Approved by Commissioner: Arthur English
Agency: Department of Public Safety

Date: 3/9/89

Analysis:

There are 70,000 veterans living in Alaska according to the Veterans Administration. It is difficult to estimate with any degree of accuracy how many would want this type of license plate. For purposes of this fiscal note the Division will estimate that 10,000 veterans will request the plate during the first year and in subsequent years the requests will be 2,000 annually.

These plates will be available at most offices in the State and the workload will be spread among the offices. The overall increase in workload would be the equivalent of one full-time position to change 10,000 vehicle record and perform other administrative tasks associated with the new program. This position will be in Anchorage where the majority of the registrations will be done. This position will only be needed for the first year of the program.

It is estimated 200 of the Purple Heart Recipient plates will be requested in FY90 and 50 each FY thereafter. Due to the small order, the cost would be \$7.00 per set of license plates. The cost for FY90 is \$7.00 per set of plates x 200 = \$1,400, plus postage at \$1.76 x 200 to mail the plates to applicants = \$352.

The breakdown of costs for the first year is as follows:

Personnel

| | |
|---|--------|
| 1 PFT Motor Vehicle Representative I/II, Range 9 | \$32.6 |
|---|--------|

Contractual

| | |
|---|------|
| 10,000 veteran plates @ \$5.00 | 50.0 |
| 200 Purple Heart @ \$7.00 | 1.4 |
| Shipping veteran plates to 30 offices | 1.0 |
| Postage @ \$1.76 per set to mail Purple Heart plates to applicants | .4 |
| APSIN network charges | 2.5 |

Equipment

| | |
|----------------------------|-----|
| APSIN terminal and printer | 3.0 |
|----------------------------|-----|

| | |
|-------|--------|
| TOTAL | \$90.9 |
|-------|--------|

After the first year the on-going costs will be \$10,000 for 2,000 veteran plates at \$5.00 each, and \$500.00 for purchase and mailing of 50 Purple Heart plates.

Revenue

A fee of \$30.00 over and above the cost of regular vehicle registration will be charged when the veteran and Purple Heart recipient license plates are originally issued. Using the estimate of 10,000 veteran and 200 Purple Heart recipient plates the first year the revenues would be 10,200 x \$30 for a total of \$306,000. After the first year revenue would be for 2,050 plates per year x \$30 for a total of \$61,500.

JAN 15 1989
COMMUNICATIONS SECTION

The Department's position on HB-11, An Act relating to the issuance of special registration plates to veterans, is neutral.

The Department does not dispute the concept that there are many special groups or organizations deserving of special recognition by the State. We currently stock and issue 29 different types of plates and there are an additional 10 types either pending or proposed in new legislation. Since each has special requirements, this adds to the complexity of the registration system.

Another concern is the cost associated with any new plate issue. The purchase cost of the plates is higher than regular plates due to the low volume and special designs. In addition significant overhead costs are incurred in ordering, stocking, data entry changes, and special requirements on initial issuance. The best comparison could be made in the retail market where major brand name products cost more than generic products. Usually the Department is required to absorb these costs since the volume when each type is considered separately is low. When all special plates are considered together, they do have an impact that decreases efficiency.

A large portion of these concerns can be alleviated if there is an initial fee charged for these plates in much the same manner as is done for personalized plates. This amount can be appropriated to pay the costs of the program. This will prevent the program from causing a decline in the level of service for all other vehicle registrants.

The Honorable Terry Martin
Alaska State Legislature
3960 Reka Drive, B6
Anchorage, Alaska 99508

Dear Representative Martin:

Thanks for the preview of the Veterans license plates. There are many deserving organizations in the state who, I am sure, would like to have their own distinctive plates. The question is where do we draw the line. Or do we?

The cost of the license plates is fairly nominal. Although the Pearl Harbor Survivor plates are nearly three times the cost of our regular passenger plates, due to low volumes, the pair of plates still cost the state only \$7.28. The significant cost is getting the plate to the applicant.

Since it is difficult, and expensive, to maintain stocks of special plates in each division field office, all special plates are handled in the Special Programs section located in the Anchorage headquarters office. Required staff reductions in that section over the last few years have severely hampered our ability to take on new programs such as the one proposed. And with the revenue derived from such programs going to the General Fund, the programs are not self-supporting.

According to the Director of Veterans Affairs, there are approximately 70,000 veterans in Alaska. My guess is that no more than 10,000 would apply for the plates. Figure a cost of \$7.00 per pair of plates plus a \$1,000.00 initial set-up fee. Additionally, clerical costs for processing must be included, along with associated costs for computer program changes, data entry, and, possibly, warehousing.

I really have no objection to these or other specialized license plates, so long as those obtaining the plates pay for them, and so long as a portion of those funds can be used to pay for the program. I must also consider whether handling such special programs causes a decline in our level of public service.

Thanks again for letting me get in on the early stages.

Sincerely,

Jay N. Dulany

Sec. 28.10.165. Souvenir winter olympics plate. The department may issue a souvenir Winter Olympics commemorative license plate. A person may not attach a souvenir plate to a motor vehicle in the manner described in AS 28.10.171 for attachment of registration plates. The department shall charge a fee of \$30 for each plate issued under this section. The commissioner of administration shall separately account for fees received under this section that the department deposits in the general fund. The legislature may appropriate the annual estimated balance in the account to the Alaska sports fund established under AS 05.35.150. (§ 2 ch 24 SLA 1988)

Cross references. — For legislative intent regarding appropriation of proceeds from sale of Winter Olympics plates, see sec. 1, ch. 24, SLA 1988 in the Temporary and Special Acts; for approval of design of plates, see sec. 9, ch. 24, SLA 1988 in the Temporary and Special Acts.

*** Sec. 28.10.181. Registration of unique and special vehicles and vehicles used for special purposes.** (a) The department shall register unique and special vehicles and vehicles used for special purposes and issue registration plates as provided in this section. Notwithstanding other provisions of this chapter, registration plates issued under this section remain with the person or organization to whom they are issued when vehicle ownership is transferred or title or interest in the vehicle is assigned, except for plates issued under (b), (h) and (i) of this section. Registration plates issued under this section may not be used on, or transferred to, a vehicle other than the vehicle for which the plates are issued without the approval of the department

and payment of any required fees and taxes prescribed in AS 28.10.421(d), 28.10.431 and 28.10.441; however, if the plates issued under (c), (f) and (j) of this section are transferred to a vehicle for which the registration fee is more than the fee for the vehicle from which the plates are transferred, the owner shall pay the difference between the two fees. Registration plates issued under this section to which a person is no longer entitled or the transfer of the plates to another vehicle which the department does not approve shall be returned immediately to the department by the person or organization to whom the plates were originally issued.

(b) Historic vehicles. The owner of an historic vehicle may make application for special registration under this subsection. The department, when satisfied that the vehicle meets the requirements for historic vehicle registration under regulations adopted by the commissioner, shall register the vehicle and issue two permanent registration plates of distinctive design and color bearing no date. These plates remain with the vehicle as long as it is registered under this subsection. Vehicles qualifying for registration under this subsection shall be issued registration plates numbered in a separate numerical series beginning with "Historic Vehicle No. 1."

(c) Special request plates. Upon application by the owner of a passenger vehicle, motorcycle, noncommercial van or pick-up truck, or motor home, the department shall design and issue registration plates containing a series of not more than six letters or numbers or combination of letters and numbers as requested by the owner. The department may, in its discretion, disapprove the issuance of registration plates under this subsection when the requested symbols are a duplication of an existing registration or when the symbols are considered unacceptable by the department.

(d) Vehicles owned by disabled veterans and handicapped persons. A person who presents to the department written proof that the person is at least 70 per cent disabled or medically handicapped and should be given special consideration by the public with respect to the parking or standing of the person's vehicle in designated spaces, may register one passenger vehicle without charge. The proof required under this subsection may consist of evidence that the person receives at least 70 per cent disability compensation from a government agency at the time of registration or an affidavit signed by a physician licensed to practice medicine in this state. Upon the request of the applicant the department shall issue a specially designed registration plate which displays

(1) recognition of the disabled veteran if the applicant's disability originated from the applicant's service with the armed forces of the United States; or

(2) the standard handicap symbol (the wheelchair logo).

(e) Vehicles owned by the state, municipalities, and charitable organizations of the state. Every certificate of registration and registration plate issued to the state, a municipality or charitable organization of the state is in effect until the vehicle for which the registration certificate and plate were issued is no longer owned and operated by the state, the municipality or the charitable organization of the state or until the department, in its discretion, declares its expiration. The state, municipality or charitable organization of the state shall maintain a current listing of all vehicles registered to it in the order of the registration number assigned to each vehicle, and shall provide a copy of the listing to the department upon request. The listing shall include a description of each vehicle and other identifying information required by the department. Registration plates issued under this subsection shall be of a distinctive design and numbering system. For the purposes of this subsection, "charitable organization" means a non-profit association, corporation, society or other entity organized, incorporated or headquartered in the state for educational, cultural, scientific or other charitable purposes, as prescribed in regulations of the department.

(f) Vehicles owned by elected state officials. The department shall issue special registration plates to each incumbent elected state official for display on noncommercial motor vehicles owned and driven by the official. The department shall number or design the plates so that registration by an elected state official is indicated upon the plates. The registration plates issued under this subsection remain with the owner of the vehicle only during the official's term of office.

(g) Vehicles owned by consular officers of foreign governments. A vehicle owned by a consular officer of a foreign government shall be issued registration plates displaying the title "consular corps" or "cc." However, the commissioner may waive the registration of consular vehicles and the payment of fees and taxes when consistent with international treaties or agreements.

(h) Vehicles owned by ranchers, farmers, and dairymen. A vehicle not exceeding an unladen total gross weight of 16,000 pounds, owned by a person deriving the person's primary source of livelihood from the operation of a ranch, farm, or dairy where the person resides full-time, and which vehicle is used exclusively to transport the person's own ranch, farm, or dairy products to and from the market or to transport supplies, commodities or equipment to be used on the person's ranch, farm or dairy, may be registered under this subsection and may be issued registration plates of a distinctive design or system of numbering.

(i) Amateur mobile radio station vehicles. A validly licensed amateur radio operator who presents satisfactory proof that the owner holds an unexpired Federal Communications Commission amateur radio operator's license of any renewable class, and who presents sat-

isfactory proof that the vehicle contains or carries an amateur radio transmitter and receiving unit of a type applicable to the license class applied for, and who is permitted by law to operate a fixed station, may register one amateur mobile radio station vehicle for each radio license issued by the federal government and may receive for the vehicle distinctive registration plates instead of regular registration plates. The number on the plates shall be the radio call sign of the owner.

(j) Vehicles owned by dealers. A state-registered and bonded vehicle dealer may apply for dealer registration plates. A plate issued under this subsection may be used only on dealer-owned vehicles during the routine and normal course of the dealer's business, excluding service vehicles, or for transporting an unregistered vehicle from a port of entry to the dealer's facilities or from one dealer to another or, in the case of a house trailer, from the retail facility to a trailer space. If the dealer sells or transfers the vehicle, the dealer plates may be used on the vehicle by the new owner or transferee for a period of not more than five days after the sale or transfer. The department may seize the dealer plates if it has reason to believe that the plates are being used to defeat the purposes of, or are in violation of, this chapter.

(k) Occasional users of highways. The department may issue a license to the owner of a vehicle which is only occasionally used on a highway. The applicant must show to the satisfaction of the department that the vehicle to be licensed under this subsection will travel upon state highways less than five per cent of its total hours of operation. The department may not issue more than two licenses under this subsection to a single person.

(l) Vehicles owned by Pearl Harbor survivors and former prisoners of war. The department, upon receipt of written proof, shall issue without charge special registration plates for one noncommercial motor vehicle to a person who was on active military duty in Pearl Harbor on December 7, 1941, or who has been a prisoner of war during a declared war or other conflict, as determined by the Department of Defense under federal regulations. The design and color of the Pearl Harbor survivor or prisoner of war plates shall be solely within the discretion of the commissioner.

(m) Special request plates for Alaska National Guard personnel. Upon application by the owner of a passenger vehicle, noncommercial van or pick-up truck, or motor home who presents satisfactory proof of current membership in the Alaska National Guard, the department may design and issue registration plates that identify the vehicle as registered to a member of the Alaska National Guard. The owner shall return the registration plates to the department within 10 days following discharge from the Alaska National Guard.

(n) Special request Winter Olympics commemorative plates. The department shall issue registration plates commemorating the Winter

HOUSE BILL NO. 352
BY MESSRS. BRUNEAU, BRADY, MCCLEARY,
MELANCON, PATTI, AND THERIOT
AN ACT

To amend and reenact R.S. 47:463.18, relative to the issuance of special prestige license plates, to provide for the issuance of special prestige license plates for veterans and retired veterans of the armed forces of the United States, and to provide for related matters.

Be it enacted by the Legislature of Louisiana:

Section 1. R.S. 47:463.18 is hereby amended and reenacted to read as follows:

§463.18. Special prestige license plates for veterans and retired veterans

The secretary of the Department of Public Safety and Corrections shall establish special prestige license plates for motor vehicles, restricted to passenger cars, pickup trucks, and vans, which may be issued to any veteran or retired veteran of the armed forces of the United States upon the veteran's application. The prestige license plate shall be of a color and design selected by the Veterans' Affairs Commission of the state of Louisiana and shall bear the name of the appropriate branch of the armed service.

A. The prestige license plates shall be issued in the same manner as other motor vehicle license plates. Retired members of the armed services of the United States applying for the plates shall present to the issuing official a copy of their active duty retirement orders or other proof of retirement from active service with one of the armed forces of the United States. Veterans of the armed services of the United States who are not retired shall present to the issuing official a copy of their discharge from active service with one of the armed forces of the United States. The charge for the prestige license plate shall be the same as for regular license plates.

B. The prestige license plates shall be used only upon personally or jointly owned private passenger cars, pickup trucks, and vans registered in the name, or jointly in the name, of the member making application, and when issued to the applicant shall be used upon the vehicle for which issued in lieu of the standard license plate normally issued for the vehicle. The prestige license plate issued hereunder shall not be transferable between motor vehicle owners. In the event the owner of a vehicle bearing the distinctive plate shall sell, trade, exchange, or otherwise dispose of it, the plate shall be retained by the owner to whom issued and by him returned to the issuing official.

C. The secretary shall promulgate such rules and regulations as necessary to implement the provisions of this Section. Oversight review of the secretary's proposed rules and regulations shall be conducted by the Joint Legislative Committee on Transportation, Highways and Public Works.

Dear Mr. Harrington,

The following information concerning the U.S. Veteran and Retired Veteran license plate is being provided as requested in your correspondence of September 22, 1988.

Revised Statute 47:463.18 (See attached copy) which allows the issuance of the above referenced license plates was passed in the 1987 Legislative Session. However, we did not begin issuing these plates until April, 1988. At the present time, we have issued approximately 4,000 of these plates.

In order to obtain the plate, the applicant has to submit a copy of the discharge papers (DD 214) showing an honorable discharge for a veteran license plate and a copy of the retirement orders for the retired veteran license plate. The plates are issued for private passenger automobiles, pickup trucks and vans. The fee for the special license plate is the same as regular plates (\$12.00 - Automobiles, \$40.00 - Pickup trucks & Vans). This is for a 4 year registration period. The plate bears the appropriate branch of armed service for which the veteran served. See attached copy of a veteran license plate and a retired veteran license plate. The branches of service for which we issue the plates are: Navy - Navy Retired, Army - Army Retired, USMC - USMC Retired, USAF - USAF Retired and USCG - USCG Retired.

Dear Terry:

Recently I attended the national convention of the Fleet Reserve Association at San Jose, California.

While there I observed an auto driven by a Shipmate from the state of Louisiana. My attention was drawn to the license plate which bore not only the usual identification numbers and year of registration, but the word "NAVY" and also the word "RETIRED" was prominently engraved on the plate. The word "VETERAN" may also appear, depending upon the circumstances.

I considered this an intriguing idea to identify Alaska veterans in a special way. Upon my return to Anchorage I corresponded with the Louisiana Department of Motor Vehicles at Baton Rouge. I requested information concerning the program, and a copy of the law, statute, regulations, rules, etc.

For your information I am enclosing a copy of the letter responding to my request, and a copy of the laws of Louisiana concerning this matter. Perhaps this program could be developed for veterans of the various branches of the U.S. military services here in Alaska.

If you require any assistance regarding this matter, or if more information is needed, please call me.

Sincerely, in
LOYALTY-PROTECTION-SERVICE

Rep. Terry Martin
Ak State House Legislative Office
3111 C Street
Anchorage, AK 99503

Dear Mr. Martin:

The members of the executive board of The Last Frontier Chapter of the Association of the U S Army support Jeremiah Harrington's initiative to convince the State of Alaska to issue vehicle license plates similar to those issued by the State of Louisiana. His letter to you of October 14, 1988 explains the plates in detail. Thankyou for your help in achieving this worthwhile goal.

Sincerely,

A handwritten signature in cursive script that reads "Carl Bradford Jr".

Carl Bradford Jr
President,
Last Frontier Chapter

PROPOSED CHANGES BY CS HB 11

Page 1, Line 20 has been amended to read:

..... \$10;
plus the fee required for that vehicle under (b) of this
section; the fee required by this paragraph shall be
collected only on the first issuance and on the
replacement of special request plates.

Summary of changes

The above change stipulates the amount persons applying for veterans license plates would be charged. Upon application for veterans license plates, a person would be charged a fee of \$45.00 (\$10.00 for the special veterans plates and a \$35.00 annual registration fee) The \$10.00 fee is a one time only charge and therefore only the \$35.00 annual registration fee would be paid in subsequent years.

Analysis:

There are 70,000 veterans living in Alaska according to the Veterans Administration. It is difficult to estimate with any degree of accuracy how many would want this type of license plate. For purposes of this fiscal note the Division will estimate that 10,000 veterans will request the plate during the first year and in subsequent years the requests will be 2,000 annually.

These plates will be available at most offices in the State and the workload will be spread among the offices. The overall increase in workload would be the equivalent of one full-time position to change 10,000 vehicle record and perform other administrative tasks associated with the new program. This position will be in Anchorage where the majority of the registrations will be done. This position will only be needed for the first year of the program.

The breakdown of costs for the first year is as follows:

Personnel

| | |
|---|--------|
| 1 PFT Motor Vehicle Representative I/II, Range 9 | \$32.6 |
|---|--------|

Contractual

| | |
|------------------------|------------|
| 10,000 plates @ \$5.00 | 50.0 |
| Shipping to 30 offices | 1.0 |
| APSIN network charges | <u>2.5</u> |

Equipment

| | |
|----------------------------|-----|
| APSIN terminal and printer | 3.0 |
|----------------------------|-----|

| | |
|-------|--------|
| TOTAL | \$89.1 |
|-------|--------|

After the first year the on-going costs will be \$10,000 for 2,000 plates at \$5.00 each.

Revenue

A fee of \$10.00 over and above the cost of regular vehicle registration will be charged when the veteran license plates are originally issued. Using the estimate of 10,000 veteran plates the first year the revenues would be 10,000 x \$10 for a total of \$100,000. After the first year revenue would be for 2,000 plates per year x \$10 for a total of \$20,000.

Although the plates will be available at offices throughout the state, the majority will be done in Anchorage, and that is where the position will be located.</p> <p>After the first year the position will no longer be needed, and the workload will be absorbed by the offices.</p> | | | |

CSHB 11(Trans)

Using an assumption that 10,000 veteran license plates would be sold the first year, following is the amount of revenue generated based on various price categories:

$$\$10 \times 10,000 = \$100,000$$

$$\$15 \times 10,000 = \$150,000$$

$$\$20 \times 10,000 = \$200,000$$

$$\$25 \times 10,000 = \$250,000$$

$$\$30 \times 10,000 = \$300,000$$

Using an assumption that 2,000 new veteran license plates would be sold the second and subsequent years, following is the amount of revenue that would be generated based on various price categories:

$$\$10 \times 2,000 = \$20,000$$

$$\$15 \times 2,000 = \$30,000$$

$$\$20 \times 2,000 = \$40,000$$

$$\$25 \times 2,000 = \$50,000$$

$$\$30 \times 2,000 = \$60,000$$

One factor not considered in the above estimates is the possibility that as the price for the veteran license plates rise, less veterans may choose to purchase the plates.
