MEMORANDUM

TO: Senate members,
State Affairs Committee

FROM: Senator Lloyd Jones

RE: SJR 63

I introduced sponsor substitute for Senate Joint Resolution 63, Opposing the closure of the Stikine Area Regional Supervisor's Office of the United States Forest Service, because I wished to communicate with the Forest Service on the importance of this office.

The Department of Agriculture took a large budget cut to their Forest Service division in Alaska. The Forest Service is exploring ways of cutting service and is considering shutting down the Stikine Area Office in Petersburg. This office is not only critically important to the health of Petersburg's economy, but is necessary for local participation in the management of the Tongass National Forest.

Also, I have attached a graph showing the economic impact this office has on Petersburg.

This resolution is not controversial and, I hope, will be useful to demonstrate the Legislature's commitment to strong local economies. I thank the chairman and the committee for your full consideration.
