plates when the driver's license revocation has ended. As part of the motor vehicles decrement for FY88, the special programs unit is being reduced by 33% and the division will no longer issue some specialized license plates such as personalized (vanity) plates. There will be insufficient employees left in that unit to absorb the impact of this bill, and a part-time position is included in the fiscal note.

The department is neutral on this bill.

 Acting Commissioner

SECTIONAL ANALYSIS FOR SB 3

"An Act relating to motor vehicle registration and registration plates."

SECTION 1 - Adds a subsection which allows the Department of Public Safety to design and issue temporary, special license plates, numbered in a separate numerical series, to offenders of certain driving offenses.

SECTION 2 - Creates a new section to article 2 which requires the registered owner, including a registered joint owner, to surrender the registration and registration plates of a motor vehicle involved in the commission of:

- a. a second conviction with-in a five year period for driving while intoxicated; a third conviction within a ten year period for driving while intoxicated; refusal to submit to a breath test, or another law or ordinance with similar elements.
- b. driving after having your license revoked for driving while intoxicated. (This does not apply if the registered owner was not driving the car during the commission of the offense, unless the owner knew the driver was operating without a valid driver's license.

Dear Mr. Lewis:

In response to your letter of October 9, 1986, there are no court jurisdictions in Alaska that allow for the impounding of the license plates and registration certificates of motor vehicles owned or registered to individuals convicted of a DUI offense.

Although our State Statute does allow for the confiscation of a vehicle owned or registered to an individual that has three or more convictions for DUI, this sanction is seldom used. It is cumbersome because of the ownership complications involved.

However, confiscation of the license plates and registration certificates would seem to eliminate this problem and is certainly worth pursuing. Good luck.

Governor's Highway Safety Traffic Coordinator:

The courts in three Minnesota counties are regularly impounding the license plates and registration certificates of motor vehicles owned or registered to individuals convicted of Gross Misdemeanor DWI, Aggravated DWI, or driving after license withdrawal. The judges believe this practice has resulted in a reduction in the number of such cases in their jurisdictions. The Minnesota Criminal Justice System DWI Task Force has recommended that the legislature adopt a statute requiring all courts to follow this practice.

However, no centralized reporting system in Minnesota has been able to provide information on the increase or decrease of these offenses in response to implementation of the impoundment policy in individual jurisdictions. Do you know of any court jurisdictions in your state that regularly impounds the license plates and registration certificates of repeat DWI offenders? Has such a program ever been evaluated for effectiveness in reducing DWI recidivism? If so, would you please send me this information and the name of a contact person.

I am enclosing a memo regarding the present impounding practice in one southern Minnesota jurisdiction and the proposed statutory amendments for registration plate and certificate impoundment in Minnesota.

Thank you for your response,

FROM: Five Judges of Olmsted & Dodge Counties

MEMORANDUM: Sentencing Sanctions of Surrender of Auto Registration Plates under M.S.A. 168.041 for Conviction of Second DWI.

In the sentencing of persons convicted of the second DWI (whether a misdemeanor or gross misdemeanor) we five judges of Dodge and Olmsted Counties have agreed upon a sanction requiring the surrender of auto registration plates during the period of time of revocation of the driver's license of the defendant by the Commissioner of Public Safety.

The reasoning behind this venture is roughly as follows:

1. Usually a defendant convicted of his first DWI seems to respect the revocation of driving privileges; he does not usually drive during the revocation period. There are exceptions of course.
2. However, some significant number of defendants convicted of their second DWI do drive unlawfully during the period of revocation of their driver's license. This group of drivers appear to offer greater hazard to the safety of the public using highways and streets; their identity is unknown oftentimes to law enforcement officers until they are involved in either a separate traffic violation (perhaps including a third DWI) or an auto collision involving injury or even death to others. The public deserves our special efforts to remove such high-risk drivers from the highways.
3. Identification of those high-risk drivers probably can be enhanced by:
 - A. Surrender of his auto registration plates.
 - B. Furnishing him the special series plates which may be readily identified by traffic law enforcement officers as the statute says in 168.041, subd. 6. This permits family members to drive his car and permits him to use his car for limited drivers license purposes as the Commissioner of Public Safety sees fit to issue.
 - C. Giving actual notice of his non-licensing status to the other drivers living in his household and informing them of their risk if they permit him to drive their auto.

Subdivision 1. When any person is convicted of driving a motor vehicle after the suspension or revocation of the drivers license or driving privileges of such person, the court shall require the registration plates and registration certificates of any motor vehicle involved in such violation owned by such person or registered in his name to be surrendered to the court. Upon surrender thereof the court shall issue a receipt therefor.

If the violator is not the owner of such motor vehicle, the court shall require the registration plates and the registration certificate of any motor vehicle used by the violator, with the permission of the owner who had knowledge of the fact that the violator's drivers license had been revoked or suspended prior to the commission of the offense, to be surrendered to the court.

Subd. 2. If any person is convicted of violating any law or municipal ordinance, except parking laws or ordinances, regulating the operation of motor vehicles on the streets or highways, and the record of such person so convicted shows a previous conviction for driving after suspension or revocation of his driver's license or driving privileges, the court may direct the commissioner of public safety to suspend the driver's license of such person for not exceeding one year. The court may also require the registration plates and registration certificates of any motor vehicles owned by the violator or registered in his name to be surrendered to the court.

Subd. 3. If a person is convicted of any offense which makes mandatory the revocation of the drivers license of such person, or is convicted of driving a motor vehicle without having a valid drivers license in force, the court may require the registration plates and registration certificates of any motor vehicle owned by such person or any motor vehicles registered in his name to be surrendered to the court.

Subd. 5. At the time of ordering the surrender of the registration plates and registration certificates of a violator or owner, the court shall notify the registrar of motor vehicles of that fact. Except as provided in subdivision 6 or subdivision 7, no new or duplicate registration plates or new registration certificates shall be issued to such violator or owner until his plates and certificates are returned to him by the court.

Subd. 6. Any such violator or owner may apply to the registrar of motor vehicles for new registration plates which shall bear a special series number which may be readily identified by traffic law enforcement officers. A fee of \$3 shall accompany the application. The registrar of motor vehicles shall forthwith notify the court of such application. The court may return the registration certificate of such violator or owner to the registrar of motor vehicles, together with its consent to the issuance of such registration plates to such violator or owner. Thereupon the registrar of motor vehicles shall issue such new registration plates. Until the drivers license of such violator is reinstated, any new registration plates issued to him or to an owner whose plates have been impounded shall bear a special series number.

If an owner wishes to sell a motor vehicle during the time its registration plates and registration certificate are impounded or during the time its registration plates bear a special series number, he may apply to the court which impounded such plates and certificate, for consent to transfer title to the motor vehicle. If the court is satisfied that the proposed sale is in good faith and for a valid consideration, that the owner will thereby be deprived of the custody and control of the motor vehicle, and that the sale is not for the purpose of circumventing the provisions of this section, it may certify its consent to the registrar of motor vehicles and return the impounded registration plates and certificates. If during the time the registration plates and certificate of registration are impounded the title to said motor vehicle is transferred by the foreclosure of a chattel mortgage, the cancellation of a conditional sales contract, a sale upon execution, or by decree or order of a court of competent jurisdiction, the court shall order the license plates and registration certificate surrendered to the new owner and notify the registrar of motor vehicles of such action. The registrar of motor vehicles shall then transfer the registration plates and registration certificates to the new owner.

Subd. 8. Nothing contained in this section is intended to change or modify any provision of this chapter, with respect to the taxation of motor vehicles or the time within which the taxes thereon shall be paid.

Additionally, the Defendant is required to identify under oath the person(s) now living in his household who are 17 years of age or more; the County Attorney or the City Attorney, whoever prosecuted this case, will provide actual written notice to those persons of the fact your driver's privileges are revoked until reinstated by the Commissioner of Public Safety, Driver's License Division.

Dear Mr. & Mrs. :

On September 23, 1982, your son, Scott appeared in the Olmsted County District Court before the Honorable O. Russell Olson for sentencing for his conviction of "driving a motor vehicle under the influence of alcohol". Because of the conviction, the Judge imposed as part of the sentence a requirement that your son was not to drive any motor vehicle under any circumstances unless his drivers license had been restored to him by the Commissioner of Public Safety of the State of Minnesota.

It would appear, based on information obtained by the Court during the sentencing proceeding, that you or other members of your family own motor vehicles which your son may have access to in the future.

I have been specifically instructed by the Judge to write you this letter and put you on notice that your son under the terms of this sentence is not to drive any vehicle until the drivers license is restored. You should also be advised that if you or any other person who knows he has no license permits him to drive under those circumstances, that a person allowing him to do so may be prosecuted.

If you have any questions with regard to this matter, please feel free to give me a call.

Sincerely,

Frederick S. Suhler, Jr.
Rochester City Attorney

cc: Judge Olson

As a condition of the suspension of a portion of this sentence (or during any probation), you are forbidden to drive any motor vehicle unless and until licensed to drive by the Commissioner of Public Safety, Driver's License Division.

Further,

IT IS ORDERED as follows:

(1) Pursuant to Minn. Stat. 168.041, Subd. (3) and (4), registration plates (and registration certificates) of all motor vehicles owned by you (and/or registered in your name) must be surrendered to the Clerk of this Court on or before the date of revocation of license by the Commissioner of Public Safety.

(2) You are advised that pursuant to Minn. Stat. 168.041, Subd. (6) and (7), you may apply for substitute registration plates bearing a special series number (which may be readily identified by traffic law enforcement officers).

(3) Additionally, you are required to identify under oath the person(s) now living in your household who are 17 years of age or more; the County Attorney or the City Attorney, whoever prosecuted this case, will provide actual written notice to those persons of the fact your driver's privileges are revoked until re-instated by the Commissioner of Public Safety.

(4) You are further advised any person who allows you to drive his or her automobile (knowing your driver's license has been revoked) is himself or herself subject to prosecution and additionally to forfeiture of registration plates under Minn. Stat. 168.041, Subd. (1).

RECOMMENDATION TO THE LEGISLATURE FOR LEGISLATIVE ACTION #23

The Minnesota Criminal Justice System DWI Task Force recommends that the Minnesota Legislature adopt a statute that requires that license plates be impounded from individuals whose drivers licenses are revoked a second time within five years or a third time within ten years for violation of Minnesota's DWI Laws.

This recommendation is based on the following reasons:

1. Approximately 25 percent of all alcohol-related traffic fatalities in Minnesota involve a driver who has a prior DWI-related driver's license revocation.
2. Repeat violators of the DWI law have a very high probability of being chemically dependent.
3. Revoking the driver's license of a chemically dependent person does not stop them from driving. They must be separated from their vehicle until they deal with their chemical dependency.
4. Impounding the license plates of repeat DWI violators can make it more difficult for them to continue to drive after their license is revoked.
5. The impoundment law, as drafted by the Minnesota Criminal Justice System DWI Task Force, allows for the issuance of special plates so that other members of the repeat violator's household can continue to drive as well as allowing the repeat violator himself to drive if he obtains a limited drivers license.
6. An impoundment law directed at repeat violators is consistent with the philosophy that the criminal justice system should focus on repeat violators because of the high probability of their being involved in an alcohol-related accident.

The following amendments to the license plate impoundment statute, 168.041, resulted from Minnesota Criminal Justice System DWI Task Force recommendations. They passed out of committee but were not passed by the full legislature in 1986 due to time constraints. Only that portion dealing with registration plate and certificate impoundment has been reproduced below.

"Section 1. Minnesota Statutes 1984, section 168.041, is amended to read:

168.041 [IMPOUNDING REGISTRATION PLATES AND CERTIFICATES.]

Subdivision 1. When any person is convicted of driving a motor vehicle after the suspension or revocation of the driver's license or driving privileges of such person, the court shall require the registration plates and registration certificates of any motor vehicle involved in such violation owned by such person or registered in his name to be surrendered to the court. Upon surrender thereof the court shall issue a receipt therefor.

If the violator is not the owner of such motor vehicle, the court shall require the registration plates and the registration certificate of any motor vehicle used by the violator, with the permission of the owner who had knowledge of the fact that the violator's drivers had been revoked or suspended prior to the commission of the offense, to be surrendered to the court.

Subd.2. If any person is convicted of violating any law or municipal ordinance, except parking laws or ordinances, regulating the operation of motor vehicles on the streets or highways, and the record of such person so convicted shows a previous conviction for driving after suspension or revocation of his driver's license or driving privileges, the court may direct the commissioner of public safety to suspend the driver's license

of such person for not exceeding one year. The court may also require the registration plates and registration certificates of any motor vehicles owned by the violator or registered in his name to be surrendered to the court.

Subd. 3. Except as otherwise provide in subdivision 3a, if a person is convicted of any offense which makes mandatory the revocation of the driver's license of such person, or is convicted of driving a motor vehicle without having a valid driver's license in force, the court may require the registration plates and registration certificates of any motor vehicle owned by such person or any motor vehicles registered in his name to be surrendered to the court.

Subd. 3a. If a person's driver's license or driving privileges are revoked pursuant to a third violation of sections 169.121 or 169.123 within ten years, the court shall require the registration plates and registration certificates of any motor vehicle involved in the violation and owned by or registered in the name of the violator, including vehicles registered jointly in the name of the violator and the violator's spouse, to be surrendered to the court. An impoundment order shall be issued under this subdivision when the person appears in court on any criminal charge or civil driver's license matter arising out of the incident resulting in the most recent license revocation. If no criminal charge or civil license matter is initiated in court, the attorney general may initiate a registration plate and certificate impoundment proceeding, requesting an impoundment order under this subdivision. This proceeding shall be brought in municipal or county court in the jurisdiction where the

violation of section 169.121 or 169.123 occurred.

Subd. 4. Any registration plates surrendered to the court pursuant to this section shall be destroyed by the court. Any registration certificates surrendered to the court shall be forwarded to the registrar of motor vehicles by the court. Except as provided in subdivisions 5a, 6, or 7, no new registration plates may be issued to the person, violator, or owner until such time as the driver's license of the person, violator, or owner has been reissued or reinstated.

Subd. 5. At the time of ordering the surrender of the registration plates and registration certificates of the person, violator, or owner, the court shall notify the registrar of motor vehicles of that fact. The registration plates shall be destroyed by the court within three days of the date of surrender. When the registration plates are destroyed, the court shall notify the registrar of motor vehicles of that fact.

Subd. 5a. If the driver's license revocation which is the basis for a registration plate and certificate impoundment order is rescinded, upon application to the registrar of motor vehicles, the person whose registration plates and certificate have been impounded shall receive new plates and the certificate for the impounded vehicle at no cost. The application shall include a copy of the order rescinding the driver's license revocation.

Subd. 6. Any such person, violator, or owner may apply to the court which ordered the surrender of registration plates and certificates for new registration plates which shall bear a

special series number which may be readily identified by traffic law enforcement officers. The court may authorize the issuance of special plates if (1) a member of the person's, violator's, or owner's household has a valid driver's license, or (2) the person, violator, or owner has a limited license issued pursuant to section 171.30. If the court authorizes the issuance of special plates, it shall notify the registrar of motor vehicles and the registrar shall issue the special plates upon payment of a \$100 fee for each vehicle for which special plates are requested. Until the driver's license of such person, violator, or owner is reinstated or reissues, any new registration plates issued to him or to an owner whose plates have been ordered surrendered shall bear a special series number.

Subd. 7. If the owner wishes to sell a motor vehicle during the time its registration plates bear a special series number, he may apply to the court which ordered he surrender of such plates and certificate, for consent to transfer title to the motor vehicle. If the court is satisfied that the proposed sale is in good faith and for a valid consideration, that the owner will thereby be deprived of the custody and control of the motor vehicle, and that the sale is not for the purpose of circumventing the provision of this section, it may certify its consent to the registrar of motor vehicles. The registrar shall then transfer the registration certificate to the new owner upon proper application and shall issue new registration plates to the new owner. After the registration plates and certificate of registration have been surrendered to the court pursuant to this section, if the title to said motor vehicle is transferred by the

foreclosure of a chattel mortgage, the cancelation of a conditional sales contract, a sale upon execution, or by decree or order of a court of competent jurisdiction, the court shall order the registration certificate surrendered to the new owner. The registrar of motor vehicles shall then transfer the registration certificates to the new owner and shall issue new registration plates to the new owner.

Subd. 3. Nothing contained in this section is intended to change or modify any provision of this chapter, with respect to the taxation of motor vehicles or the time within which the taxes thereon shall be paid.

Subd. 9. Any person who fails to surrender any registration plates or registration certificates to the court upon demand pursuant to this section or who operates any motor vehicle on a street or highway at a time when a court has ordered the surrender of its registration plates and registration certificate is guilty of a misdemeanor.

20 imposed by the court is completed. A person who surrenders registra-
21 tion or registration plates under this section may apply to the
22 department for temporary registration and registration plates under
23 AS 28.10.181(n). An application may not be accepted by the department
24 unless a member of the applicant's household has a valid driver's
25 license.

26 (e) A person required to surrender registration and registration
27 plates under this section and whose driver's license has been revoked,
28 shall also identify to the court all persons residing in the person's
29 household who are 16 years of age or older. These names shall be

1 reported to the department along with the name of the person in the
2 household whose driver's license has been revoked. The department
3 shall provide to each named person written notice of the fact that the
4 driver's license of the person identified in the report has been
5 revoked, and that if a vehicle owner knowingly permits a person who
6 does not have a valid driver's license to drive the owner's vehicle,
7 the owner will be required to surrender the vehicle's registration and
8 registration plates.

9 (f) An owner who has surrendered a motor vehicle registration
10 and registration plates under (a) of this section, and who wishes to
11 sell the vehicle, may apply to the department for permission to trans-
12 fer title to the motor vehicle. The department may, after trans-
13 ferring ownership of the vehicle, issue new registration and registra-
14 tion plates. When title to a motor vehicle is transferred by foreclo-
15 sure, conditional sale contract, execution sale, or by a court decree,
16 the department shall transfer the registration to the new owner and
17 may reissue the registration plates.

BILL NO: CSSB 3(Trsp)

DATE: April 14, 1987

TITLE: An Act relating to motor vehicle registration and registration plates

CONTACT: Bill Brown
465-4335

C
MA

DEPARTMENT OF
PUBLIC SAFETY

RECEIVED
APR 15 1987

The bill will require the court to collect the registration and license plates from some repeat DWI offenders, and some offenders convicted of driving while revoked. The person may then apply to the department for specially designed license plates to replace those surrendered to the court. The department would also be required to send letters to all persons 16 years of age or older residing in the defendant's household. A \$25.00 fee will be charged for the special plates to cover the cost of the new program. It also reduces the number of metal license plates required for a motor vehicle from two to one, and increases drivers license and identification card fees by \$2.00.

It is felt the special plates would deter the "revoked" driver from operating that specific vehicle during the time the special plates are displayed. The letter sent to other household residents should deter the "revoked" drivers from operating other vehicles owned by the person. It is unknown whether the possibility of receiving the special plates would deter an individual from driving while intoxicated.

The one license plate will be displayed on the rear of the vehicle. Twenty states currently issue only one plate, and four others have introduced legislation to change to only one plate. This is a cost savings measure with a total annual savings of \$60,000. The \$2.00 increase in fees will produce approximately \$400,000 annually in additional revenue. Part of this revenue is to cover the costs of continuing to provide photographs on driver licenses and ID cards.

The special license plate portion of the bill will increase the workload on the courts and motor vehicles. The impact on motor vehicles would be the requirement to issue a temporary registration and special license plates; maintain separate records on these vehicles; and reissue regular registration and plates when the driver's license revocation has ended. As part of the motor vehicles decrement for FY88, the special programs unit is being reduced by 33% and the division will no longer issue some specialized license plates such as personalized (vanity) plates. There will be insufficient employees left in that unit to absorb the impact of this bill, and a part-time position is included in the fiscal note.

The department supports this bill.

Justification				
<p>The Special Programs Unit of the Division of Motor Vehicles, which currently handles specialized license plate applications, is being reduced by 33% as a FY88 decrement. As a result the division will no longer issue some specialized plates, such as personalized (vanity) plates. This bill requires issuance of specialized license plates to certain law violators. This position would process the special applications; issue the registration and plates; maintain separate records on these vehicles; and reissue regular registration and plates when the driver's license revocation has ended. The position would also be responsible for collection and disposition of registration and license plates surrendered to the court, and the temporary registration and special plates surrendered after the revocation has ended. The position will process titles when the vehicle with special plates is sold during the revocation period. Will also be responsible to collect the required fee, and account for all monies received.</p>
