areas not near water.
Experience on ship construction -

Not object if logging at docks.

Why coming across border

Medical - no beds in B.C.
Retail - 2 logways
tariffs structured within
Canadian product must take up
a certain amount retail space.

Canadian R.V - 42-72 how periods
time prod allowable.

Trying to broaden out economy so
not so heavily dependent on retail.

Hudson

Great success story.
