Re: Request to schedule HB 197

HB 197, a measure introduced by the House Labor and Commerce Committee, is currently before the House Rules Committee. I am writing to request that you schedule HB 197 for a vote before the full House at your earliest convenience.

HB 197 requires that state bid documents designate a delivery point for supplies within the state unless the Department of Administration determines that it is in the best interest of the state to designate a delivery point outside of Alaska.

HB 197 has a zero fiscal note and is strongly supported by local businesses, particularly the Alaska Manufacturers Association. This is a simple bill that doesn't cost anyone anything and it may help Alaska businesses to more fairly compete for state funded procurement contracts.

Please call me or Ginger Baim at 4954 if you have any questions or need additional information.

## MEMORANDUM

Re: Proposed Committee Legislation - Delivery of supplies

The enclosed draft bill, identical to HB 197 of last year, requires that state bid documents designate a delivery point for supplies within the state unless the Department of Administration determines that it is in the best interest of the State to designate a delivery point outside of Alaska.

The measure is strongly supported by local businesses, particularly the Alaska Manufacturers Association. This is a simple bill that doesn't cost anyone anything and it may help Alaska businesses to more fairly compete for state funded procurement contracts.
