Memorandum

March 26, 1990

To: Representative Johnny Ellis
Chairman, House Health Education
and Social Services Committee

From: Senator Rick Uehling
Co-Chairman, Senate Finance Committee

Subject: CSSB 332 (State Affairs), an act relating to records of
missing children; and to records of certain children
enrolled or transferred as students.

I would appreciate your assistance in scheduling SB 332, an act relating to records of missing children, and to records of certain children enrolled or transferred as students, for a hearing before the House Health Education and Social Services Committee at the earliest convenient date.

This bill represents an effort to aid law enforcement agencies trying to locate missing children and reunite them with their families. This legislation will insure that the records of missing children are flagged at their schools and the Bureau of Vital Statistics so that any effort to gain copies of the records will alert law enforcement agencies. The measures mandated by this bill are not costly and will generally assist public and private agencies looking for children that have been separated from their families.

SB 332 has been endorsed by two major national organizations working on the missing children problem, Child Find of America, Inc. and the National Center for Missing and Exploited Children. Letters from these organizations are included for your files.

In response to recommendations from the Departments of Public Safety and Health and Social Services I proposed, and the Senate State Affairs Committee adopted, a Committee Substitute for SB 332. I believe the changes made in the proposed CS are positive and add to the effectiveness of this legislation. The changes tighten up the bill and prevent unproductive paper shuffling between the Department of Public Safety, the Bureau of Vital Statistics and Alaska schools.

Please do not hesitate to call on Mike Abbott of my staff if there is additional information that would be of assistance to you.

Dear Senator Uehling:

I am pleased to offer my support for your senate bill to provide for the flagging of school records of missing children.

Because most abducted children eventually are put in school, tracking the movement of school records is a proven tool in the search for missing children. Your bill requiring notification of the Department of Public Safety when the transfer of school records is requested would be an expeditious way to make even better use of this tool.

Thanks for your efforts on behalf of this important issue. If we can be of further assistance in support of your bill please do not hesitate to call on us.

Sincerely,

Carolyn Zogg
