MEMORANDUM

TO: Representative Johnny Ellis
Chair, Rules Committee

FROM: Representative Max Gruenberg *Max*

DATE: March 6, 1991

SUBJECT: Scheduling of CSHB 9 (HESS), (TITLE AM)
the Anti-Tobacco Sample Bill

I would very much appreciate it if you would schedule CSHB 9 (HESS), the Anti-Tobacco Sample Bill, for a hearing as soon as it is possible.

Under the present law it is legal to give adults unsolicited free samples of cigarettes and other tobacco products.

This bill prohibits giving away tobacco products in order to promote retail sales except in limited circumstances, such as in tobacco shops or conventions.

Deaths and serious illnesses from tobacco use are some of society's most serious substance abuse problems. This bill discourages tobacco use by prohibiting this type of aggressive marketing.

This is the same bill that passed the House last year by a vote of 29-4 as HB 466.

If you have any questions, please call me or Mark Handley, my Legislative Assistant at ext. 4968.

Thank you.

CONTINUATION of FISCAL NOTE ANALYSIS

For Bill/Resolution No. HB 9

This bill amends AS 11.76 by adding a new section that provides that a person may not provide tobacco to another person without charge or for a nominal fee, for the purpose of promoting retail sales. The bill does allow a person to provide small samples of tobacco without charge or for a nominal fee to a person 19 years of age or older for the purpose of promoting retail sales, if the samples are provided in a retail store that sells primarily tobacco, or at trade shows or conventions from which the general public is excluded, or in conjunction with a separate sale of tobacco by a retailer, manufacturer, or distributor.

In the past, the tobacco industry represented that state jurisdiction of tobacco promotions is preempted by 15 U.S.C. 1334(b), which places responsibility for regulating tobacco advertising at the federal level. It is the Department of Law's view, however, that the distribution of free samples falls under 15 U.S.C. 1332(6), which places the responsibility for the regulation of the distribution of tobacco, whether for sale or not, at the state level. If the bill is approved and is then subsequently challenged in court, the department will handle a challenge using its existing staff. Consequently, fiscal note costs are not required.
