### MEMORANDUM

April 27, 1992

**SUBJECT:** Fitting SB 6 into the title of HB 16  
(Work Order No. 7-LS0019J)

**TO:** Senator Drue Pearce  
Attention: Bill Miles

**FROM:** Robert Glennon Casey  
Legislative Counsel

RGC  
4-27-92

### I. INTRODUCTION

You have asked whether SB 4 might fit under the title of HB 16. This memorandum discusses CSSB 4 (JUD) and CSHB 16 (JUD).

### II. SUMMARY

No.

### III. DISCUSSION

The contents of SB 4 would not be wholly described by HB 16's title, "An Act establishing the Alaska Racing Commission and authorizing parimutuel wagering at sanctioned events; and providing for an effective date."

First, SB 4 would set up an "Alaska Gaming Commission," rather than an "Alaska Racing Commission." The name difference would probably be sufficient to take SB 4 outside of HB 16's title.

Second, the functions of SB 4's Alaska Gaming Commission could not adequately be described as those of a racing commission. This is so, because SB 4 would vest the Alaska Gaming Commission with powers outside of the purview of racing. For example, there would be a new AS 15.13.340(a)(2) that generally authorized the Alaska Gaming Commission to "license, regulate, and supervise games of chance and contests of skill." Since there would be many games of chance and contests of skill

Senator Drue Pearce  
April 27, 1992  
Page 2

not falling under the heading of "racing," it would seem that the Alaska Gaming Commission would be a broader concept than HB 16's Alaska Racing Commission.

Finally, SB 4's contents do not concern any of the substantive items listed in HB 16's title. There is no provision for a racing commission or for parimutuel wagering.

#### IV. CONCLUSION

In conclusion, neither bill would fit inside of the other's title.

RGC:pl  
92-297.plm

## QUESTIONS ABOUT HB16 AND PARIMUTUEL WAGERING

### *What is parimutuel wagering?*

Parimutuel wagering is a system of betting which dates back to the mid 1800's. This type of wagering differs from typical gambling by virtue of the fact that the odds are not arbitrary. Parimutuel wagering occurs when all collective bettors pool their wagers together. The total amount wagered versus the individual bets determines the amount which is divided among the winners.

### *Where has support been shown for parimutuel wagering?*

Both the cities of Palmer and Wasilla had an advisory proposition placed on the ballot in the 1986 municipal election concerning parimutuel wagering. (please see attachments)

The results in Palmer were 62% in favor of the concept of local option parimutuel horse racing. The results in Wasilla were 63% in favor. Also, the Matanuska-Susitna Borough passed a resolution of support for local option parimutuel wagering.

### *What are some benefits of parimutuel wagering?*

The most obvious benefit would be the generation of the racing business itself by the private sector. Infrastructure, such as breeding, training, and racing facilities will be an incentive for the construction industry. Additionally, racing will create a destination and accompanying services for tourism activities. This business can also add an entertainment feature at events such as our state fairs.

### *How is parimutuel wagering different from other games of chance and skill?*

Oversight and regulation is much greater. The complexities of the wagering system and accompanying safeguards were built into it purposefully.

The most important thing about this type of racing is the controlled conditions which will guarantee the integrity of the race. Sophisticated racing equipment would be rented from outside; this is very normal procedure elsewhere, where racing is on a similarly small scale.

HB 16 legislates parimutuel guidelines which will disallow abuse. The regulatory nature of the Commission coupled with the required equipment enhance the parimutuel system to offset tampering and ensure security.

**What time frames are envisioned for development?**

After the local endorsement of the voters, preparation time could be six months to several years, depending on the level of development. A racing season would be for approximately 10 weeks, with both the Alaska and Tanana Fairs as the more probably exhibitions.

Parimutuel professionals tell us that an average scenario would include typically eight races a day, with eight entries per field. Estimates indicate that 270 animals would be required for a successful start up.

**What are the fiscal implications for parimutuel wagering?**

Our expectation for the fiscal note is relatively small, based on the assumption of a 10 week season. The Commission will be providing the initial professional expertise in the preparation of regulations, public hearings, and paperwork. Based on the development of races and facilities, the staffing requirements would follow the same growth curve.

**What is the role of the Alaska Racing Commission?**

The Commission will regulate racing and parimutuel wagering. Their wide range of regulatory responsibilities are outlined clearly in the bill, including their specific enforcement powers regarding prohibited acts and penalties.

The Commission shall adopt regulations; appoint officials; supervise and distribute the pool; ascertain standards for veterinaries, equipment, audits, and other related matters; license races; inspect racetracks and animals; establish dates, durations, locations, fees; account for all records, collections and disbursements; hire staff; compel witnesses; and appoint hearing officers.

**Who is a "typical participant" in parimutuel wagering?**

Studies have shown that participants are generally white collar workers with one or more years of higher education and an income of \$35,000 or more.

**Is parimutuel allowed in other states?**

Currently 37 states allow parimutuel wagering for either horse racing, dog racing, or both.

## CONTINUATION of FISCAL NOTE ANALYSIS

For Bill/Resolution No. CSHB 16 (JUD)

The changes incorporated in the House Judiciary Substitute for HB 16 include two significant differences from the original version of the bill that require comment.

First, Section 1 establishes the Alaska Racing Commission composed of five members appointed by the governor and confirmed by a majority of the legislature meeting in joint session. One member would be required to be experienced in the conduct of parimutuel wagering or horse racing; one member would be required to be experienced in law enforcement; one member would be required to be experienced in bookkeeping or accounting; and the two remaining members would be members of the public. The governor would be required to indicate which of the designated positions was being filled at the time of appointment. The bill would prohibit the governor from moving a member from one position to another without resubmitting the appointment to the legislature for confirmation. We believe that requiring that an appointment of a sitting member of the commission to be resubmitted for confirmation is an infringement on the governor's powers. This requirement should be dropped from the bill.

Second, Section 1 provides for the removal and suspension of members of the commission in proposed AS 05.45.030. This proposed statute would give the legislature the power to remove a member by a majority vote of the legislature meeting in joint session or by the governor with the consent of a majority of the legislature meeting in joint session. We believe that this provision violates the separation of powers doctrine of Alaska's Constitution. Consequently, this provision should be deleted from the bill.

Otherwise, our original analysis of January 30, 1991, which follows below, applies to the bill.

This bill amends AS 05 by establishing the Alaska Racing Commission and by authorizing parimutuel wagering at sanctioned horse race events. The bill provides that the commission, and its staff, would be responsible for regulating all sanctioned events under a comprehensive regulatory scheme that covers nearly every aspect of race operations and wagering. It is our view that a substantial body of regulations will need to be drafted and adopted to carry out the purposes of this bill. We are therefore requesting \$100,000, as a one-time expense, to handle the drafting effort. We believe that this is the minimum amount necessary to insure proper regulatory oversight, if this form of legalized wagering is authorized in the state. Outside counsel costs for this purpose average about \$150 per hour.

## CONTINUATION of FISCAL NOTE ANALYSIS

For Bill/Resolution No. CSHB 16 (JUD)

It is also our view that at some point the Department of Law will become heavily involved in the operations of the racing commission if horse racing becomes well established. For example, proposed AS 05.45.050, which spells out the duties and powers of the commission, provides that the commission's considerable regulatory activities shall be carried out in consultation with the attorney general. Furthermore, proposed AS 05.45.070 provides that the attorney general shall enforce the regulations of the commission.

Unfortunately, we cannot predict future legal costs because of our total lack of experience in this area. It is conceivable, however, that at least one civil attorney and one criminal attorney, plus support costs, could be required on a continuing basis due to future racing activity. Because of the severe budget constraints being felt by the department, it will be necessary to request additional funds when and if racing activities warrant, otherwise the department will not be able to fulfill its responsibilities to the Commission under this bill and the Commission's enforcement activities would come to a halt.

ANALYSIS: (Attach a separate page if necessary) CSHB 16(JUD) requires the Department of Public Safety to conduct criminal history records checks of members and employees of the Racing Commission and of license applicants and their employees. As there is a fee for this service, and the DPS budget contains authority to receive and expend these fees, there will be no additional cost to the Department of Public Safety.
