SB 355: "An Act to extend the Alaska Regional Economic Assistance Program."

The Alaska Regional Economic Assistance Program was created in statute in June 1988. The program was designed to facilitate economic development at the regional and local levels by establishing a network of designated public/private economic development organizations. These organizations, which came to be called Alaska Regional Development Organizations (ARDORs), are charged with developing and implementing strategies to encourage economic development within their regions. The program's underlying goal is the creation of private sector employment through local economic development and capacity building. The statute allows up to fifteen ARDORs to be designated statewide and provides matching grants of up to \$50.0 per year to each organization. Administrative support for the program, as well as professional and technical assistance to the ARDORs, are provided by staff of the Division of Economic Development. On the assumption that the ARDORs could become operationally and financially self-sufficient after five years of state support (FYs 89-93), the program was scheduled for repeal in July 1993.

Although some ARDORs have been operational since FY 89, many have come into existence within the last year and two significant regions of the state are still in the process of structuring appropriate organizations. ARDORs now encompass 67 percent of the state's land area and 93 percent of its population. Nearly 200 community and business leaders throughout the state serve on ARDOR boards of directors. While the goal of creating self-sufficient regional entities remains, it is the position of this department that it is in the best interest of the state to continue this modest level of support to a highly successful and popular program that is making a significant contribution to encouraging local responsibility for economic development planning and program implementation.

The department recommends extending the Alaska Regional Economic Assistance Program to July 1997.

MEMORANDUM

28 January 1992

TO: Senator Drue Pearce
Chair, Senate Labor & Commerce Committee

FROM: Senator Arliss Sturgulewski *AS*

I would greatly appreciate your scheduling of Senate Bil. 355 which extends the sunset date of the Alaska Regional Economic Assistance Program.

The purpose of this program is to encourage the formation of regional development organizations that address the economic problems of specific regions of the state and coordinate private and public resources to support economic development on a regional basis. In addition, the program is to provide assistance in local economic diversification and development efforts to encourage regions of the state to become economically self-sufficient.

Enclosed is information about the Alaska Regional Development Organizations and some of the projects that they have undertaken. This is a successful program and worthy of extension.

Please call Melissa Fouse of my staff if you have any questions. Thank you.

ALASKA REGIONAL DEVELOPMENT ORGANIZATIONS PROGRAM

The Alaska Regional Development Organizations (ARDOR) Program was established in statute in June 1988. Designed to facilitate economic development at the regional and local levels through a network of designated public/private economic development organizations, the program's underlying goal is the creation of private sector employment through local economic diversification and capacity building. The program reflects the "bottom up" approach to economic development which holds that sound economic development policy arises from local determination of economic development needs and priorities. **The statute allows up to 15 ARDORs statewide and only one organization may be designated within a region.** ARDORs must demonstrate their broad-based public and private sector support and they must prepare a detailed program of work to address regional economic development issues. **Matching grants of up to \$50,000 per year are available to designated ARDORs.** Technical and professional support services are provided to ARDORs by staff of the Division of Economic Development.

ARDOR FACTS

- o **13 ARDORs designated since 1989**
- o **93% of Alaska's population is represented by ARDORs**
- o **67% of Alaska's land area is included in ARDORs**
- o **More than 200 community leaders serve on ARDOR boards of directors**
- o **ARDOR program costs the state less than \$1.00 per capita**
- o **ARDORs encourage and support local responsibility for economic development planning and economic self-sufficiency**
- o **ARDORs are creating new jobs in every region**
- o **ARDORs are supporting new businesses in every region**
- o **ARDORs are supporting business education in Alaska's school systems**
- o **ARDORs are a critical linkage between local communities and state government for the examination and determination of economic development policy**

DESIGNATED ARDORs

- o **Kenai Peninsula Borough Economic Development District**
- o **Southwest Alaska Municipal Conference**
- o **Anchorage Economic Development Corporation**
- o **Southeast Conference**
- o **Northwest Arctic Borough Economic Development Commission**
- o **Bering Straits Economic Council**
- o **Interior Alaska Economic Development Council**
- o **Copper Valley Economic Development Council**
- o **Kuskokwim Economic Development Council**
- o **Arctic Development Council**
- o **Lower Kuskokwim Economic Development Council**
- o **Prince William Sound Economic Development Council**
- o **Lower Yukon Economic Development Council**

**Alaska Regional Development Organizations
Representative
Economic Development/Capital Projects
January 1992**

Anchorage Economic Development Corporation

Designated: April 11, 1989

- * Ship Creek Basin Redevelopment Project
- * Petroleum Visitors Center
- * Girdwood Water System Expansion/Alyeska Prince Hotel
- * Semiconductor Manufacture/Software Development Industry Promotion
- * Development of Anchorage as a Fish Processing, Transport and Industry Service Center

Arctic Development Council

Designated: March 1, 1991

- * Anaktuvuk Pass Lodge and Visitor Center
- * Business Development Technical Assistance Resulting in the Expansion or Startup of Local Transportation, Retail Grocery, Bed & Breakfast, and Marine Salvage Businesses in Barrow and Pt. Hope

Bering Straits Economic Council

Designated: January 11, 1990

- * Shishmaref Tannery Development & Marketing
- * Geophysical/Geological Mapping of Seward Peninsula
- * Port of Nome Development
- * Norton Sound Aquaculture Association
- * Elim Fish Hatchery
- * Regional Capital Projects Inventory
- * DOD Hazardous Materials Removal Project/Workforce Certification

Copper Valley Economic Development Council

Designated: November 1, 1990

- * Glennallen/Delta Electric Power Transmission Line
- * Copper Valley Summer Theater/Young Entrepreneur Program

Interior Alaska Economic Development Council

Designated: January 31, 1990

- * Alaska Railroad Spur and Loading Dock, Fairbanks
- * Ester Historical Restoration Project

- * Native Heritage Park and Tourism Facility, Nenana
- * Fairbanks Hospital Expansion Project
- * Technical Assistance to Over 472 Businesses and Non-Establishing or Expanding Businesses in Alaska

Kenai Peninsula Borough Economic Development District

Designated: February 22, 1989

- * Development of Kachemak Bay Shellfish Industry
- * Beluga Coal Fields Development
- * Harvest and Marketing of Beetle Killed Timber
- * Paint River Fish Ladder Development Project
- * Kenai Bicentennial Visitor and Cultural Center Development
- * Homer and Seward Port Development Projects

Kuskokwim Economic Development Council

Designated: February 15, 1991

- * Kalskags Gravel Quarry Development and Work Force Training Project
- * Russian Mission Truck Farm Development and Produce Marketing Project
- * Sleetmute Restaurant and Lodging Facility Development

Lower Kuskokwim Economic Development Council

Designated: September 17, 1991

This new ARDOR held its first board of directors meeting in December, 1991. In addition to producing community economic profiles and a regional economic development strategy the ARDOR is presently involved in the following regional development activities.

- * Kuskokwim Fisheries Market Development
- * False Pass Fishery Intercept Issue

Lower Yukon Economic Development Council

Designated: November 1, 1991

This new ARDOR will hold its first board of directors meeting and select an executive director in early February, 1992. The board will chart the course of work for the LYEDC for the following year, including the production of community economic profiles and a regional economic development strategy.

Northwest Arctic Borough Economic Development Commission

Designated: June 28, 1989

- * Upper Kobuk Birch Bark Basket & Dog Sled Cooperative

- * Northwest Arctic Borough Aquaculture Association
- * Expansion of Sikisulaq Springs Hatchery
- * Regional Ecotourism Development Plan (NPS)

Prince William Sound Economic Development Council

Designated: November 1, 1991

This new ARDOR held its first organizational meeting in November, 1991, at which a board of directors was elected and an executive director hired. In addition to commencing work on community economic profiles and production of a regional development strategy, the PWSEDC is involved in the following activities.

- * Valdez Fisheries Association, Value Added Processing Project
- * Technical Assistance to Individual Businesses Throughout Region

Southeast Conference

Designated: April 14, 1989

- * AMHS 20 Year System Plan, Full Funding and Implementation
- * Value Added Salmon Processing Utilizing New Microwavable Can Technology
- * Tongass Land Management Plan, Evaluation, Alternatives, Lobbying
- * Alaska/Canada Access Projects, Taku River and Bradfield Canal

Southwest Alaska Municipal Conference

Designated: April 6, 1989

- * Establishment of Southwest Alaska Tourism Council to Implement Regional Tourism Marketing Program
- * Recycling/Waste Management Studies to Identify Associated Business Opportunities and Implement Reduction Recommendations
- * Research, Education and Lobbying Activities to Insure Shoreside Allocation of Regional Fish Resources

ALASKA

DEPARTMENT OF COMMERCE AND ECONOMIC DEVELOPMENT

DIVISION OF BUSINESS DEVELOPMENT

ALASKA REGIONAL ECONOMIC ASSISTANCE PROGRAM GUIDELINES

The purpose of the Alaska Economic Assistance Program is to encourage the formation of Alaska Regional Development Organizations (ARDORs) that address the economic problems of specific regions of the state; coordinate private and public resources to support economic development on a regional basis; provide the state with information on regional economic issues and opportunities; and provide assistance to local economic diversification and development efforts to encourage economic self sufficiency among regions of the state.

Matching grants of up to \$50,000 per year for financial and technical assistance will be provided to each regional organization that qualifies.

The program is administered by the Department of Commerce and Economic Development, Division of Business Development. The Department stands ready to assist the Regional Organization in both the organization and operation of the ARDOR by providing information, data and technical assistance. This includes but is not limited to:

1. information, procedures, forms and other materials as required, on how to apply and qualify for Alaska regional development;
2. counseling and technical assistance to the regional economic organization in establishing and operating an Alaska regional development organization program; and
3. available data and information on the region's economy in support of the regional organizational efforts.

APPLICATION PROCEDURES

Applications for ARDOR designation and funding must be submitted on forms provided by the Department of Commerce and Economic Development.

Who May Apply:

The Department will accept applications from any organizations wishing to be designated as an ARDOR for a specific region and receive funding, as long as the applicant meets one of the following criteria:

1. A nonprofit corporation, including a regional Native non-profit corporation;
2. An association which can be composed of municipal governments, chambers of commerce, and/or local or regional development councils; or
3. A body formed by an organized municipality.

An Economic Development District formally recognized by the Economic Development Administration is automatically designated the ARDOR for the region it serves, but the district must still file an application for such designation.

(Revised 3/13/89)

The potentially thorny issues of delineating regions and recommending representative organizations is NOT the role of the state or the department. It makes much more sense that the establishment of regional boundaries and the development of ARDORS occur through local initiative. Each region should consist of communities with similar or related economic problems and opportunities and with the ability to work together to achieve common goals.

Where to Apply:

Division of Business Development
Department of Commerce and
Economic Development
P.O. Box D
Juneau, Alaska 99811
Phone: (907) 465-2017

Division of Business Development
Department of Commerce and
Economic Development
3601 C Street, Suite 722
Anchorage, Alaska 99503
Phone: (907) 563-2165

What to Submit:

Applications for designation as an ARDOR or for funding must be on forms provided by the Department of Commerce and Economic Development, Division of Business Development (see attached).

Application for ARDOR Designation. This application is used by applicants for the designation of an applicant as an ARDOR. In addition to the application form itself, the applicant will be required to submit the following:

1. A map delineating regional boundaries;
2. Regional population information;
3. A list of the membership of the Board of Directors for the ARDOR;
4. Bylaws of the regional organization;
5. Formal resolutions supporting the application;
6. A detailed project proposal and work program; and
7. Copy of the nonprofit incorporation papers.

Application for ARDOR Funding. This application will be used by applicants for funding the ARDOR program. A detailed budget for 12-month project period including identification of the source(s) of non-state matching funds must be included. **For first year funding, a funding application should be submitted with the application for ARDOR designation.**

When to Apply:

Applications for ARDOR designation and funding will be accepted by the department on a year-round basis. Funding applications will be processed on a "first come, first served" basis, until the appropriated funds are depleted.

Review Criteria:

Application for ARDOR Designation. When an APPLICATION FOR ARDOR DESIGNATION is received by the department, it will be evaluated to see if it complies with the program statutes and regulations, summarized below.

1. **Regional Size**—3 AAC 57.040 and AS 44.33.026(a)(2). The regional map and population information submitted must address the following information.

In general the region must form an economically viable unit with shared interests, resources, traditions, and goals. The region must contain the entire area of each municipality within the region and include at least one community with a population of 2,500 or more which serves as a regional supply, transportation, and financial hub. The region must be at least 12,000 square miles in area or have a total area population of 80,000 or more.

If the regional economic center does not include a population of at least 2,500 people, then supplementary information must be provided to justify that there is sufficient population and resources within the region to fulfill the intent of the program.

2. **Board Representation**—3 AAC 57.050 and AS 44.33.026(e). The board membership description should provide evidence that the region's economic, political and social interests are represented. The proposed board of directors should have both public and private sector representation on the board, including elected officials, business, service industries, transportation, labor, professions and educational institutions.
3. **Bylaws and Non-Profit Incorporation Papers**—3 AAC 57.060(a). The bylaws of the organization must be submitted and at a minimum, should describe: purpose of organization, board of directors, election of officers, duties of officers, meetings, and adoption and amendment of bylaws. If the organization has incorporated under the laws of the State of Alaska, a copy of the articles of incorporation should be provided. (Incorporation is not necessary.)
4. **Formal Resolutions supporting the Application**—3 AAC 57.060(a). Copies must be provided of formal resolutions supporting the applicant organization from three-fourths of the municipalities and villages and economic development organizations (such as chambers of commerce, OEDP committees, etc.) within the region. (Only those organizations which can be identified as being directly involved in business development or regional and/or community economic development activities need to pass resolutions.)
5. **Proposed ARDOR First Year Work Program and Budget**—3 AAC 57.090. The department anticipates that there will be more than one approach taken in the accomplishment of the various ARDOR programs. At a minimum the following must be included in the work program and budget: 1) the development of a Regional Development Strategy; 2) the completion of a set of economic profiles for every organized municipality in the region; 3) a detailed description of the work to be accomplished in the first year; 4) identification of the source of the required local match for receipt of the local share; and 5) a line item budget detailing expenditures for the total project.

NOTE: An APPLICATION FOR ARDOR FUNDING should accompany the APPLICATION FOR ARDOR DESIGNATION.

Application for ARDOR Funding. Once an ARDOR has been designated and funded, in subsequent years the ARDOR must annually file an APPLICATION FOR ARDOR FUNDING for continuation of funding. The Department will review the application to determine how well the ARDOR performed in the previous year's work program and will be looking at the details of the proposed work program for the the new year. This will include the review of: 1) the proposed work program for compliance with 3 AAC 57.090 (Functions and Responsibilities) and the ARDOR's Regional Development Strategy; 2) the proposed budget for the next year's program; and 3) identification of the source of the local matching share.

If an ARDOR submits an APPLICATION FOR ARDOR FUNDING for second year funding, the department will be especially interested in the progress being made on the Regional Development Strategy.

ARDOR DESIGNATION DECISION PROCESS

In order to process ARDOR designation applications in as orderly and efficient a manner as possible, the department has established the process described below. It is anticipated that if an APPLICATION FOR ARDOR DESIGNATION is filed with all the necessary information, exhibits and attachments; the application can be approved in approximately 45 days.

1. Application is received by the department.

—Day One—

2. Application is reviewed to see if the information required by regulation has been submitted (see Review Criteria above).

—Department has 10 days to review application—

3. If the department determines the application meets all requirements, Public Notice of Intent to designate an ARDOR is published.

—30 day public review and comment period—

4. If the department finds the application is deficient, competing applications are filed, or substantive objections are received during the public comment period, the application is returned to the applicant with an explanation as to what needs to be done to make the application satisfactory; but the process stops until the concerns are corrected.

Please Note: "It is not the responsibility of the department to mediate conflicts," 3 AAC.57.060(g). Any substantive objections or competing applications must be resolved by the applicant organization and a majority of the parties on record expressing the objections.

5. If there are no substantive objections or challenges registered during the 30 day public review period, the department will designate the applicant as an ALASKA REGIONAL DEVELOPMENT ORGANIZATION and execute a grant agreement.

—Department will sign the designation papers in 5 working days—

ARDOR FUNDING PROCESS

After the ARDOR has received its designation and first year funding, the following procedure will be used for processing an APPLICATION FOR ARDOR FUNDING in subsequent years:

1. at least 60 days prior to the end of its project year, the ARDOR should file an APPLICATION FOR ARDOR FUNDING with the department;
2. the department will review the application to assure compliance with program regulations (see review criteria above); and
3. if the review reveals no areas of concern, a new grant agreement will be executed with the ARDOR prior to the end of the existing project year. This new grant will go into effect upon the termination of the old.

In order for an ARDOR to receive funding, a grant agreement must be signed and executed by the ARDOR and the department.

ARDOR FUNDING POLICIES

Only one organization from a particular region can receive ARDOR grant funds. No more than 15 grants may be awarded by the department in a fiscal year. Grants of up to \$50,000 may be awarded to a designated ARDOR in a fiscal year. Applications for ARDOR funding are processed on a "first come, first served" basis. An organization that receives funding will have a first priority for funding in subsequent years. Nonfunded applications will have the next lower priority for funding in the next state fiscal year. The department, in its discretion, will adjust priorities and lower funding levels requested by previously funded ARDORs, to accommodate nonfunded applications. In FY 89, the department received \$300,000 to fund the program.

Grants are to be matched in cash, on a one-to-one basis with nonstate funds. Twenty percent of the match share, or \$10,000, whichever is less, must be from the municipalities and the private sector with the region. Under special circumstances, the department will review written requests from designated ARDORs to substitute up to twenty percent of the match requirement with in-kind services contributions for the first two years of funding. Such a request should be submitted with the APPLICATION FOR ARDOR FUNDING. The in-kind service contributions may not substitute for the municipalities/private sector contribution requirement listed above.

See 3 AAC 57.070 (Funding Procedures) for additional information.

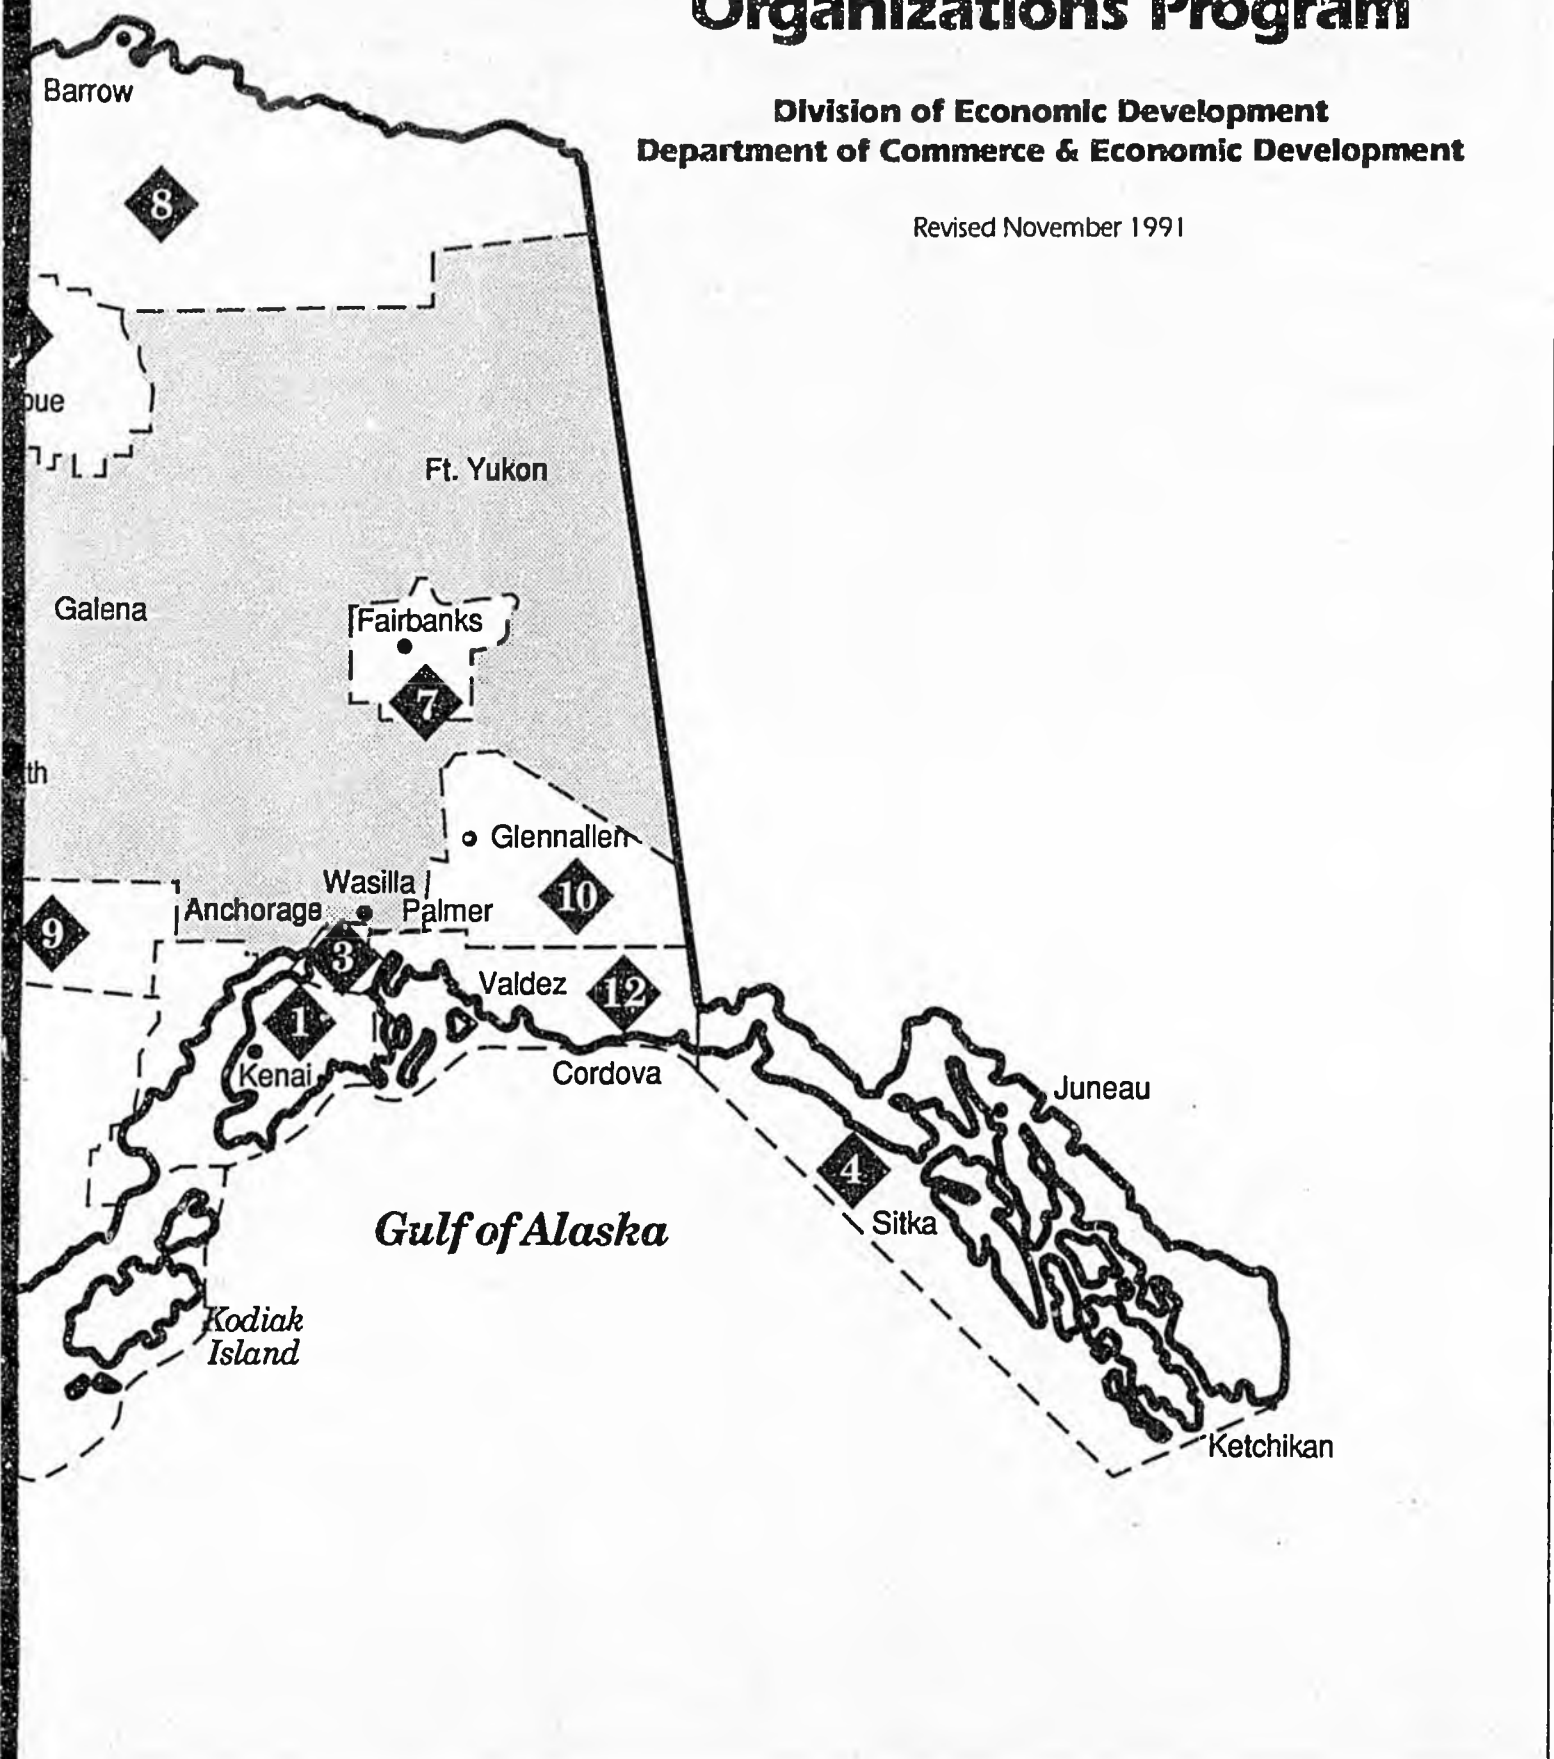

ARDOR OPERATIONS

ARDORs must maintain an office with regular office hours and retain the equivalent of one full-time professional staff. ARDOR offices are expected to have computers with communication capabilities to access computer bulletin board systems and data bases such as AKBizNET, the Alaska Small Business Development Center electronic bulletin board system.
