TOPIC: House Bill 5

This bill was introduced during the second session of the 15th Legislature and successfully passed through both houses without amendment. It was scheduled for hearing on the floor of the senate, but unfortunately the senate adjourned prior to being heard.

House Bill 5 is basically constructed to assure greater input from labor to minimize the opportunity for the Alaska Corrections Industry to compete with private enterprise; this is especially important during the economic downswing Alaska is currently facing.

Attached is a sectional analysis which specifically spells out how the Commission's membership will be increased by one additional member of organized labor. There is a zero fiscal impact on general funds, the expense of the added member will be borne by receipts of prison industries.

I respectfully request your support of House Bill 5.

SECTIONAL ANALYSIS OF HB 5

"An act amending the composition and membership of the Correctional Industries Commission; and providing for an effective date."

Section 1 - Adds language to increase the members of the Correctional Industries Commission from seven to eight. The Governor will appoint six instead of five of these members. The appointed members criteria is amended to require that there be two representatives from organized labor; one from the building of trades and the other from the service industries.

Section 2 - Adds language that changes the number of members necessary to constitute a quorum from four to five.

Section 3 - Existing organized labor representative may continue to serve for the duration of his/her appointed term. It must be determined whether this representative was appointed from the building trades or the service industry.

Section 4 - The term of office for the new labor representative will be determined after the first labor represented has been designated and appointed. The Governor shall specify the appointed term of this representative, but may not extend this term beyond June 30, 1991.

Section 5 - Immediate effective date under AS 01.20.070 (c).
