RESUME OF CLAIRE STRAND

Claire Strand
Box 505 Phone: 772-4872
Petersburg, Alaska 99833

I am interested in serving on the Older Alaskan's Commission for many reasons. Defining, studying, and helping to alleviate and meet the needs and desires of older Alaskans seems to me to be a valuable and interesting service to the State of Alaska.

I feel that my knowledge of Alaska and its problems; my skills in helping learning disabled and brain damaged youngsters (which seem relevant and similar to many of the problems of aging); and my experience and interest qualify me to serve on this commission.

I have traveled widely in Alaska, have lived five months of each of four years on a homesite near Tok, and have read and studied the history of many cultures in Alaska. I have an understanding and empathy for and friendship with many of the diverse peoples of Alaska.

EDUCATION;

Grade school to 1965: My parents taught for the Bureau of Indian Affairs in bush schools for eighteen years. They started their careers in Arizona and New Mexico and for the last ten years they taught in Alaska. My parents were drawn to the bush because they questioned the teaching system and challenged the status quo with such rigor that it was difficult for them to teach in a conventional urban setting. Their search for answers and techniques culminated in 1970 when my father was given the Alaska Governor's Award for excellence in teaching art.

This bit of family background is important in understanding my own primary and secondary education, which was by correspondence from the third grade on. In the summers my parents went to summer schools at various campuses on the west coast, and usually enrolled me in a college course at the same time. Thus when I got my highschool certificate of equivalence, (which included a certificate declaring me the outstanding high school supervised correspondence student of the year 1959--1960 in the United States division,) I had twelve college credits in math and a few in other subjects as well. But the important part of this history is that I was immersed in a cross-cultural setting from the third grade until I entered the University of Alaska in Fairbanks in 1965.

This was a particularly sharp contrast as I lived with parents who were also my teachers in a challenging and probing atmosphere, while on the playing field, in the

village, and on the river just a step from the front door, I lived a different culture.

In my last year of highschool I, along with four Eskimo men from the village of Alakanuk, founded the Lower Yukon Cannery Workers Union. This was a response to a critical economic problem that developed in the village and it proved effective enough. The five of us were pretty much out of our depth but success made good our efforts and gave practical form to my highschool student's vision of social and economic problems. I was to discover that similar successes do not come so readily all of the time.

1965--1966: In the summer seasons of '65 and '66 I setnetted for King Salmon on the lower Yukon. My friends from the union effort helped make my fishing a success. In the winter I attended the University of Alaska at Fairbanks as a math major. I made the Dean's List the first semester, but in the second semester I learned a lot more about culture shock than I did mathematics.

1966--1968: Attended University of British Columbia as a math major. Scholastically I did not live up to my potential. I wanted to be back on the river underneath an early spring sky dark with geese. This was a bitter lesson to learn as the immense difficulty of being immersed in an essentially foreign culture was brought home to me in personal terms.

WORK HISTORY

1968-1970: Built a skiff in Fairbanks and traveled down the Tanana and Yukon. Worked two winters for the Northern Commercial Co. in St. Michael as the Standard Oil tank farm supervisor.

Fall 1970: Ended my prolonged skiff ride and sold the boat in Nome. Worked as a plumber in Kotzebue for six weeks on the then new public health utilities system.

Winter 1970--1971: Worked for the University of Alaska, Geophysical Institute as a plumber and carpenter building the Poker Flats Rocket Research Range in Fairbanks.

Summer 1971: Doubleday Publishing Co., N.Y., accepts manuscript of novel "From the Nets of a Salmon Fisherman."

1971--1972: Worked in Kasiloff for Katchemak Seafoods as plant manager. Participated in early development of the Togiak herring fishery. This was an operation of international scale with a Japanese freezer ship, and an American processor. We also provided nets and attempted to involve the villagers of Togiak. I made winter trips to Togiak to negotiate with the village fishermen.

1973--1975: Worked as engineer of the 115 foot freighter Cape Douglass transporting heavy equipment in waters from the Lower Kuskowim to Seattle. We also did salvage work.

1975 to present: Worked in the building trades starting in Fairbanks and continuing after a move to Juneau in 1978. Served what amounted to a working apprenticeship in all of the trades associated with residential construction. Owner of the cabinet shop The River Millworks. Became licensed general contractor in order to pursue larger contracts in custom residential and light commercial work.

Completed conversion of thirty-five foot sailing hull to tankable commercial fishing vessel.

Participated as owner-operator in commercial halibut fishery from 1983 to present. Participated in fisheries for salmon and crab.

Acted as consultant-inspector for private buyers of residential properties.

EMPLOYMENT HISTORY

MAR 07 1988

1985 - PRESENT

President and Chief Executive Officer of Doyon, Limited a for-profit Native Regional Corporation. Doyon owns 12.5 million acres of land with an asset base of \$96 million dollars.

1981-1985

Worked with Doyon, Limited in several capacities, first as Corporate Development Officer with Doyon Construction Company, and then as Vice President of Shareholder Relations and Corporate Development with Doyon, Limited.

1980

Candidate for the United States Senate. Experience gained in relation to this candidacy included: fund-raising, committee organization, public radio and television appearances. Extensive travel, and briefings on Alaskan issues and problems were also large components of the candidacy.

1978-1980

President, Alaska Federation of Natives. Was the chief executive of this statewide Native organization composed of twelve ANCSA regional profit corporations and twelve non-profit organizations/corporations. An advocacy and lobbying group for Native issues, AFN during my tenure as President also administered government contracts to deliver job training, social services, and counseling programs to Alaska Natives.

1976-1978

Vice President, Northwest Alaska Pipeline Company (Anchorage). Opened Northwest's Alaska office and was principal in charge of consortium of natural gas common carrier companies who were seeking administrative and congressional approval to build a natural gas pipeline from Prudhoe Bay to California and the U.S. Midwest.

Lobbied, and testified before, Congress and the Alaska Legislature. Presented Northwest's case before public forums and to the general public. Worked with media firms to develop media campaign for gaining approval of the project within Alaska. Later worked with federal and state agencies to obtain necessary permits and approvals.

Salary: \$60,000 annually with car and stock option bonus.

1973-1976

Commissioner of the Bureau of Indian Affairs, Washington, D.C. A Presidential appointee to head, on a national basis, the Bureau of Indian Affairs - a federal agency with an annual budget of \$1.2 billion and 13,000 employees. Responsible for developing lobbying strategies, administering the Bureau's budget, and developing and testifying on all Bureau legislation. Worked with the Secretary of the Interior in formulating Indian policy, and was their person responsible for all Bureau policy with the Administration. Specific legislation passed during my term included:

- Indian Finance Act
- Johnson-O'Malley Reform
- Indian Self-Determination and Education Assistance Act (PL 93-638)
- Indian Preference Legislation

As a partial result of these efforts, the budget for the Bureau was substantially increased during this time period.

Salary: \$36,000 - 50,000 annually

Reason for leaving: Return to Alaska.

1970-1973

Area Director - Bureau of Indian Affairs, Juneau Area Office (youngest Area Director in history). ANDY DURNY
BOX 65090
NULATO, AK. 99765

March 5, 1988

In addition to my employment for the City of Nulato, I have also served on the following organizations:

- Nulato City Council (1979-1985)
- Nulato Community School Board (1979-present)
- Nulato Parish Council (1975-78)
- Nulato Utility Board. (1979-82)

Since leaving the Jesuit Volunteer Corp in 1975, I have performed other volunteer work in Nulato, (including service on the School Board, parish council and utility board, as well as helping with local recreational activities).

I also operate the Nulato Teen Wreck Center - a small "arcade" for local youth - and have sponsored miscellaneous activities such as free movies for kids, and a local talent contest.

I am also the secretary of the Nulato Headstart Parent Committee.

I have attended numerous workshops and training programs, including local government officials training, municipal clerks seminars, finance officers workshop, etc.

Recently I have begun working with other local individuals to try to form a group to address local problems such as alcohol + drug abuse, domestic violence, loss of traditional values, youth guidance, etc. I have also just begun working on a very limited basis (6 hrs. wk) in the Nulato School as instructor for the "Here's looking at you" (alcohol + drug abuse prevention) program.

I was very surprised to learn that I had been nominated to the ABC board. I do not know what the necessary qualifications are, but if my nomination is accepted, I would try to fulfill my obligation conscientiously, fairly and with an open mind. I don't know who nominated me - or why - but if my nomination is approved, I would view my duty on the ABC board as a very serious duty and obligation to the State of Alaska and its people.

I have never attended an ABC board meeting; I do not know very much about the board's procedures, but if my nomination is approved, I am ready to learn quickly and to serve as soon as possible.

If you need additional information, or if you have any questions, please call me at 998-2205.

Thank you very much.

Sincerely
Andy Durny

Give your entire work history. Start with your present or most recent job and work back. Include full and part-time paid and volunteer (unpaid) work, military experience, and summer jobs. Full-time is considered 35 hours per week or greater. If you worked less, you worked part-time. Please specify the number of hours worked per week. If you worked for the Federal Government or were in the armed forces, provide G.S. ratings and/or military ranks. Give accurate and complete information about the duties and responsibilities you had in each job. If you supervised anyone, explain who they were (typists, technicians, etc.) and describe what kind of supervisory duties you had (direct the work, hire, promote, fire, etc.). Incomplete answers may cause your application to be rejected or given a low score. A complete description of your duties is essential, use separate sheets of paper if necessary. A resume may be attached if all questions in the work history block are answered. It is the responsibility of the applicant to demonstrate possession of the minimum qualifications at the time of application.

22. EDUCATION AND TRAINING RECEIVED AFTER HIGH SCHOOL

A. List in A all college education and training. Most colleges and universities grant credit in semester or quarter hours depending on how the school year is divided (into semesters, trimesters, quarters, etc.). Be sure to list your college credits in the correct column. If your credit was not given on this basis, enter it in the column marked "Other" and explain the credit on a separate sheet. A "major" means at least 24 semester hours of college course work, at least 16 of which are upper division level, in the area of emphasis.

- 1980 - Present Psychotherapist in private practice and owner of The Family and Children's Clinic in Palmer, Alaska. Services offered include individual, marriage, family and child psychotherapy, hypnotherapy, sex therapy and divorce mediation.
- 1980 - 1983 Associate Professor of Social Work for the University of Alaska, Anchorage. Courses taught led students to a Bachelors Degree in Social Work. Teaching position was full time 1980-81, and part time in 1981-82, and 1982-83.
- 8/77 - 8/80 Psychiatric Social Worker with the Langdon Clinic in Anchorage, Alaska and to the Matanuska Valley 40 miles north of Anchorage. Responsibilities include individual and group psychotherapy, marriage and family counseling and sex therapy.
- Instructor University of Alaska, Matanuska-Susitna Community College in Palmer, Alaska. Classes taught are in sociology.
- 11/76 - 8/77 Clinical Director Western Wyoming Mental Health Association in Afton, Wyoming. Responsibilities included psychotherapy with both individual and families. An important part of the practice was marriage counseling and sex therapy. I also had responsibility for the administrative and clinical management of the program.
- 11/74 - 11/76 Management Consultant to the Department of Health and Social Services, State of Alaska, Juneau. Through a contract the Department had with the Alcohol, Drug Abuse and Mental Health Administration of HEW, I provided consultation to the Commissioner of the Department on issues related to the delivery of state services in Alcohol, Drug Abuse and Mental Health. The objectives of the project were to discover more effective, efficient and responsible administrative and programatic methods and processes for the delivery of these programs.

Projects included a plan to reorganize the State Offices of Alcoholism and Drug Abuse and the Division of Mental Health into a single administrative organizational unit under an umbrella Division in order to provide more responsive, effective and efficient services by these programs. A plan for deinstitutionalizing the Department's institutions into a community based facilities was developed. A plan was formulated to provide Native Alaskans with increased participation in state planning for rural natives in Alcohol, Drug Abuse and Mental Health programs.

Private Practice with the Valley Medical Clinic in Juneau, Alaska as a psychotherapist. The focus of my practice was on individual, marriage, family and sex therapy.

6/72 - 11/74

Executive Director, North Idaho and Panhandle Child Development Center, and Family Life Enrichment Associates, in Coeur d'Alene, Idaho. Initially, the position was within State of Idaho Government. When some of the services were spun off to a private non-profit agency, I chose to direct the private agency's development of its new program as the Executive Director.

As director, my responsibilities included the overall planning and management of programs served by the child development programs. These programs responded to a five county area of North Idaho that was staffed by 17 teachers, 10 aids, 5 speech therapists, 3 social workers, 4 psychologists, 6 project directors and 6 support staff with a total budget exceeding \$850,000.

Programs included preschool screening and classroom experiences for handicapped children in nine classrooms. parent training, including infant stimulation of parents with high risk children. Family counseling of families and marriages through a branch agency titled Family Enrichment Associates. Speech and language therapy for children and adults with speech and language dysfunctions. A life skill acquisition program for youth age 13-21 with emotional and/or developmental problems in a classroom situation in four communities.

In addition to my work directing these programs, I shared a weekly column titled Family Fireside with a psychologist on the staff, which was related to the issues related to family living, which was printed by the local newspaper, the Coeur d' Alene Press.

7/67 - 6/72

Director, Lutherran Youth Center and Program Director Alaska Children's Services. Alaskan Children's Services developed when two directors of private agencies and myself presented to our boards and national missions to merge the three agencies under a single agency in order to better serve children and their families in Alaska. The programs were located in the Anchorage area, in Unalaska and Wasilla. I was responsible for the planning and managing of the treatment services of the agency. These services included residential treatment for 55 disturbed children, emergency shelter for 10 children, group home services for 18 children, family therapy provided by 3 family therapists, day care for 40 children, foster care for a limited number of children from residential treatment, a half way house for drug abusers and a community action program to develop a health center in the native community of Unalaska.

The budget for these programs exceeded one million dollars and employed over 50 professional and paraprofessional staff.

9/67 - 6/72

Instructor, University of Alaska, community colleges located in Anchorage and Palmer, Alaska. Classes included introductory courses in Sociology and Social Welfare, Social Problems, Sociology of Deviant Behavior and the Family.

6/65 - 6/67

EDUCATIONAL BACKGROUND

Studied engineering at Oklahoma State University School of Technical Training, 1946-47.

Studied psychology and behavioral sciences at Texas A & M University, 1964.

Earned the Bachelor of Arts degree at Portland State University in Portland, Oregon. The major emphasis of this program was in sociology with a special minor in gerontology, 1971.

Studied gerontology under a grant for two one year periods from the Administration On Aging # AA 5-69-003-02 at the Institute On Aging at P.S.U., 1970-71.

Earned the Master of Science degree from the University of Alaska in the field of Counseling Psychology, 1975. The major thrust of this program was mental health for the aged. This degree is the terminal degree in psychology at the University.

Master's degree thesis is "Systematic Desensitization and Rogerian Counseling in a Retirement Home".

Continuing education workshops have been utilized after graduate school. A perspective on aging workshop done on the Fairbanks campus in 1976 was helpful in providing information on aging. A total of 72 class contact hours was gained at the University of Washington in a mental health for the elderly workshop done in 1977. This workshop was instrumental in establishing a mental health outreach program in the Municipality of Anchorage.

Participated in a seminar on Alzheimer's Disease sponsored by the American Association of Homes for the Aged, Portland, Oregon, 1980.

Attended intensive workshops on Alzheimer's Disease provided by Western Gerontological Society, Albuquerque, N.M., 1983.

~~ALASKA'S DIRECTOR OF AGRICULTURE under Governor William A. Egan, -~~
~~resigned from that position December 31, 1975.~~ While in this
position, the following occurred:

Served as Vice-Chairman of the Rural Development Committee for the National Association of Directors of Agriculture, responsible for having the N.A.S.D.A. Board of Directors and the Western Directors annual meeting held in Alaska;

I brought together, for the first time, all of the agriculture agencies, S.C.S., A.S.C.S., F.H.A., S.R.S. of U.S.D.A. and the Institute of Agriculture Sciences of the University of Alaska (along with the Extension Service) as a team for agriculture;

I was responsible for the creation of Alaska's Plant Material Center. There are fourteen Plant Material Centers located in the "Lower 48" operated by the Federal Government, but this is the only one financed and operated by a state;

Many changes in the agriculture picture took place during my tenure as Director. For the first time, shipments of Alaska grown potatoes went to Seattle markets;

Large scale barley farming developed in the Delta Junction area;

Korean buyers bought hundreds of thousands of pounds of reindeer horns to be ground to powder to be used as an aphrodisiac;

Alaska became a cholera free state;

Julian Fowler of Shaw Creek, Alaska, was named America's Farmer of the Year;

O.H.M. sold several hundred tons of straw to Alyeska Pipeline to help control oil spills.

CHAIRMAN OF ALASKA STATE COMMITTEE OF THE AGRICULTURAL STABILIZATION AND CONSERVATION BOARD, appointed by Secretary of Agriculture Robert Bergland, effective August 18, 1977.

COUNTY COMMITTEEMAN OF FAIRBANKS COUNTY, the largest county in the United States (larger than the State of Texas), served in this capacity for over six years.

I was mechanical clerk of the works for all new construction for the University of Alaska for three years and for two years taught the apprentice class for the Plumbers and Fitters U.A. Local 375, and worked many years in a supervisory capacity on military construction jobs.

WILLIAM H. LEWIS, born on February 6, 1914, in Sweetwater, Texas. I graduated from Sweetwater High School in 1932. I then attended Texas Technological College during 1932, 1934 and 1935, with one semester at Simmons University in 1933.

While at Texas Tech., I traveled with the football team and the band as a rope spinner and trick roper. I majored in Animal Husbandry under Dean W. L. Stangel, who accredited me with being one of the best natural judges of livestock to have attended the Agricultural School at Texas Tech.

During World War II, I joined the Army Air Corps as an enlisted man in January, 1942. I became a Staff Sergeant and attended Officer Candidate School. I served as an Intelligence Officer and retired with a physical disability in December, 1945.

I came to Alaska in 1953, and have farmed every year since 1955, having homesteaded eighty acres in 1959. I have grown oats and potatoes as main crops, along with many varieties of vegetables. I live in a log home I built from logs I cut on Federal land.

AFFILIATIONS: Life Member of V.F.W. Post 10029, have held almost every office from Senior Vice Commander down the line;

Charter Member of the Eoondox Lions Club;

BOARDS AND COMMISSIONS RESUMÉ

INSTRUCTIONS

A separate application is required for each position for which you apply. Complete and specific answers will aid in rapid and accurate processing of your resumé. The initial determination of whether you qualify for the position specified will be based on this application.

Please type or print legibly in ink. Forward to the above address. Be sure your answers are true. A willfully false answer may result in your disqualification or removal from office if you are appointed.

Position for which I am applying:

Member, Police Standards Council

Please list any other Board or Commission on which you serve:

| | | |

518-56-1970

Have you ever been convicted of a misdemeanor within the past five years or a felony within the past ten years? YES NO

If "YES", explain the circumstances on a separate sheet of paper and attach it to this application. A conviction is not necessarily grounds for disqualification. The number of convictions, nature, recency and relationship to the board position applied for will be evaluated and a determination will be made after a review of all relevant facts.

A policy in the Governor's Office pertaining to boards and commissions is that a member attend at least 75% of the meetings. Are there any circumstances in either your professional or personal life which would prevent you from participating at the required authorized meetings? YES NO

If "YES", explain on a separate sheet of paper and attach to this application.

This position may require that the member travel to either urban or rural (or both) areas. Are there any circumstances which would prevent you from participating?

No.

CONFLICTS OF INTEREST: Certain Boards and Commissions require full disclosure of personal financial data under AS 39.50.010. If required for the Board or Commission for which you are applying, are you willing to do so? YES NO

Could you or any member of your family be affected financially by decisions to be made by the Board or Commission for which you have applied?

YES NO If "YES", explain.

The Office of the Governor will not discriminate against an applicant for a Board or Commission based on Sex, Age, National Origin, Marital Status, Pregnancy, Handicap, Religion or Parenthood.
