POSITION PAPER

RE: House Bill 576

SPONSOR: House C&RA Committee

Program Effects of the Bill

The bill amends AS 29.35.020(a) by adding language which would authorize municipalities to exercise the power of fire protection outside their boundaries. Existing AS 29.35.020(a) authorizes municipalities to provide the following services outside their boundaries: parks, playgrounds, cemeteries, emergency medical services, solid and septic waste disposal, utility services, airports, streets (including ice roads), trails, transportation facilities, wharves, harbors and other marine facilities.

Comments

Extraterritorial powers have been added to AS 29.35.020 incrementally as needed or requested by municipal governments. This bill to permit fire protection powers appears to fit within this tradition and would clear up existing ambiguities as to the power of municipalities to exercise this service on an extraterritorial basis. The provision of this service is not expected to act as a deterrent to annexation, any more than the other powers listed under this citation.
