SENATE LABOR & COMMERCE COMMITTEE

LETTER OF INTENT

CSSB 184 (L&C)

THE SENATE LABOR & COMMERCE COMMITTEE IS CONCERNED ABOUT THE IMPACT OF THE CORRECTIONAL INDUSTRIES PROGRAM ON EXISTING PRIVATE SECTOR BUSINESSES. IT IS THE INTENT OF THE COMMITTEE TO MEET WITH CORRECTIONAL INDUSTRIES REPRESENTATIVES AND THE CORRECTIONAL INDUSTRIES COMMISSION DURING THE INTERIM TO ASCERTAIN COMPLIANCE WITH THE LEGISLATIVE INTENT OF ONLY INSTITUTING PROGRAMS THAT HAVE A MINIMAL IMPACT ON THE PRIVATE SECTOR. FURTHER, THE CORRECTIONAL INDUSTRIES PROGRAM SHOULD CONTRACT WITH ALASKA PRIVATE ENTERPRISE TO WHOLESAL AND RETAIL THE PRODUCTS IT MANUFACTURES.

CS FOR SENATE BILL NO. 184 (HES)

IN THE LEGISLATURE OF THE STATE OF ALASKA

SEVENTEENTH LEGISLATURE - FIRST SESSION

BY THE SENATE HEALTH, EDUCATION AND SOCIAL SERVICES COMMITTEE

Offered: 5/6/91
Referred: Finance

Sponsor(s): SENATOR DUNCAN

A BILL

FOR AN ACT ENTITLED

1 "An Act relating to correctional industries and the Correctional Industries Commission;
2 continuing the correctional industries program; and providing for an effective date."

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

4 * Section 1. AS 33.32.070(a) is amended to read:

5 (a) The Correctional Industries Commission is established to provide general policy
6 direction to the correctional industries program through the commissioner of corrections. The
7 Commission consists of nine [EIGHT] members, seven [SIX] of whom shall be appointed by the
8 governor to serve staggered terms of four years. The appointed members must include one
9 representative each from manufacturing, retail and wholesale marketing [PRIVATE
10 INDUSTRY], agriculture, and the general public; one ex-offender; and two representatives from
11 organized labor, one of whom must be from the building trades and one of whom must be from
12 the service industries. The representatives of manufacturing and retail and wholesale
13 marketing must be associated with businesses that are affected by the correctional industries
14 program. The commissioner of administration is also a member, as is the commissioner of

1 corrections who shall serve as chairperson.

2 * Sec. 2. AS 33.32.080(b) is amended to read:

3 (b) The Correctional Industries Commission shall hold public hearings to provide an
4 opportunity for persons or organizations who may be affected by the plans of the correctional
5 industries program to appear and present testimony concerning those plans. The Correctional
6 Industries Commission shall hold a hearing under this section when the correctional
7 industries program proposes either entering into a new area of industry or expanding the
8 scope of an existing area of industry beyond the scope considered at a previous hearing.

9 The Correctional Industries Commission shall adopt rules governing the conduct of those
10 hearings, including provisions to assure that adequate public notice of the hearing is given before
11 the hearing. The Correctional Industries Commission may also hold public hearings under these
12 rules on any matter within its jurisdiction. Rules adopted under this subsection are not subject
13 to the Administrative Procedure Act (AS 44.62).

14 * Sec. 3. AS 39.50.200(b) is amended by adding a new paragraph to read:

15 (52) Correctional Industries Commission (AS 33.32.070).

16 * Sec. 4. Section 7, ch. 53, SLA 1982, as amended by sec. 1, ch. 25, SLA 1987, is amended to read:

17 Sec. 7. AS 33.32 is repealed July 1, 1995 [1991].

18 * Sec. 5. As of the effective date of this Act, the term of the current member of the Correctional
19 Industries Commission representing private industry under AS 33.32.070(a), before its amendment by
20 sec. 1 of this Act, is terminated. The governor shall immediately appoint a new member to represent
21 manufacturing and a new member to represent retail and wholesale marketing, under AS 33.32.070(a),
22 as amended by sec. 1 of this Act.

23 * Sec. 6. Except as provided in sec. 5 of this Act, this Act takes effect immediately under
24 AS 01.10.070(c).

MEMORANDUM

May 1, 1991

SUBJECT: CSSB 184 (HES)

TO: Senator Arliss Sturgulewski
Chair, Senate HESS Committee
Attn: Melissa Fouse

FROM: John B. Gaguine *JBG*
Legislative Counsel

Enclosed is a draft CSSB 184 (HES), changing the sunset date for the Correctional Industries Commission, as you requested. It also contains a new section 5, providing that section 1 of the bill, expanding the commission to nine members, takes effect on the date of the expiration of the term of the private industry representative.

It was our oversight that this new section was not included in the L&C CS. Without it, it was unclear what would happen to the existing private industry representative if he or she did not meet the qualifications of section 1 - i.e., did not represent manufacturing or marketing, or did not represent a business affected by the correctional industries program. The new section makes it clear that the private industry representative can continue to serve until the end of his or her term, and the expansion of the commission will not occur until then.

If I may be of further assistance, please advise.

From: Senator Jim Duncan

Subject: Hearing for Senate Bill 184

Date: May 3, 1991

I request the earliest possible hearing for Senate Bill 184, An act relating to correctional industries.

Senate Bill 184 is an attempt to address concerns by private enterprise in our state with the Correctional Industries Program.

The Senate Labor and Commerce Committee made a number of changes in its committee substitute as the result of the working group meeting in which you participated.

Section 1 amends 33.32.070(a) and adds an additional business representative to the commission. The seats are designated as manufacturing and retail and wholesale marketing and a stipulation is included that these representatives be associated with businesses impacted by the correctional industries program.

Section 2 amends AS 33.32.080(b) to add new language requiring the Commission to conduct a public hearing before it enters into a new industry or expands an existing industry.

Section 3 includes the sunset provisions incorporated from SB 227 sponsored by Senator Kerttula. In its committee substitute, the Senate Health, Education and Social Services Committee extends the life of the commission until July 1, 1995 rather than July 1, 1993. This reversed an amendment by the Senate Labor and Commerce Committee to reduce the sunset to July 1, 1993.

Section 4 makes commission members subject to the state's conflict of interest laws as outlined in AS 39.50.

The Senate HESS Committee changed Section 5 in its committee substitute. This section requires the Governor to terminate the current business representative on the Commission and immediately appoint new members to represent "manufacturing" and retail and wholesale marketing.

The Labor and Commerce Committee adopted intent language stating that it intends to meet with the Correctional Industry Commission and its

representatives during the interim "...to ascertain compliance with the legislative intent of only instituting programs that have a minimal impact on the private sector." The intent section also calls on Correctional Industries to contract with Alaska private enterprise for the retail and wholesale of products it manufactures.

Current law directs the Department of Corrections to establish programs which have a "minimal negative impact on existing private industry or labor force in the state." I feel the Correctional Industries Commission has not properly gauged the impact of its' programs on Alaska's private enterprise or labor force. I have specific concerns about the furniture manufacturing program. Appeals to the Department of Corrections and the Commission to review the impact of this program have been unsuccessful. This program has been expanded since its initiation several years ago. It is not clear if the Commission ever took steps to properly gauge the impact on private enterprise when it decided to expand this program.

In my dealings with the Department of Corrections over the past several months concerning this problem, it appears the main justification for the furniture manufacturing program is that it is working in other states. I agree that this program may work in areas with larger populations and diversified economies. Such a program may truly have a minimal negative impact in those areas, but not in Alaska. Alaska's economy is not nearly as sophisticated. Private business relies very heavily on state government. I do not feel the impact of this program in states such as California and Arizona can be applied to Alaska. The situations are very different and I don't believe this difference has been properly gauged in our state.

Your favorable consideration of my request is appreciated.

ALASKA CORRECTIONAL INDUSTRIES

LEGISLATIVE REPORT

March 12, 1991

INDUSTRIES OPERATIONS:

The Alaska Correctional Industries program had an active operation by the end of February, 1991 in the following industries:

1. Juneau Commercial Laundry
2. Kenai Metals Plant
3. Kenai Furniture/Office Systems Panels Plant
4. Palmer Farm/Green House Operation
5. Palmer Auto-Body Repair Shop
6. Palmer Mt. McKinley Meat Plant
7. Fairbanks Garment/Flat Goods Shop
8. Seward Furniture Plant

The employment of 160 inmates at the end of February, 1991 represents an increase of 6.6% over the prior year's employment level. This represents employment of approximately 6% of the state's incarcerated inmate population. Since our programs inception in 1982, the program has continued to expand and now in fiscal year 1991 is operating eight industries in six separate locations. Year-to-date in January, the Correctional Industries Program had provided 157,410 hours of inmate labor in the production of its services and products.

REVENUE SALES:

FY-88	\$1,827,000
FY-89	\$1,655,000
FY-90	\$1,970,154

The products and services produced by Alaska Correctional Industries are available to local, state, and federal government, school districts, non-profit organizations, and approved designated wholesalers. This year's year to date gross sales as of January was established at approximately \$1.2 million. projections for this fiscal year's gross sales is anticipated to approach \$2.3 million.

LEMON CREEK CORRECTIONAL CENTER:

The Juneau Commercial Laundry Operation continues doing excellent work for the Alaska Marine Highway system, as well as meeting the correctional center's needs at the Lemon Creek and the Johnson Youth facilities. The Juneau Recovery Unit and the Shrine of St. Teresa are also active customers. Approximately 97% of this operation's business are receipts from the Alaska Marine Highway system who formerly had its laundry serviced in Seattle, Washington and Prince Rupert, Canada. The total operation's FY-90 Gross Sales of \$270,531 surpassed the FY-89 sales volume of \$243,789. The

Laundry's projection for FY-91 indicates a slight increase in gross sales. Due to labor intensity, the Commercial Laundry operation will remain as one of the mainstays of the Industries program.

Staffing: Two production managers and 29 inmate staff

WILDWOOD CORRECTIONAL CENTER:

The Kenai Metal Fabrication Plant came on line in 1986, but did not receive a large production order until 1987. At that time, the plant turned out the metal cell furniture order for the new Spring Creek Correctional Center at Seward, Alaska. The order was originally to be placed with a firm in Hayward, California, but the order was changed so that the correctional industries metal plant could produce the job. Steel was bought from local vendors, the finished products were trucked to the site by local vendors, and the local economy enjoyed an additional \$150,000 of purchases that would otherwise have gone to a California vendor. The plant currently has a small standard product line and will provide custom work for all qualified markets. In FY-90, the shop produced \$60,000 in fish incubator (Kotoi) boxes for the Department of Fish and Game that had previously been awarded to out of state vendors. This shop attained \$145,677 in gross sales which was a large increase over its FY-89 sales level of \$68,536 primarily due to the Fish and Game order.

Staffing: One production manager and 10 inmate staff

The Kenai Furniture Plant began limited operations in 1986 and came fully on line in 1987. Quality control measures have been improved and sales to the State of Alaska agencies have been successful. There are no wholesale sales to the private sector, although several inquiries from private vendors have been received and this market is under analysis for development. The standard products include the more institutional line of couches, chairs, end tables, data tables, conference tables, dorm furniture, and book cases. In January of 1991, the program received the necessary approvals to develop a product line of office panels systems furniture. This product line will replace a majority of products made at the Kenai facility. The current product line will be transferred to the new furniture facility in Seward. The Kenai furniture operation attained a FY-90 gross sales level of \$455,319. \$343,636 was expended to attain this level of sales with 73.5% or \$252,421 of total expenditures through Alaskan vendors.

Staffing: One production manager and 34 inmate staff

PALMER CORRECTIONAL CENTER

The Palmer Farm Operation was instituted as a correctional industry in 1984, and has made slow steady progress over the ensuing time. Additional acreage has been prepared to increase the harvest size to meet the needs of the Department of Corrections. The farm continued in FY-90 and FY-91 in selling potatoes and vegetables to Southcentral Correctional Facilities and other State Institutions

as well as flowers which are utilized by the Anchorage International Airport and for various state beautification projects. The very favorable growing conditions during last summer allowed a banner crop of 330 tons of potatoes to be harvested in FY-90. The very favorable crop success and available sales volume of \$66,753 allowed a modest profit for FY-90.

Staffing: one production manager and 10 inmate staff

The Palmer Auto-Body Repair Shop began as a correctional industry in 1984 with the purchase of new equipment that allowed the shop to produce repairs of commercially acceptable quality. The Auto-Body Shop continues to do all auto-body repair on state vehicles primarily in the Southcentral region of Alaska, providing fast turnaround and high quality work. During FY-90, this operation attained \$71,130 in gross sales. The program is currently working in conjunction with the DOT State Equipment Fleet staff to identify heavy equipment that could be refurbished by this operation to expand the capabilities of this industry.

Staffing: One production manager and 6 inmate staff

The Mt. McKinley Meat and Sausage Company operates in conjunction with the Palmer Correctional Center but is located within the town of Palmer. This operation was acquired under a lease agreement with the Division of Agriculture, Department of Natural Resources in 1987 and was brought back on line after sitting dormant for one year. The original private sector owner of the plant was losing in excess of \$1,000,000 per year due to high labor costs and too low a level of production. While the correctional industry operation has lost money in FY-87, 88, 89, and 90, the operation has continued to improve in its goal to be self-sufficient. Due to increased market demands involving the processing of reindeer, and the ability to sell wholesale to private sector entities, this plant should be able to break even during FY-91. The operation experienced \$910,795 in gross sales in FY-90 and it is estimated it will exceed \$1,000,000 in gross sales during FY-91. Mt. McKinley Meats has been well received by the Alaska Farmers and Stockgrowers Association and the association supports its continuation in providing a stable wholesale market for Alaskan meat products.

Staffing: Two production managers and 28 inmate staff

FAIRBANKS CORRECTIONAL CENTER

The Fairbanks Garment/Flat Goods Operation was approved for implementation in FY-90 and began operations in FY-91. This industry is now in operation and is providing products to the Department of Corrections only. This is due to the concerns of negatively impacting existing private sector businesses. Any additional markets for this operation will be opened only after evaluation by the Correctional Industries Commission and review by the Commissioner of the Department of Corrections. The operation currently produces inmate clothing and flat goods for institutional use. All capital expenditures to open this industry were financed through revenues from the correctional industries program. Year-to-date FY91 sales in January attained the level of \$41,929.

Staffing: One production manager and 15 inmate staff

SPRING CREEK CORRECTIONAL CENTER

The Seward Furniture Plant was developed in FY-90 and became fully operational in FY-91. As noted, this industry will manufacture the program's line of oak furniture that was previously produced at the Kenai Furniture Plant. The new facility will provide additional space and is more conducive to the manufacturing of wood furniture products.

Staffing: Two production managers and a current inmate staff level of 24

ADMINISTRATIVE FUNCTIONS

A Correctional Industries General Manager, Marketing Representative, and Accountant perform the day to day administrative functions of managing and coordinating the Correctional Industries Program. 3 inmates provide assistance in the clerical, marketing, and accounting functions.

OVERVIEW

The entire staffing (14 staff positions) of the correctional industries program is comprised of 11 production managers, 1 accountant, 1 marketing representative, and 1 general manager. The program operates under the supervision of the Director of Statewide Programs, Department of Corrections.

The Correctional Industries program operates under Chapter 32, Section 33 of the Alaska Statutes as approved by the legislature in 1982.

Alaska Correctional Industries has become a major resource to the State of Alaska by keeping tax dollars at home and by providing needed products at affordable prices. However, to an even greater extent, the value of the ACI program lies in its ability to return productive citizens to our society. By providing greater numbers of prisoners with work opportunities to learn employable skills and a positive work ethic, ACI helps to reduce recidivism and reduce the cost of incarceration.
