Estimate of Current year impact: None

ANALYSIS:

Based on motor vehicle information this would affect approximately 350 disabled veterans in Alaska, at \$60 per permit it would reduce possible program receipts to the state by \$21.0. It would be impossible to predict the dollar effect if disabled veterans from the rest of the country were to take advantage of this free permit. An excessive usage could require the Division to take a look at a GF request in the future.

The Honorable Ivan Ivan, Chair  
House Military and Veterans Affairs Committee  
P.O. Box V  
Juneau, AK 99811

Dear Representative Ivan:

Subject: HB 179, providing for free use of state park campsites by disabled veterans.....

Position: The Department of Natural Resources supports this bill. We are, however, uncertain about the number of disabled veterans who will request a free park pass and, as a result, the amount of revenue that will not accrue to the state park system.

Background: The Division of Parks and Outdoor Recreation charges \$60 for an annual state park campground pass. The Division of Motor Vehicles informs us that 344 disabled veterans have Alaska motor vehicle licenses. Veterans with motor vehicles would be the most likely users of state park campground passes. We do not know the nationwide total of motor vehicles licensed to disabled veterans.

Recommendation: We suggest the Department be required to report to the Legislature each January on the number of passes issued to disabled veterans during the previous calendar year.

Sincerely,

  
Harold C. Heinze  
Commissioner
